5. [redacted] I called Benny Kass, Counsel, Moss Information Subcommittee, concerning the item in Jack Anderson's column about the alleged statement of Chairman Moss to offer an amendment to the appropriations bills forbidding use of government money to purchase lie detectors or to pay lie detector operators. Mr. Kass knew nothing about such a statement by the Chairman, and after checking with the Chairman's Administrative Assistant advised me that the Chairman's immediate staff knew nothing of this statement. Later in the day I met with Mr. Archibald who indicated that although he had met with the Chairman during the day, the matter had not come up in their conversation. In passing, it was noted that the Chairman's present outlook would indicate that the Committee report will be critical of the polygraph but no definition was given as to how critical. ✓

6. [redacted] I advised Mr. Samuel Scott, House Rules Committee, that our Biographic Registry had nothing on the name [redacted] (See Journal item of 22 June.)

25X1

25X1

7. [redacted] Advised Mr. Andrew McCutcheon, Executive Secretary to Congressman Vaughan Gary (D., Va.), that review indicated no reason against the Congressman recommending [redacted] to DIA. (See Journal item of 18 June.)

25X1

8. [redacted] Met again with Mr. Charles I. Ward, Administrative Assistant to Congressman Carl Albert, concerning his letter to the Director relating to the Allen-Scott report of CIA scholarships. I advised Mr. Ward that Mr. Allen had indicated the item was handled by Mr. Scott, and that to date Mr. Scott has not returned our calls. Mr. Ward indicated a written response would not be required.

25X1

9. [redacted] Met with Mr. William Gullledge, Staff Director, Senate Post Office and Civil Service Committee, who advised me that all is okay with the sections of the Pay Bill directly relating to Agency interests. He further indicated that it is probably going to take a couple of more sessions to square away Title II of the bill within the Committee. This would indicate possible completion of consideration by the Committee and Senate consideration before the Fourth of July recess.
