MEMORANDUM FOR THE RECORD

1. Mr. William Knox of the Office of Science and Technology (OST), (White House), heads up a panel called "Guidance and Evaluation Panel", a joint venture by consultants to OST and the President's Foreign Intelligence Advisory Board.

2. This panel was created by a presidential decree to Dr. Hornig, Scientific Advisor to the President. The decree was in October 1965 and the existence and purposes of the panel were briefly described in a letter to the DCI from Dr. Hornig dated 16 November 1965.

3. In general terms, the purpose of the panel is to determine whether or not a free flow of scientific information within the intelligence community is impeded by security controls. The panel will particularly study whether security controls impede the use of computers in recording scientific information.
