EXCERPT FROM JOURNAL  
OFFICE OF LEGISLATIVE COUNSEL

Monday - 11 February 1963

STAT

2.  Met with Boyd Crawford to discuss the content of the Director's briefing of House Foreign Affairs Committee on 19 February. Originally Dr. Morgan had requested the Director to discuss Cuba. With so much material in the press and the DCI's public statement and McNamara's TV presentation, Mr. Crawford requested us to deal with the export of subversion and communism from Cuba as well as the basic communist penetration in all of Latin America. This also would serve to blunt Selden's request that the Agency meet with his Subcommittee to discuss communism in Latin America. Selden's request as Chairman of the Inter-American Affairs Subcommittee has not officially been made to the Agency and the staff is working with us and Dr. Morgan to avoid this. Dr. Morgan indicated yesterday that he would arrange to prevent this coming to issue with the Agency. I further requested Crawford to give us a written statement of what they would like the DCI to cover.
