5. [ ] Discussed the basic requirements which Chairman Rivers had in mind for the Thursday meeting with Mr. Russ Blandford at length. Also reviewed some of the background aspects of the Committee meeting and information received by the Committee from Defense with Mr. Philip Kelleher. This was passed to the Director and subsequently in greater detail to Admiral Taylor.

25X1

6. [ ] Talked with both Mr. Blandford and Representative William Bates who had called inquiring on the events occurring in Vietnam. Based on information provided by George Carver which dealt mainly with the proper appraisal of what was going on, I gave this to Mr. Bates and to Mr. Blandford.

25X1

7. [ ] Passed similar word on the events in Vietnam to Robert Michaels who was waiting to see Congressman George Mahon. Mr. Michaels advised that the Chairman and Representative Bow accepted an invitation for breakfast with the President and they understand Mr. Helms is also to be invited; therefore, the breakfast briefing tomorrow at the Agency is cancelled.

25X1

8. [ ] Colonel Harper, Senate Preparedness Investigating Subcommittee staff, called indicating Senator Stennis has asked DOD to give the staff a briefing on the PUEBLO matter but has indicated certain special clearances which the Agency issues would be necessary for Samuel Shaw and William Spell. I said we would take care of the matter and advise.

9. [ ] Mr. Blandford called me at home during the evening indicating he had been in touch with the Speaker, Mr. McCormack, who was desirous of being briefed on the events in South Vietnam. He said the new feature, which would increase the number eligible for any one cost-of-living adjustment, would most probably be reported out of Committee. Further, he expects that the amendments will come up for a vote in the House this session.
- 25X1 11. [redacted] Spoke with Mr. Wayne Granquist, Administrative Assistant to Senator Abraham Ribicoff (D., Conn.), and learned that the Senator was most impressed with the high quality of Agency representatives he met during his recent trip abroad. He said the prospects were good for the Senator's accepting an invitation to meet with us sometime after 15 February.
- 25X1 12. [redacted] Representative Roger Zion's (R., Ind.) office inquired whether there are Agency tours for staff members of congressmen's offices. I informed the caller that we do not conduct such tours and in any event there is nothing to see but an office building. This answer was accepted without any further discussion.

I advised [redacted] of some of the background 25X1 of Holt's recent travel to Latin America with Senators Miller, Gore and others.
- 25X1 14. [redacted] Met with Senator Birch Bayh as a follow up to his recent travel and invited him to visit the Agency to discuss his observations and experiences. The Senator said he would very much like to do this but he was overly committed for the month of February. He said there was nothing further that he required from us at this time by way of briefings 25X1 although he was, of course, interested in the PUEBLO situation. The Senator added that Agency representatives with whom he had contact [redacted] onward were most impressive.

[redacted] Talked with Mr. Blandford, House Armed Services Committee staff, confirming earlier word that Representative Rivers would like the Director to meet with the Policy Group of the Armed Services Committee. Mr. Blandford stated that this was not a CIA meeting and wanted the Director in his capacity as a participant in 303 matters and further advised that General Carter of NSA would also be present. A time of 9:30 on Thursday, 1 February 1968 was set.

25X1 4. [redacted] Over the weekend, Chairman Rivers called Mr. Warner at home indicating he would like some assistance and some background facts concerning the PUEBLO situation. 1. [redacted] In response to a call from Mr. Robert Lochrie, Administrative Assistant to Representative Paul Rogers (D., Fla.), I picked up from his office a copy of Volume 1, Number 1, of a newspaper titled FLORIDA FREE PRESS, dated January 23, 1968. This newspaper, which appears to be what might be called an "underground" newspaper carries a two column, one-eighth page, Central Intelligence Agency recruiting ad on page two. A by-line article on page five indicates in part, "The FLORIDA FREE PRESS--which is always hard up for coins--appeals to the CIA for a nice fat subsidy. In consideration, we will plan to run a recruitment ad in every FFP--just like the one we are running now." Mr. Lochrie's secretary advised that he wanted to bring this to our attention. As Mr. Lochrie was away from the office during the remainder of the day, I plan to talk to him in the morning. Office of Personnel has been notified.

25X1 4. [ ] Talked to Stuart Brahs, in the office of  
25X1 Representative Richard Ottinger (D., N. Y.), concerning his request for  
25X1 Agency assistance in obtaining information on the present status of [ ]  
[ ] who is a prisoner of the ChiCom's. [ ] family  
25X1 are close friends of Ottinger's, who is trying to assist them since they have  
not heard from [ ] since July of 1967. I informed Brahs that our only  
means of obtaining information is through the International Red Cross, which  
he had already tried. Brahs thanked me and said he was simply exhausting  
all possible channels.

25X1 5. [ ] escorted  
Representative Wiley Mayne (R., Iowa) on a tour of the Signal Center, FMSAC,  
the Operational Center, and the Security Alarm System. Mayne was very much  
impressed with what he saw and thought a more abbreviated tour, which would  
not take as much time from as many people, would be extremely beneficial  
in showing members of Congress some of the real work of the Agency. He  
had no objection to the length of the tour which he took, but was aware of the  
fact that it diverted too many people to be practical for any substantial number  
of members.

It was explained to the Senator that Representative Laird's statement in the U.S. NEWS AND WORLD REPORT of \$6 billion in aid to North Vietnam by the Soviet Union last year and attributed to Secretary McNamara was a garble of the actual statement of last April. It was stated that Soviet aid over the last twelve years to all countries of the world was \$6 billion. Dr. Allen answered a number of questions about the make up of the actual aid. Senator Mundt was satisfied.

10. [redacted] Talked to Russ Blandford and Chairman Rivers, House Armed Services Committee, concerning the recent flight of OXCART giving them some details. Thursday - 25 January 1968

25X1 1. [ ] Stuart Brahs, in the office of Representative  
 25X1 Richard Ottinger (D., N. Y.), called to inquire whether we could assist with  
 25X1 a problem of a constituent, [ ] who was  
 25X1 shot down out of Danang on 12 September 1967 and who is listed as missing  
 25X1 in action. Brahs' specific question was whether we have any means of  
 25X1 determining whether [ ] is a prisoner of the VietCong. I informed Brahs  
 25X1 that we have looked into this problem on previous occasions and, as much as  
 25X1 we regret it, we have no means for acquiring this information. I noted that  
 25X1 there are several agencies working on the problem, including the International  
 25X1 Red Cross and the Department of State, but that there has been very little  
 25X1 success to date. Brahs thoroughly understood the problem and indicated they  
 25X1 had had similar response from other agencies which they had called.

25X1 2. [ ] Talked with John Jackson, former assistant  
 25X1 to Senator Saltonstall and now Washington representative for the Commonwealth  
 25X1 of Massachusetts, regarding his letter of 17 January to me on [ ]  
 25X1 Having discussed Jackson's most recent letter from [ ] with [ ]  
 25X1 [ ] Europe Division, I advised Jackson that his seeing  
 25X1 [ ] would serve no useful purpose to the Agency and might result in  
 25X1 encouraging [ ] to maintain closer contact with him. Jackson has no  
 25X1 desire to see [ ] and said he plans to avoid him if possible. I thanked  
 25X1 him for keeping us informed.

25X1 3. [ ] Advised Rod Keiser, in the office of  
 25X1 Representative Patsy Mink (D., Hawaii), that [ ] had visited  
 25X1 the Agency to review and select material in connection with his "Personal

- 25X1 4. [ ] Senator John Stennis called inquiring if the Agency could furnish him a briefing on the PUEBLO matter. A time was set for 2:30 today. At the Director's request, the DDCI and John S. Warner were to meet with Senator Stennis. Subsequently, Senator Stennis had to cancel.
- 25X1 5. [ ] Senators Milton Young and Charles Percy located me on the Hill and requested information on the PUEBLO incident. I informed them both that the basic facts are in the public domain and pointed out the Defense Department release on this. It appeared as if both simply wanted Agency assurance that the facts as being reported are accurate.
- 25X1 6. [ ] Briefed both William Woodruff, Senate Appropriations Committee staff, and William Darden, Senate Armed Services Committee staff, on the PUEBLO incident pointing out that the basic facts are well in the public domain. In addition, I asked Mr. Darden to mention to the Chairman that the Director stood ready to brief the Chairman or be of whatever assistance possible. Mr. Darden indicated that the Chairman had been briefed by the Pentagon but he would pass the message.
- 25X1 7. [ ] Talked with Pat Holt, Senate Foreign Relations Committee staff, about his recent trip. In discussing Chile, Mr. Holt indicated there were varying views on the seriousness of the situation but the general climate of the times and economy moves were more involved in the probable difficulties in further aid.
- 25X1 8. [ ] Talked with Mr. Michaels, House Appropriations Committee staff, who indicated the Chairman would like the Subcommittee to visit the Agency for breakfast and briefing on the 31st. Mr. Michaels stated that current planning was for all morning and possibly longer. He had no suggestions as to content except he thought a general discussion of the budget would be useful as well as a visit to the "tank."

After reviewing the Agency's suggested editorial changes with Mr. Marcy, I entered the changes in longhand in every one of the three transcripts. 1. [redacted] Talked to Joseph Matan, Staff Director, House Subcommittee on Legal and Monetary Affairs, concerning a request from the Committee for information from the Agency relative to the Agency's participation in the overall Federal effort against organized crime. I explained to Matan that the Agency, by statute, has no police or internal security powers, but that as a by-product we do participate to some degree in this effort. Matan understood and said he originally had not queried the Agency but had done so after being informed by the Department of Justice that they received information from the Agency on this subject. I noted to Matan that we do have some problems in replying because at least some of the information would be classified. He suggested that we reply in two parts, one classified and one unclassified. OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 23 January 1968

25X1

25X1

1. [redacted] Talked to John Monahan, in the office of Speaker McCormack, and provided him with the name of [redacted] General Service Incorporated, as the proper person to contact to bid on the Agency vending machine contract. Monahan was most pleased with our prompt response to his earlier request.

25X1

2. [redacted] In the absence of Senator Joseph Montoya (D., N.Mex.), talked to his Administrative Assistant, Paul Demos, relative to a possible date for the Senator to visit the Agency and be debriefed on his recent trip to Latin America. Demos will ask the Senator for alternative dates and be in touch with me at the earliest opportunity.

25X1

3. [redacted] Spoke to James Wood, Senate Subcommittee on Criminal Laws and Procedures, relative to the present status of S. 917. Wood said he has no firm information, but he does not believe the full Senate Committee on Judiciary will be able to consider the bill within the next 30 days. Wood said he is keeping in close touch with the full Committee on this bill and invited me to continue to check with him on its status.

25X1

4. [redacted] Handcarried to William Darden, Senate Armed Services Committee staff, two follow-up items from the Director's briefing of the full Committee on Friday, 19 January. One was a report on the ST YX missile for Senator Symington, the other was a paper prepared by OER on Communist Chinese gold reserves for Senator Cannon. I advised Darden that the transcript of the briefing was being corrected and would be put in his hands as soon as the corrections had been completed.

5. [redacted] The Director, accompanied by Messrs. Smith, Colby, [redacted] and Warner, appeared before the Senate Foreign Relations Committee. See Memorandum for the Record and the transcript.

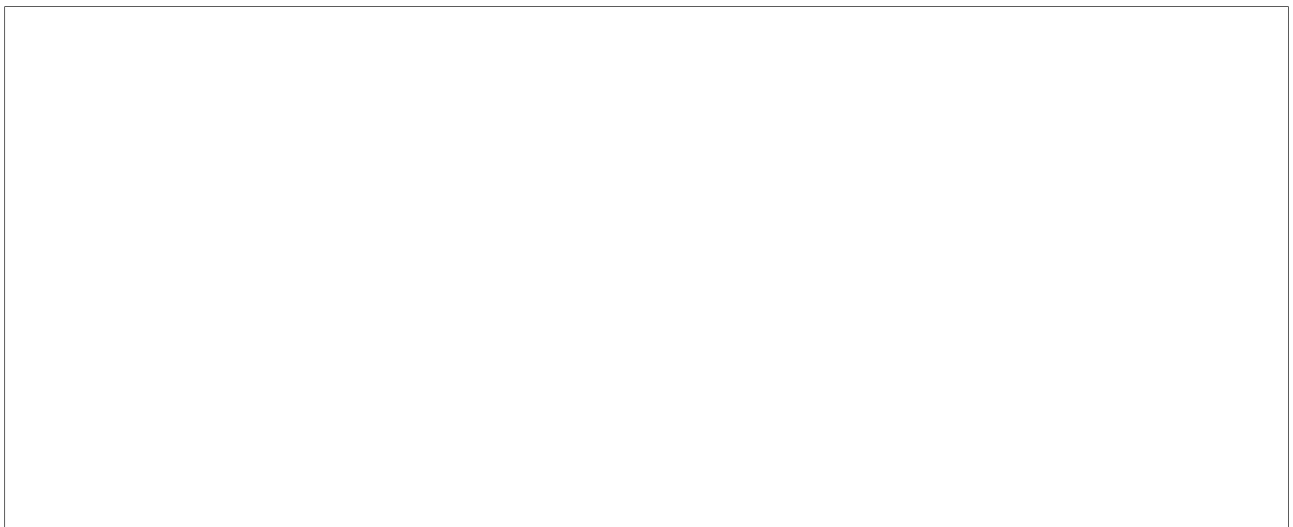

25X1

6. [redacted] Delivered to Bill Woodruff, Senate Appropriations Committee staff, a paper setting forth the status of the Reserve covering the last half of calendar year 1967. I explained the items on it.

25X1

7. [redacted] Talked to Mr. William Macomber, State Department, indicating that there should be a copy of the Director's statement to the Senate Foreign Relations Committee in the Department by early afternoon. Mr. Macomber stated he had understood things had gone very well at the morning briefing.

25X1

25X1

9. [redacted] Mr. Michaels, House Appropriations Committee staff, called to advise that Mr. Mahon is tentatively planning to have the briefing of the Defense Subcommittee by CIA during the week of 5 February, in all likelihood the 6th and the 7th. He indicated it is not settled whether the Military Construction Subcommittee members will also attend. He will advise when the plans are more firm. Mr. Michaels also indicated Mr. Mahon was thinking of a CIA Subcommittee meeting prior to that date and was considering the idea of the Subcommittee visiting the Agency. He will also advise further on this one.

25X1 10. [redacted] Met with Senator Jack Miller (R., Iowa) as a follow-up to the briefing prior to his recent trip to South America, and invited him to come to the Agency for breakfast and debriefing. Senator Miller advised that as much as he would like to, his time is completely committed at the moment and suggested that we discuss it further about the middle of next week. I plan to be back in touch with him at that time.

25X1 11. [redacted] Talked to various representatives of the reporting firm of Ward and Paul at different times during the day. I met with Mr. [redacted] and requested certain material be deleted from his notes. Although deletion of the material from the transcript in effect reduced the classification to secret, the reporting firm reproduction of the transcript was too far along to delete or change the top secret classification.

25X1 12. [redacted] Met with Mr. Arthur Kuhl and with Mrs. Mary McLaughlin, Senate Foreign Relations Committee staff, and advised that the classification of the transcript with the omission of the off-the-record statements requested by Mr. Helms could have been classified as secret, but that the reporting firm had advised that it was being handled and reproduced as top secret. Mr. Kuhl was of the opinion that this would not create any particular problem for the Committee in the handling of the transcript. I plan to meet with Mr. Kuhl again tomorrow after the Committee's 10:00 briefing to obtain, if possible, a copy for editing,

 backing the Canteen Corporation.

25X1 [redacted] the pilot recently captured in Cuba. He said this was in connection  
25X1 with an upcoming meeting with an attorney from the 82d Airborne Association  
25X1 interested in [redacted] release. Finley recognized that State was the proper  
25X1 source, but at his request for information I later told him (based on the advice  
25X1 of [redacted] WH Division) that State had all information known to us.  
25X1 Ultimately, Finley advised that Fascell had taken the position that the 82d

- 25X1 10. [ ] Met with Miss Marge Almloff, Assistant

 provided an interim response on 12 January and that the most recent letter

 in passing, the apparent difficulty of utilizing standards applicable to the  
 Agency retirement act in the administration of the Civil Service Retirement 25X1  
 Act as it relates to Agency employees. She chided me lightly on the  
 statement in the last letter to [ ] concerning the fact that his 25X1  
 position may be surplus. She noted that at least in preliminary review,  
 it appeared to weaken the Agency's position. I advised that [ ]  
 would be invited to visit the Agency headquarters for the purpose of reviewing  
 his case in depth with the Agency General Counsel and that we might  
 anticipate at this time that the reviewing of his case would be several weeks  
 rather than the one or two weeks that I originally discussed with her.  
 Miss Almloff expressed her appreciation for my coming by and noted that  
 it was helpful that we were keeping Representative Clausen abreast of  
 developments.
- 25X1 11. [ ] Received a call from Mr. W. H. Boone,  
 House Science and Astronautics Committee staff, concerning travel of an  
 individual in the Soviet Union that he had discussed with Mr. Duckett.
