OFFICE OF LEGISLATIVE COUNSEL

Friday - 30 August 1968

1. [redacted] On the basis of a preliminary report 25X1
from FE Division, I advised Charles Kendrick, Administrative 25X1
Assistant to Senator Peter Dominick, it appeared that in fact [redacted] 25X1
[redacted] has either been killed or died while in custody. I advised Kendrick
that we were still checking on this, however, and would be in touch
with him further.

3. [redacted] Mr. Steve Adams, in the office of 25X1
Representative Catherine May (R., Wash.), called on behalf of a constituent
interested in employment with FBIS. Apparently the individual has a
pending application with the Agency and I offered to relay the interest in
FBIS to our Personnel office and as an alternative suggested that he might
wish to deal directly with the Personnel representative who interviewed
him in the Washington area recruiting office. Mr. Adams said he would
check and let us know if the applicant preferred our channel.

1. [redacted] Mr. Donald Jameson and I met with Mr. Chester D. Smith, General Counsel of the House Committee on Un-American Activities, to discuss his request for an appearance by [redacted] before the Committee next Wednesday or Thursday. We explained to Smith the problems which such an appearance would create at this time. Smith said he understood and added that he was confident he could explain this to the Committee members who had expressed an interest in having [redacted] testify. We agreed that at such time as [redacted] might be available to appear before one of the Committees, HCUA would have the prior claim to him. We pointed out, however, that [redacted] might elect to tell his story to the press and that we had no effective way of precluding this. Should that situation develop, however, we would make every effort to notify the Committee in advance. (See Memorandum for the Record for details.)

1. [] In connection with Representative Mahon's recent conversation with Admiral Taylor on the Minshall letter, I checked on the availability of Robert Michaels, of the House Appropriations Committee staff, and Representative Glenard Lipscomb. Both Michaels and Lipscomb are on leave and are not expected back until some time next week.

25X1

2. [] Received a call from Chester D. Smith, General Counsel of the House on Un-American Activities Committee, regarding the [] case, making reference to the [] interview with [] as reported in [] the [] Smith said that several members of the Committee were anxious to have [] appear before the Committee, preferably in open session, next Wednesday or Thursday. He said the Committee and the staff would be willing to work with us in any way and would abide by any restrictions we wish to impose. He also said they would like to speak with [] in advance of his appearance and work out a script of questions and answers for his appearance. I told Smith that as he knew this was a touchy situation and I felt quite certain that an open session appearance was completely out of the question, but that I would look into the matter and be back in touch with him. Smith, who at one time held the position of Deputy Director, Internal Security for the Department of the Army and was also a member of the USIB Committee, said he appreciated that this would have to be checked out, both within the Agency and the State Department. He said while he appreciated that there were problems, he felt that [] testimony would have an enlightening effect on U. S. public opinion.

I raised again with Bill Darden the matter of Senate action on our retirement legislation. Darden said he foresaw no problems in getting this taken up.

After reviewing the correspondence Kendrick said he was aware of this case which had come up through the Denver office.
