General Information 25X1A9a

Mrs. [REDACTED] OCR/Library accompanied last weeks trip to the repository to work on the reference library collection. This collection is steadily growing and it appears that a space problem may develop. Mr. [REDACTED], ORR is arranging for a meeting with Mr. [REDACTED] OCI, Mr. [REDACTED] and Mr. [REDACTED] for next Tuesday to discuss the problem. 25X1A9a

There were eighteen (18) urgent requests for the return of map positives and negatives from the repository on 30 October. One of these negatives had to be returned within three (3) hours to meet a deadline. This deadline was met. This increased activity resulted from current foreign developments.
