Inspector General's Recommendation Number 32, Page 96

Recommended DCI Action: Approve.

Inspector General's Statement

Recommended that:

The Chief, WH Division, find out if the number of
25X1A6a
support and administrative reports required of [REDACTED]
Station are all essential.

DD/P Comment

Concur. A Headquarters review indicates that the
25X1A6a
administrative reports currently required of [REDACTED]
Station are essential, but in keeping with our desire to
reduce administrative reporting to the bare minimum,
our procedures are being subjected to very close scrutiny
and a slight improvement might result.
