

DEPARTMENT OF THE AIR FORCE
HEADQUARTERS UNITED STATES AIR FORCE
WASHINGTON 25, D. C.

29 June 1962

SUBJECT: AFL 40-15 Dated 24 April 1962 - Entitled "Standards of
Conduct for Experts and Consultants"

TO: Dr. Albert D. Wheelon

1. This references subject document and an accompanying Statement of Employment and Financial Interests forwarded to you by this office under date of 25 April 1962.

2. A review of your Statement of Employment and Financial Interests has now been completed by appropriate USAF/DOD authorities. Based thereon, you are currently considered to be a wholly acceptable Expert and Consultant in your official capacity and association with the USAF Scientific Advisory Board. An assessment of the estimated number of days you will work for the Government during the coming year evidences that you will fall below the 40% provision. Accordingly, you will be considered a Government employee only on those days on which actual service is performed.

3. As a reminder, a Statement of Employment and Financial Interests will again have to be executed by you at the close of this calendar year and every six months thereafter for the duration of your appointment on the SAB. This is necessary in aid of maintaining appropriate records and possible redetermination on behalf of any significant changes in your employment (private and Government) and financial interests. The Secretariat will provide you with necessary information, and forms will be sent in advance of each of the above cited resubmission dates.

4. Your assistance and cooperation in this matter is very much appreciated.
