22 August 1966

MEMORANDUM FOR: Chief, Administrative Staff, DD/S&T

SUBJECT: Establishment of a BCO/TCO Center -
O/FMSAC/DD/S&T

25X1A

1. It is requested that a BCO/TCO Center be established in FMSAC for the receipt and delivery of [redacted] and T-KH material.

25X1A

2. At the present time, documents and other related materials, that are in the [redacted] and T-KH channels, for FMSAC are received and dispatched by the DD/S&T Registry. The volume has increased in such magnitude that the Registry is being "bogged down" to where our primary responsibility to the O/DD/S&T is being seriously hampered.

3. FMSAC will also benefit by this action for many obvious reasons. Time, in many cases, is of the essence. This element of time will be satisfied considerably if FMSAC had direct courier service.

4. Soonest action on this request would be appreciated by all concerned.
