JOINT IMAGERY INTERPRETATION REVIEW GROUP

R&D PANEL

Minutes of Meeting - No. 1 - 24 November 1965

1. The first meeting of the Joint Imagery Interpretation Review Group R&D Panel met on 24 November at CIA with all members present except Mr. Reuben Spellman, DDR&E. The immediate objective of the Panel will be to define the scope of activities and needs within the Terms of Reference for the Panel and to perform its assignment.

2. Items from this meeting which will be considered further include:

1. Definition of scope with regard to R&D activity; in particular, should the Panel confine its consideration to activities sponsored by R&D funds, or should it also include R&D effort which may occur under O and M funds?

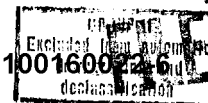

2. Define image interpretation, or request definition from the JIIRG.

3. Should the Panel consider work which may be done in other government agencies, such as Department of Commerce, NASA, etc.?

4. Does the scope include consideration of processing equipment, ADP, etc., which may be used for photo interpretation?

3. In addition to the scheduled presentation by the COPE Chairman, presentations may also be desired from ISCIG and other activities, particularly Dr. Ruth Davis as Chairman of CODIB.

4. Charters of various organizations will be collected and examined in order to relate existing coordination processes to these documents. A listing of those required will be necessary.
