21 MAR 1966

MEMORANDUM FOR: Executive Director-Comptroller

SUBJECT: Directorate of Science and Technology
Response to Combined Program Call

REFERENCE: Combined Program Call (FY 67 - FY 72),
O/PPB, dated January 1966 (Secret)

1. I am forwarding herewith for the Director, Office of Planning, Programming and Budgeting, three copies of the Directorate of Science and Technology submission in response to the Combined Program Call of January 1966, including the Directorate Narrative Summary and total positions and funds tabulations.

2. I am sending a memorandum to the DCI, which I will transmit via your office, to inform him of my conclusion that the DD/S&T must start now to build up its capabilities significantly in order to accomplish the mission which led to its establishment in 1963.

3. Attached to the Directorate's response to the Combined Program Call is an "NRO Annex" which sets forth the general parameters of the NRO programs with which we are involved. I would urge that this be treated as an internal Agency document only since the formal NRO budget is currently being prepared and the program level approvals have not been established. It would be politically and administratively undesirable for the Bureau of the Budget to be aware of the content or even the existence of this document at this time.
