

26 April 1966

MEMORANDUM FOR: Deputy Director for Science and Technology
SUBJECT : Program Review Briefings for DCI

1. At the FPB meeting this morning, Col. White said that the Director had reviewed in detail the various papers written by the Deputy Directors describing how they manage the Directorates and assure themselves that they were on top of their Directorate's programs.

2. The DCI is apparently anxious to make sure that the Directorate Planning Staffs are functioning as he has been led to believe they are. The thinking is that Directorate reviews might be presented to the DCI on a quarterly basis. These program reviews would be given by the Directorate Planning Staff rather than the Deputy Director. This would assure the Director that the staff is functioning and provide an exposure for these people to the DCI.

3. Col. White requested he be advised of any suggestions if somebody had a better idea. From his remarks, I suspect the DD/S&T might be first in the barrel.
