MEMORANDUM FOR: Acting Deputy Director for Science
and Technology

SUBJECT : TSD/ORD Programming Areas of
Common Effort

25X1A

1. I met yesterday with [redacted] of TSD. [redacted] is anxious to extend the coordinated TSD-ORD effort in audio to include the preparation of the plans which are routinely submitted to PPB via DD/S&T and DDP. Essentially a single Agency audio program would be constructed with the ORD and TSD responsibilities identified. It would be possible to provide PPB with the consolidated plan so that reconstruction of the Directorate inputs under a single planning "element" would be simplified. [redacted] is the TSD planner involved. He will contact [redacted] on [redacted] ORD-TSD planning arrangements.

2. [redacted] feels it would be useful if other areas in which ORD was supporting the clandestine services could be similarly coordinated. This would be of special assistance to TSD in presenting the over-all R&D support program to DDP elements. This step should wait, however, until a good working arrangement is established in the audio area.
