DD/S&T Staff Meeting
Thursday, 20 June 68

Deputy Director:

1. Discussed the Polygraph briefing which had been given to the Director and noted that the Director objected to the word "optimized" as bureaucratize.
2. Asked that the Director's Conference Room be properly prepared for presentation aids in connection with tomorrow's NASA briefing for the Director at 1030.
3. Discussed his session with S&T's members of the most recent Midcareer Course.

Parangosky:

1. Announced the transfer of OSA's commo slots to O/C as of 1 July. No change in service was anticipated.
2. Complimented OSI for the memorandum on forecasting Soviet air defense from 1975-85. He felt this was an important paper which should be generally circulated in the Directorate.
3. Noted that the Drag Study briefing will be scheduled next week. The results of the study look promising.
