1. [redacted] Met with Mr. Robert Michaels, House Appropriations Committee staff, and briefed him on the construction

[redacted] the level of Soviet and Warsaw Pact forces remaining in Czechoslovakia, prisoner reports on the effects of B-52 bombing on North Vietnamese troops and troop morale and the Soviet helicopter carrier Moskva ASW training exercises in the Ionian Sea.

Mr. Michaels noted in passing that he did not believe the Chairman had focused on the Director's "status" note on Radio Free Europe and Radio Liberty but that he will raise the question and return the letter when it has served its purpose.

2. [redacted] In response to his call, met with Mr. Marian Czarnecki and Mrs. Helen Hashagen, House Foreign Affairs Committee staff, and received from Mr. Czarnecki a detailed itinerary of Representative Selden's trip beginning next Saturday to Central America. Mr. Czarnecki also requested on Representative Selden's behalf that the briefing tomorrow afternoon be rescheduled for 2:30 p. m. and that the Agency representatives meet with Mr. Czarnecki in the Committee room a few minutes in advance so that they might go together with him to Mr. Selden's office for the briefing. I advised that I was sure that this would cause no difficulty. Mr. Broe and Mr. Brown have been advised of the change to 2:30 p. m.

3. [redacted] Met with Mr. Philip Kelleher, House Armed Services Committee staff, and briefed him on the Soviet helicopter carrier Moskva ASW training exercises in the Ionian Sea, prisoner reports of some effects of the B-52 bombing on North Vietnamese forces, [redacted]

[redacted] and the level of the Soviet and Warsaw Pact ground forces remaining in Czechoslovakia.

Mr. Kelleher noted that the Chairman returned to the city early this morning but that no Committee activities of note are planned for the week. Mr. Bates will be returning to the city late in the afternoon.

Received from Mr. Kelleher a letter from Representative Paul G. Rogers to Chairman Rivers enclosing a constituent letter from [redacted] concerning the "Garrison allegations" against the Agency and Governmental control of the Agency. Mr. Kelleher requested our review and possible preparation of a suggested draft response for use by the Chairman.

4. [redacted] In the course of several casual, social conversations over the weekend, Senator William Spong (D., Va.) raised the question of whether we had provided timely warning of the Soviet invasion of Czechoslovakia. I said we had certainly alerted the community to the high state of readiness of Soviet forces but that apparently the final Kremlin decision to act was taken only a few hours before the invasion began and was not the kind of thing on which precise intelligence information could be expected.

5. [redacted] Jay Sourwine, Senate Internal Security Subcommittee staff, called to say that the Subcommittee planned within the next few days to approach one [redacted] of [redacted] Washington, D. C., a recent State Department employee. Sourwine would like to give us a chance to "warn the Subcommittee off" of [redacted] if for any reason we had any special interest in him.

6.  William Miller, in the office of Senator John Sherman Cooper (R., Ky.), called to say that the Senator planned to bring up in an early executive session of the full Senate some of the matters on which we had recently briefed him (dealing with advanced Soviet and ChiCom weapons programs, etc.). Miller said the Senator wanted to be sure that nothing he might say would embarrass us.

25X1

I told Mr. Miller that I appreciated his calling us and I would hope the Senator could deal with the matters he had in mind without referring to the Agency or to any specific briefings or material personally provided him by the Agency. Mr. Miller assured me that the Senator did not intend to mention the Agency at all. I said I hoped the Senator could accomplish his purposes by simply explaining he "had reliable information" regarding the matters in question or that "he was reliably informed" that thus and so. Mr. Miller said he was sure this could be done and in fact the Senator apparently planned only to state certain propositions as his understanding and ask if other members of the Senate had contrary information. Miller said the Senator had no intention of getting the Agency involved in controversy with other Government departments.

I again thanked Mr. Miller for his courtesy and consideration in calling us in advance and asked him to convey my appreciation to the Senator.

ADDENDUM TO JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Monday - 30 September 1968

1.  In response to his earlier call spoke with Mr. Joseph Humphreys, Analyst, Library of Congress, who is working on a report for a member of Congress concerning the financial soundness of various Federal staff retirement systems. He was interested in knowing, among other things, whether the CIA retirement system was fully funded in the amount of its outstanding liabilities. Mr. Humphreys appeared to be very reasonable when I explained to him that this information is not treated as being within the public domain since it would have a tendency to reveal information protected by statute from unauthorized disclosure. I suggested certain language for his report to the effect that the CIA system is relatively small and, in addition, limits the number of retirements through 30 June 1974. Mr. Humphreys was very appreciative of our cooperation. See Note for the File for the suggested language on the CIA retirement system I gave to him.

## OFFICE OF LEGISLATIVE COUNSEL

Friday - 27 September 1968

1. [ ] Hand carried to William Woodruff, on the staff of the Senate Appropriations Committee, a letter from the Director to the Chairman concerning a withdrawal from the reserves. 25X1

Made arrangements through Mr. Woodruff for General Vang Pao of Laos to have a private meeting with Senator Karl Mundt on Wednesday, 2 October, at 11:30 a. m.

Provided Woodruff with an updated report on Communist aid to North Vietnam as requested by Senator Mundt.

2. [ ] Met with Mr. Robert Michaels, House Appropriations Committee staff, and delivered to him a letter from the Director for the Chairman concerning a withdrawal from the reserves. In response to Mr. Michaels' request I provided additional details about the withdrawal for the information of the Chairman. Mr. Michaels noted in passing that although the Director had met recently with the Chairman and members of the CIA Subcommittee just before the Defense Appropriation bill went to the floor the Chairman might desire a meeting of the Subcommittee with the Director before adjournment if the schedule of the Subcommittee members will allow. No specific date is under consideration by the Chairman. 25X1

3. [ ] Met with Mr. J. R. Blandford, Counsel, House Armed Services Committee, as a follow up to the Director's briefing of the CIA Armed Services Subcommittee on 25 September and discussed with him the DDI paper of 27 September outlining Soviet and Warsaw Pact forces order of battle. Mr. Blandford appeared to be completely satisfied with the information provided. The background paper was retained for safekeeping by the Agency and will be available after Mr. Blandford's return should he desire further discussion or information for the Chairman at that time. I also wished Mr. Blandford bon voyage on his trip tomorrow to the Far East. 25X1

Mr. Kelleher was of the opinion the material presented was responsive to the "variety" of questions attempted during the Committee briefing. Received back from Mr. Kelleher Manual of Photogrammetry which had been loaned by [ ] office. Mr. Kelleher was most appreciative. As a matter of interest Mr. Kelleher also provided a Reuter's newspaper clipping relating to the "MIG-23."

5. [ ] Met with Mr. Marian Czarnecki, Staff Consultant, House Foreign Affairs Committee, who advised that Representative Selden would like to meet with us at 2:00 p.m. Tuesday afternoon for briefing prior to his trip to Latin and Central America. (See Journal item of 26 September.) This time has been confirmed with Mr. Broe and Mr. Brown. Mr. Czarnecki also advised that a fairly firm itinerary should be worked out by Monday and he will make it available at that time.

4. [redacted] Met with Mr. Marian Czarnecki, House Foreign Affairs Committee staff, who advised that Representative Selden, Chairman of the Latin American Subcommittee, will be traveling to the Caribbean area starting on or about 5 October and would appreciate an Agency briefing prior to the trip. The emphasis of this trip will be placed on communist and other insurgent activities in the countries to be visited. Mr. Czarnecki advised that a memorandum has already gone forward to the Department of State requesting brief papers commenting on communist and other insurgent activities with particular attention to developments in the past 12 months and effectiveness of internal security measures designed to cope with such activities. After discussion Mr. Czarnecki also suggested it might be well for Mr. Selden to meet with Agency representatives for a debriefing upon his return. Darden took the matter up immediately with Senator Russell who expressed concern over our sending such a response. Following a personal meeting with Senator Russell the Director called Senator Cooper who indicated that he had reservations about making such a request and indicated that a response was not necessary. (See Memorandum for the Record for details.) Bill Darden and Bill Woodruff, Senate Appropriations Committee staff, were both advised of the disposition of this matter and Darden said he would in turn inform Senator Russell.

6. [redacted] Received a call from Edward Bauser, Deputy Director, Joint Committee on Atomic Energy, regarding the Finney article in today's New York Times. Bauser was curious as to how Senator Cooper had gotten classified intelligence information and expressed concern over the figures used in the article in connection with projection of ChiCom ICBM production. I assured Bauser that the SNIE dated 19 September which the Joint Committee had received on 20 September contained the latest information on this subject and he should disregard Finney's speculation. With respect to Senator Cooper I merely acknowledged that the Senator could have received this information from the Agency.

## OFFICE OF LEGISLATIVE COUNSEL

Friday - 20 September 1968

1. [ ] Messrs. [ ] met with Mr. J. R. Blandford, Counsel, House Armed Services Committee, and reviewed with him the briefing agenda for the CIA Subcommittee meeting for Thursday, 26 September 1968. Mr. Blandford was in complete agreement with the contents and had no additions to add. He will review it with the Chairman on the Chairman's return tonight or tomorrow morning.

25X1

Received a copy of Mr. Blandford's tentative itinerary of his Far East trip. It is anticipated at present that he will be accompanied by an escort officer. Mr. Blandford noted, however, that the escort officer would not be present at any meetings or briefings with Agency representatives.

2. [ ] Gil LeKander, of Representative Frank Bow's office, called to say that a visitor at Mr. Bow's office was anxious to get in touch with a certain Agency officer. We finally located the Agency officer (whom the visitor asked for in pseudo) and it turned out that the visitor was a covert contact who was trying to get in touch with his case officer. We passed the information on to the case officer and apparently no security problems resulted.

25X1

3. [ ] Representative Glenard Lipscomb (R., Calif.) called to ask for an unclassified paper on the Cuban military situation for use in an upcoming speech he plans for 22 October. I told him we would have something within a week.

25X1

4. [ ] Met with Mr. Darrell St. Claire, Chief Clerk of the Senate, who advised that the vacating of the passage of H. R. 18786 and later final passage during yesterday's session was the result of a failure to note that delay in consideration had been requested by a member of the Senate. Later in the day the member who had requested delay noted his approval of the measure. It was then routinely called and passed by the Senate.

8. [ ] Met with William Woodruff, Senate Appropriations Committee staff, and provided him with follow up material to all of the questions raised at the Director's briefing of the Senate Defense Appropriations Subcommittee on 9 September. These included an unclassified statement on Soviet and Chinese Communist military potential for Senator Russell, a document on the extermination of Ibos in Biafra for Senator Allott, material for Senator Stennis on the percentage of Soviet gross national product which was being used for defense and information on West European communist leaders for Senator Mundt. An item prepared for Senator Kuchel on Soviet aid to North Vietnam will be transmitted to the Senator directly as Woodruff has suggested. 25X1

9. [ ] Advised Colonel Everett Harper, on the staff of the Senate Preparedness Investigating Subcommittee, that a copy of SNIE 13-10-68 had been left in the secure area of the Joint Committee on Atomic Energy and could be reviewed by appropriate Preparedness Subcommittee members at their convenience. Harper expressed interest in seeing this as soon as possible. 25X1

Talking further with Harper regarding our concern about several items in the Subcommittee's report on strategic power. Harper said he could see our reasons for preferring to avoid references to the lag in intelligence lead time with respect to technological breakthroughs. He said my suggestion for dropping the word intelligence from this phrase was acceptable to him but that he would have to discuss it further with Jim Kendall.

2. [ ] Met with Representative Charles Bennett and reviewed with him The Scott Report of 19 August which dealt in part with allegations of use of CIA funds for Negro voter registration drives. 3. [ ] Hand carried to William Woodruff, Senate Appropriations Committee staff, a paper on free world shipping to North Vietnam which had been requested by Woodruff on behalf of Senator Mundt. This is an up dating of material previously provided Senator Mundt in June of this year.

25X1

I discussed with Woodruff follow up items from the Director's briefing of the Defense Subcommittee on Monday. Woodruff suggested that I pull all of these together and then meet with him to discuss how they would be passed to the Senators concerned. With respect to the item Bruce Clarke is preparing on Soviet and Chicom strengths Woodruff agreed that it would be a good idea for Bruce Clarke to discuss a draft of the paper with him before putting this in final form.

Woodruff commented that he thought the Director's briefing of the Defense Subcommittee had been extremely good. He commented that he wished other witnesses before the Subcommittee would be as forthcoming as the Director in their testimony. He added in this connection that the Director might run into "repercussions" from the Secretary of Defense who appeared before the Subcommittee Tuesday and this morning.

8. [ ] Met with Representative William Bates and briefed him on: (a) the status and implications of the Soviet circumlunar mission; (b) the possibility of limited Israeli retaliation against Arab provocation ; (c) possibility of some sort of shake up in Moscow leadership as a result of the Czech situation; (d) absence of any reliable info regarding prospects for Pueblo and crew; (e) lack of evidence of any give in North Vietnamese position in negotiations; (f) status of fighting in Vietnam; (g) Soviet psychological pressure in West Germany and resulting West German jitters.

25X1

Mr. Bates expressed a strong desire for an early meeting of our House Armed Services Subcommittee, remarking that he might become Chairman. He said he wouldn't want to start off with the Subcommittee vulnerable to charges of not keeping on top of Agency activities. Regarding Germany, Mr. Bates expressed concern about Soviet harrassment of Berlin and said he hoped the U. S. , having failed to react to the Pueblo and Czech crises and having restricted bombing over North Vietnam, would at least make it clear to the Communists that we won't back down on Berlin. He went on to say that he felt our credibility was even more important than our force levels and that it was high time we drew a clear line beyond which we won't be pushed.

Mr. Bates said he hoped for adjournment by 4 October but because of the situation on the Senate side this was of course uncertain.

9. [ ] Briefly summarized to Robert Michaels, House Appropriations Committee staff, the status of the Soviet circumlunar flight and mentioned the Soviet psychological pressure on West Germany. Michaels said that, on the basis of press reports he had seen, it appeared the Soviet threats to West Germany were most ominous . I said we would keep him informed of any significant developments.

25X1

10. [ ] Spoke with Mr. Ed Braswell, Senate Armed Services Committee staff, about the prospects of floor consideration of the Agency's Retirement Act amendments (H. R. 18786). He still feels it will be handled in routine fashion and will let us know of any other developments.

1. [ ] Spoke with Mr. Ed Braswell, Senate Armed Services Committee staff, about the prospects for floor consideration of the Agency's Retirement Act Amendments. H.R. 18786 is on the Senate calendar as Order No. 1489. He said the bill was passed over yesterday as a result of a routine request to permit further study by a Member, but that he foresees no problem and would expect it to be acted upon no later than next week.

25X1

2. [ ] Met with Mrs. Marty Harding, Administrative Assistant to Representative Frank Stubblefield (D., Ky.), in connection with the request to the Agency on behalf of Murray State University for certain gazetteers. After explaining the situation to Mrs. Harding and giving her information on where the material may be obtained, she withdrew the request from the Agency and the Congressman's letter was returned to her. She was most cooperative.

25X1

3. [ ] Handcarried to William Darden, Senate Armed Services Committee staff, classified and unclassified material on Soviet strategic forces prepared by Bruce Clarke in response to a request from Darden on behalf of Senator Jackson. The unclassified material covering Soviet ICBMs, submarines and bombers contained no specific numbers. In looking at the unclassified statement, Darden commented he was sure the Secretary of Defense had used some numbers in his posture briefings. I told Darden we could check on this if he wished but that we did not normally make it a point to keep a close check on unclassified materials in these areas. I also indicated that should Senator Jackson wish we would be happy to have Bruce Clarke come up and discuss these areas with him personally.

6. [redacted] Bill Woodruff, Senate Appropriations Committee staff, called to say that Senator Russell would like the Director to present an intelligence briefing to the Defense Appropriations Subcommittee next Monday or Wednesday. Woodruff said they were particularly interested in Soviet and Chinese Communist strategic offensive and defensive weapons systems. He said they preferred to have Secretary Clifford appear on Monday and the Director on Wednesday in two-hour briefing sessions but indicated he would like to know the Director's availability on both Monday and Wednesday for scheduling purposes. After checking with the Director, I advised Woodruff that the Director was available on either date and that we would proceed on the basis that it would be Wednesday unless he advised us to the contrary. Woodruff said he would be back in touch with us later today or tomorrow morning.

7. [redacted] Mr. Frank Fortune, in the office of Representative Thaddeus J. I explained to Mr. Fortune that we had examined this publication and found it highly inaccurate, misleading and obviously intended to serve the Communist purpose of exaggerating the Agency's size and scope and of casting suspicion on all elements of American representation abroad.

6. [REDACTED] Accompanied Mr. Bruce Clarke to a meeting with Senator Stuart Symington. This was in response to the Senator's request to the Director that we send someone up to see him who could discuss Soviet bomber production. For the first 30 minutes of our one hour session with Senator Symington, the Senator talked about the development of his present position in opposition to a \$12 billion item in the Defense appropriation bill for U.S. heavy bombers. He then talked with Mr. Clarke about the present status of Soviet heavy bomber production. On several occasions the Senator pressed Mr. Clarke for his opinion concerning this item in the Defense appropriation. Mr. Clarke avoided taking a position in the matter saying that this was a question to be answered by a Senator and not by him in his capacity as an intelligence officer. The Senator accepted this response and said he did not wish to press Mr. Clarke or to embarrass him. Clarke has very good rapport with the Senator who was most appreciative of his assistance. He asked him to update the figures we had provided him in July on Soviet aircraft production and we agreed to do so. The updated list is to be returned to the Senator on Monday.

ADDENDUM TO JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Thursday - 5 September 1968

1. [redacted] Met with Mr. James Wilson, House Science and Astronautics Committee staff, and brought him up-to-date on Soviet space activities during the later part of August. Mr. Wilson advised that Representative Olin E. Teague, Chairman, Subcommittee on Manned Space Flight, would not be returning to the city for another week and in consequence he would have no occasion before that time to relay the information to him. Mr. Wilson noted in passing that their Committee staff is fortunate in that the individual members, from the Staff Director down, enjoy bipartisan support from the Committee members and that regardless of any possible changes that might result from the November elections little change would be anticipated in the staff structure of the Committee.

25X1

In meeting briefly with the Executive Director and Chief Counsel of the Committee, Mr. Charles F. Ducander, it was also learned, Mr. W. H. Boone, the Chief Technical Consultant of the Committee, has retired and taken a position with Comsat.

2. [redacted] Met with Mr. John R. Blandford, Chief Counsel, House Armed Services Committee, who advised that the scheduling of a meeting between the Director and the CIA Subcommittee would be raised with the Chairman now that the conference on the Defense authorization bill has been completed. Mr. Blandford noted in passing that there has been strong criticism within the Committee of the role of intelligence in the Czechoslovakian take-over. This criticism is directed primarily at DIA and in his opinion will be causing problems for that agency.

25X1

I met later with Chairman Rivers in response to his request. The Chairman indicated that he had been advised that "Russians had been picked up in the Ashau Valley" and asked if we had any word on it. [redacted]

25X1

Mr. Rivers also inquired whether any confirmation has been received of the news reports concerning the Pueblo. I advised that to date we have no confirmation on these reports. Mr. Rivers once again requested that he be kept advised concerning the Pueblo and its crew.

OFFICE OF LEGISLATIVE COUNSEL

Thursday - 5 September 1968

1. [ ] Met with George Murphy, Joint Committee on Atomic Energy staff, to discuss several outstanding items. I briefed him on the position of the intelligence community with respect to the recent Soviet test

25X1

[ ]

25X1

In connection with the Fred Hoffman article which appeared in the 3 September 1968 issue of the Star on the lag in the Red Chinese missile program, I indicated that this appeared to be a rehash of the [ ] program. Nevertheless, Murphy has prepared a letter, signed by John Conway, Staff Director of the Joint Committee, asking us, for the record, what our latest estimates are in this field.

25X1

In connection with his prior request, I provided Murphy with a translation of articles which appeared in a 30 July 1968 issue of the Danish newspaper B. T. concerning NATO documents allegedly found on a dump in Denmark.

In response to another prior request, I provided Murphy with information on Andrey Sakharov whose statements appeared in a recent issue of the New York Times.

2. [ ] Met with James Kendall, Senate Preparedness Investigating Subcommittee staff, who expressed his deep appreciation for the assistance provided the Subcommittee in reviewing and sanitizing certain portions of the report on "U. S. Strategic Power." In this connection, Kendall said that they had accepted all of our suggested changes on the threat portion of the paper. He said he felt they were very constructive. He said they had not adopted all of our suggestions with respect to other parts. Kendall did not have the document before him at the time but said that if Bruce Clarke had strong feelings on any of these other areas, he would be happy to discuss them with him. Kendall will be out of the city for approximately a week and said, therefore, there was no urgency on this.

3. [ ] Met with Ed Braswell and William Darden, Senate Armed Services Committee staff, and expressed to them our appreciation for their efforts on our behalf on our retirement bill (H. R. 18786). 25X1
4. [ ] Bob Michaels, House Appropriations Committee staff, called and said Chairman Mahon would like to have the Director meet with Representatives Bow, Lipscomb and himself tomorrow morning at 10:00 A. M. It developed that Mahon is interested in having a preliminary session with the Director prior to briefings of the Defense Appropriations Subcommittee by the Director, General Wheeler, Mr. Nitze and Secretary Clifford, next Tuesday. Michaels said the primary emphasis would be on the East European situation but indicated other areas, such as the situation in China regarding their nuclear energy programs, would be taken up. The Director agreed to meet with this group. 25X1
5. [ ] Mary Hughes, in the office of Representative L. Mendel Rivers (D., S. Car.), called on behalf of a constituent who is seeking employment in Europe. I informed Miss Hughes that the Agency does not hire people with the promise that they would be assigned overseas. She said she would pass this on to the constituent and would be back in touch if he desires to pursue it further. 25X1
6. [ ] Mr. Nelson, in the office of Senator Roman L. Hruska (R., Neb.), called on behalf of the Senator and requested an estimate of the amount of money and material which the Soviets are supplying to North Vietnam. Hruska requested the information for use in a speech on the floor which he was to make shortly. After checking with George Allen, [ ] and Admiral Taylor, I passed on the unclassified figure of "in excess of \$1 billion." A subsequent check of the Congressional Record shows that Hruska did not use the figure. 25X1
7. [ ] Mrs. Weber, in the office of Senator Jack Miller (R., Iowa), called to request background information on the Agency for a constituent. A copy of the Agency's pamphlet was sent to her. 25X1

8. [redacted] Ed Braswell, Senate Armed Services Committee staff, called prior to going into executive session with the Committee on H.R. 18786 on several technical questions which were answered to his satisfaction. I said I would stand by in the interest of being of further assistance.

25X1

Later, following Committee approval of the bill, Mr. Braswell called to review certain figures which he intended to include in the Committee report which he hoped to file within the hour. I expressed what I believed would be our strong reservations against including in a public report the number of individuals involved in the initial increases pointing out the statutory proscription on reporting Agency personnel figures, the precedent established in publishing even partial numbers, and the outside possibilities of extrapolating more meaningful conclusions on the basis of the limited information to be reported. Braswell said he would eliminate the personnel figures if we objected. Later, I advised Braswell that while Colonel White appreciated what he was trying to accomplish he would appreciate eliminating the figures from the report if at all possible. As an alternative and to indicate the extremely small number of individuals involved, I suggested making reference to the statutory limitations on the number of retirements under the CIA Retirement Act which he accepted.

9. [redacted] Mr. Peter Masley, Administrative Assistant to Representative Hervey G.
