MEMORANDUM FOR: Director of Logistics
VIA : Deputy Director for Support
SUBJECT : Publication of Report on Agency Procurement

I would like to express appreciation for the support of Printing Services Division (PSD) in the publication of the recent report on Agency procurement, which had been submitted by a consultant firm that had been studying the problem. PSD guidance is responsible for the report being confined to a single volume that is easier to handle and read than might otherwise have been the case. The handling of technical problems faced in producing the report, involving printing and assembly in two different plants, was of a high professional order. The consultants have also expressed their considerable pleasure with the appearance of the final product. I would like to make special mention of the excellent work and cooperation given this project by
