22 September 1966

Colonel Robert J. Burger, USAF
Secretary
USAF Scientific Advisory Board
Department of the Air Force
Headquarters United States Air Force
Washington, D. C.

Dear Colonel Burger:

During the past four years, I have served with the Air Force Scientific Advisory Board as an Associate Advisor to the Geophysics Panel. I am leaving Government service on 23 September 1966 to join the Hughes Aircraft Company as Vice President for Engineering. Because of this change, it is appropriate that I give up my responsibilities to the SAB at this time.

My association with the Air Force and its Scientific Advisory Board has always been most rewarding, and if I can be helpful to you in the future, please do not hesitate to call on me.

Sincerely,

STATINTL
