Deputy Director for Intelligence
Deputy Director for Plans
Deputy Director for Science & Technology
Deputy Director for Support
Director of National Estimates

1. Reports from each of the directorates and the Office of National Estimates covering publication efforts have been received and noted. These reports were in response to my memo of 7 February in which it was pointed out that the Director had requested an early examination of the Agency's publication effort as a means of perhaps cutting costs, avoiding duplication, and synthesizing and consolidating Agency publications.

2. The preliminary reports have been forwarded to the Inspector General who has been requested, in accordance with [redacted] to examine the Agency-wide publication effort under the auspices of the Agency Publications Board.

3. The Inspector General will make arrangements as he sees fit and will be in touch with you to develop procedures for the review. The final report will be completed and submitted as soon as possible.
