PRECONTRACT APPROVAL RECORD  
(PART TWO)

CONTRACT

The services and equipment being procured by this Contract No. \_\_\_\_\_  
EG-400 TO #20 are in furtherance of the IDEALIST

Program(s), the nature of which cannot be publicly disclosed for security reasons. The Contracting Officer therefore determines that this procurement must be accomplished by negotiations pursuant to the authority of Section 3(a) of PL 81-110 and Class Determination and Finding, OXC 2122, signed by the DDCI on 15 October 1961.

Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all covert expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress (formerly 10(b) - see 85-507 dated 7/7/58) for each contract.

The following comments describe the procurement hereby effected, the terms and provisions generally of this contract/amendment, and a resume of major issues negotiated:

Task Order No. 20 provided for fabrication and delivery of 80 each Liners for the DELTA shipping boxes ordered under a separate contract.

The final cost and property audit of the task order has been completed and a report thereof has been submitted to the undersigned. The auditor has recommended for acceptance total cost in the amount of [redacted] This cost together with the approved [redacted] results in a final contract price of [redacted].

In connection with this settlement there are attached the following documents:

- Audit Report OSA-3093-66
- Contractor's Release
- Contractor's Assignment of Refunds, Rebates, Credits and other amounts.

All Government property has been delivered under the task order. No inventions were conceived or reduced to practice in the performance of the task order.
