B. IG Survey of TSD, dated 23 October 1963  
(TS No. 185212/A).

25X1A

1. As directed in the recent IG survey of the Technical Services Division, TSD is undertaking a critical survey of materiel carried in stock as TSD cognizant. The survey as it relates to photographic equipment has been completed.

2. As a result of this survey TSD feels that it can provide adequate support for the clandestine services in the area of photographic collection by maintaining cognizance of the equipment listed in attachment "A".

3. It might be noted that in general the items listed represent TSD-developed equipment or selected commercial equipment used in conjunction with these equipments.

4. Attachment "B" lists commercially available photographic equipment presently carried in allocation 61 as TSD cognizant. It by no means embraces all of the commercially available photographic equipment carried in Agency stock.

5. Approval of TSD will no longer be required for either the stocking or withdrawal from stock of any of this materiel.

6. Within its current staffing pattern, TSD can, if it is desired by the Office of Logistics, continue to provide T&I for stock or cargo for the photographic equipment carried in OO stock.

7. If desired by the Office of Logistics, TSD can provide technical guidance and recommendations for the maintenance of stocks of photographic materiel carried in general stock.
