OFFICE OF REPORTS AND ESTIMATES

ORE Office Memorandum - Notice Number 20

28 April 1950

MEMORANDUM FOR: All Components, ORE

SUBJECT : Timeliness of Weekas

1. Chief, Northern Division, ORE, commented recently that the value of Weekas from [redacted] has been markedly reduced by the practice of sending them by airmail instead of cable.

25X1

2. Addressees are requested to inform Chief, S/PP by Friday 5 May of any additional Weekas that have been similarly cut in usefulness. Request will then be made to have cable delivery resumed for the specified Weekas.

3. In making their recommendations, addressees are asked to consider that CIA may have to assume the cable costs in full in order to have cable delivery effected, instead of sharing costs on a split-agency basis as done for Weekas currently delivered by cable.
