25X1 4. [] Met with Senator Leverett Saltonstall and his son, William, and made final arrangements for the Senator's visit to the Agency for luncheon with the Director on Wednesday at 12:30.

25X1 5. [] Met with Mr. Harry Nicholas, Administrative Assistant to Representative Barber Conable (R., N. Y.), in response to his request for advice concerning constituent inquiries on the Agency/MSU question. After discussion, it was suggested that the information set forth in Senator Saltonstall's floor statement of April 18 might be quoted in response to the queries. Mr. Nicholas appreciated the Agency's assistance in this matter.

25X1 6. [] Met with Mr. Phil Kelleher, House Armed Services Committee, who questioned the fact that the Committee had not been alerted to the Moscow ABM deployment, which has been given very heavy press play by Mr. McNamara. I advised that I did not know of any change in the situation from our previous briefings but that I would be pleased to pass his question on.
