

SELECT COMMITTEE ON GOVERNMENT RESEARCH

U.S. HOUSE OF REPRESENTATIVES

900 Independence Avenue SW,
Washington, D.C. STOP 291
Telephone: WO 2-7991

PART 2.

(TO BE COMPLETED BY DIRECTOR OF INFORMATION FACILITY)

The Select Committee on Government Research has been directed by the House of Representatives to make a complete, full, and thorough investigation of the numerous research and development programs being conducted by the Federal Government. The documentation, dissemination, and use of research and development results are crucial elements to the success of this program. It is with this understanding that the committee is assimilating information about the scientific and technical information processes within the Federal Government in order to make its recommendations to Congress. Part I of this survey concerns present department or agency policies and objectives of their information programs. Part II concerns the specific operation of information facilities, both inhouse and by contract. It is felt that you, as directors of the on-going programs, are most knowledgeable and best able to guide this committee. Your cooperation and thoughtful response is appreciated and will assist the committee in developing its recommendations.
