Dear Mr. [REDACTED]: 25X1

We have received the enclosed letter from Sgt. John F. Fedele at SAC requesting training aids for teaching the Intelligence Subject Code to new men.

Although we do hold a regular 4 weeks training course approximately every other month here at CIA Headquarters in the use and application of the Intelligence Subject Code for both Agency and USIB personnel, we also have available an unclassified program of 12 units of Programmed Instruction in the ISC and the Intellofax System. This is being forwarded to you for Sgt. Fedele's use and help if in your judgment his request is appropriate.

Yours truly,

25X1
