25X1 2. [redacted] Accompanied [redacted] to a briefing 25X1
of staff members of the Joint Committee on Atomic Energy. See [redacted]
Memorandum for the Record for details. 25X1

25X1 3. [redacted] Met with Mr. Robert Michaels, House Appropriations
Committee staff. Mr. Michaels advised that Chairman Mahon would appreciate
an informal report or comment on chapters three and eight of Stuart Alsop's
book The Center. The Chairman's note to Mr. Michaels did not give an
indication of the Chairman's reaction to the book or the chapters mentioned.
Mr. Michaels also noted that no further action is anticipated in the Defense
Appropriations bill until some time after Labor Day. There is no inkling at
the present time as to when the House Armed Services Committee will complete
action on the authorization bill. Mr. Michaels noted, in addition, that the
Chairman has not yet focused on the Director's letter concerning Radio Free
Europe and Radio Liberty.

I briefed Mr. Michaels on the current situation relating to the USSR-
Czechoslovak talks and the Peking supplied high-speed trawler vessels being
used by Hanoi.

2. [] Met with Mr. Philip Kelleher, House Armed Services Committee staff, and briefed him on the current situation in Czechoslovakia, Chinese construction of high-speed trawler vessels being used by Hanoi, and the brief attack against Udorn Air Base. 25X1
3. [] Met with Mr. B. Benton Bray, House Manpower and Civil Service Subcommittee staff, and advised him for the Chairman that the Director and Senator Ervin had had a short pleasant meeting during the week. Mr. Bray noted that from their point of view such a meeting, carried on in a friendly fashion, was all to the good. Mr. Bray advised that Chairman Henderson has cancelled the Subcommittee meeting scheduled for Wednesday. The meeting will be rescheduled some time in September. Copy number two of the transcript of the Director's testimony of 25 June which was being held for Committee use in executive session was returned to me for safe keeping. 25X1
4. [] Met with Mr. J. R. Blandford, House Armed Services Committee staff, who advised that the Committee's time for the remainder of the week has been pre-empted by an invitation to the Secretary of Defense to appear on Thursday and a full Committee meeting on Wednesday. In consequence, consideration of a meeting of the CIA Subcommittee with the Director will probably be put over until after the recess. 25X1
I briefed Mr. Blandford on the situation in Czechoslovakia, high-speed trawler vessels furnished Hanoi by Peking and the Soviet amphibious demonstrations in July for senior Egyptian officers. Mr. Blandford showed particular interest in the last item.

2. [redacted] Messrs. Krout thoroughly understood the problem and suggested we write a short letter to the Congressman stating that which we would like to convey to [redacted] Krout said they had found this quite often to be an effective means of communicating with an employee who will not listen to the employer. As an aside he stated that his office does not worry about Agency relations with employees as they have found that the Agency goes into employee matters much more thoroughly than other Government agencies.

6. [] After consultation with Mr. Bruce Clarke, I advised Miss Nelson, on the staff of Senator Stuart Symington, that as long as references to specific bomber figures were eliminated we could see no problem in the Senator's making general statements with respect to the increase or decrease in Soviet bomber production in connection with the paper we provided the Senator on this subject. I told Miss Nelson that of course this should be done without any reference to the Agency or the intelligence community. Miss Nelson thanked me for this assistance and said this would be most helpful to them if it was necessary for the Senator to include statements along these lines later on.

25X1

7. [] Accompanied [] of OSI, to a briefing of several members of the Senate Preparedness Subcommittee staff. They were James Kendall, Staff Director, Colonel Glenn Smith, and Colonel Everett L. Harper. The briefing covered the present status of Soviet and Chinese nuclear programs and information currently available on the recent French tests. The meeting went well and was most appreciated by Subcommittee staff members.

25X1

Mr. Kendall gave to me the classified Committee report on "U. S. Strategic Power" with the request which he had made previously that we review the threat portions of this report, making changes as necessary in order to make the report unclassified. Kendall suggested that we be in touch with Mr. Robert Monahan, in the office of Security Review, OSD, who will be working on this report from the standpoint of U. S. information. The report has been passed on to Mr. Bruce Clarke.

8. [] Talked with Bob Michaels, House Appropriations Committee staff, who confirmed that the Committee had not imposed a specific cut on NSA, but had left this decision up to Department of Defense. 10. [redacted] Philip Kelleher, House Armed Services Committee staff, called to ask whether, under the present Agency cost-of-living adjustment formula for retirees, increases in the cost-of-living index were computed on a cumulative basis. He asked, for example, whether if the cost-of-living index increased 2.8% in one year and only three-tenths of one percent the next year an increase would be triggered. I confirmed to him this was the case, pointing out that this increase would be effective only as of 1 April of the following year.

25X1

Mr. Kelleher called later to say he was on the floor where the bill on our cost-of-living adjustment for retirees was expected to come up and that the apparent magnitude of the increases it would involve might cause concern among some of the members. He asked if it was indeed a fact that under the Civil Service formula, which was being adopted in our legislation, retirement benefits had increased from \$6,000 to \$7,000 over a brief period of time in certain specific cases. I confirmed this was the case.

11. [redacted] James Hyde, Bureau of the Budget, called to say he was having trouble with our 19 July letter re S. 1418, a bill "to make several changes in the passport laws presently in force." In the letter we had said we did not formally object to the bill but we nevertheless pointed out that one of its provisions might facilitate Soviet espionage. Hyde said he was reluctant to send this comment to the White House, and urged that we take a less equivocal position. I talked with the DD/P and we agreed to raise it at the Director's meeting on 25 July.

OFFICE OF LEGISLATIVE COUNSEL

Thursday - 18 July 1968

1. [] Met with Mr. Philip Kelleher, House Armed Services Committee staff, who advised that the transcript of Admiral Taylor's appearance on the Agency cost-of-living bill will not be returned from the reporter's until some time Friday afternoon. He requested, however, that I proceed with a draft of the bill report without awaiting the transcript. The Committee bill covering the cost-of-living amendment will be filed with the House along with the Committee report. In consequence, a bill number will not be available until after filing of the Committee report.

25X1

2. [] Met with Representative Glenard Lipscomb and delivered to him an unclassified document dated 17 July entitled "The Military Posture of the Soviet Union - Trends Over the Past Five Years." Representative Lipscomb was most appreciative and indicated that he has completed a draft of the paper he has in mind on this subject and will find our statements most helpful in his final editing. He assured me again that in any use he makes of the paper, no attribution will be made to the Agency. On this same subject he noted he is personally pleased with the fact that at his suggestion the Appropriations Committee has included a section in the report on the Defense appropriation bill relating to the Soviet force developments.

25X1

3. [] Mr. John Clarke and [] met with Mr. Robert Michaels, House Appropriations Committee staff, and Mr. William Woodruff, Senate Appropriations Committee staff, in Mr. Michaels' office prior to today's meeting of the Appropriation Committee. Mr. Michaels advised that the Chairman and the CIA Subcommittee had completed mark up of the CIA proposed budget and provided the necessary details on the findings of the Committee. Mr. Michaels also advised that the Chairman's letter to the Senate would not be prepared until after final action by the Committee on the Defense appropriation bill. (See Mr. Clarke's Memorandum for the Record.)

Mr. Zafra was also interested in background information on the legislation being considered and I reviewed briefly the chronology starting in 1965 of our efforts to revise the cost-of-living provision in the CIA Retirement Act.

25X1

8. [] In response to his request, arranged to give John Conway, Executive Director of the staff of the Joint Committee on Atomic Energy, a defensive briefing in connection with his trip to the Soviet Union later this month. The briefing will be given tomorrow afternoon.

9. [] Scott Cohen, in the office of Senator Charles Percy, called to say that they had received a rumor from a Democratic Senator's office concerning the health of one of the Pueblo crew members. I told Mr. Cohen that we were aware of this rumor but had no information to substantiate it and suggested the Navy as a point of contact on this matter.

Kendall said he realized that many of the figures would have to be removed from the report but that he was anxious to have this done in such a way as to keep the document coherent and meaningful. (Bruce Clarke has been alerted to this.)

Obtained from the Preparedness Subcommittee advanced copies of Part 2 of the Subcommittee's hearing on the status of U.S. strategic power. The hearings are being released tomorrow morning.

OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 17 July 1968

1. [redacted] The Deputy Director, Executive Director-Comptroller, Messrs. Warner, Wattles, Maury, and [redacted] attended an executive session of the House Armed Services Committee at which the Deputy Director testified in behalf of H. R. 13705 (Cost-of-Living Adjustments for Agency Retirees). A transcript was taken. 25X1
25X1

2. [redacted] Philip Kelleher, House Armed Services Committee staff, called about 1430 hours to say he was about to drop the Agency "retirement cost-of-living adjustments" bill in the hopper and suggested we give it a final close look. Accordingly, Messrs. Warner and Miller and Messrs. Maury and [redacted] separately reviewed the text submitted to the Committee. Finding the language in order, we so advised Mr. Kelleher. 25X1
25X1

Mr. Kelleher also reminded us of his desire to obtain in the next day or so a simplified explanation of how the gap had developed between the Civil Service and Agency compensation formulas for retirees. Kelleher pointed out that some of the Committee members apparently had some difficulty in understanding the arithmetic involved, and because of the possibility that the same problem might arise when the bill reaches the floor, it is important to have in the record a clear and concise explanation which can be referred to in response to questions.

3. [redacted] After completion of hearings this morning by the House Armed Services Committee, during which testimony was given by Admiral Taylor and Colonel White on the cost-of-living adjustments to the Agency retirement authority, received back from the Committee staff the copies of Admiral Taylor's prepared statement which had been furnished for the Committee's use. A transcript of the hearing will be available tomorrow morning for our review prior to publication. Assistance will be provided the Committee staff in preparation of the Committee report and floor remarks for use in consideration of the bill before the House of Representatives. 25X1

4. [] Received from the House Committee on Post Office and Civil Service the transcript of the testimony of Tuesday, 16 July, before the Subcommittee on Manpower and Civil Service.

25X1

Met with Mr. B. Benton Bray who advised that there is some possibility that the Subcommittee will report on Tuesday a bill to the full Committee on the enjoyment of constitutional rights by civilian employees of the Executive Branch. He also noted in passing that the Committee had found the testimony of Mr. Lawrence Speiser, Director of the Washington office of the American Civil Liberties Union, very impressive and that serious comment had been made after Mr. Speiser's presentation by a responsible member of the Committee that consideration be given to having Mr. Speiser back together with representatives of NSA and CIA to discuss the questions used in various personnel questionnaires.

5. [] Robert A. Geier, Administrative Assistant to Representative James B. Utt (R., Calif.) called to inquire whether the Agency could furnish any information on the reported suicide of Captain Butcher. I informed Geier that through FBIS, North Korean news broadcasts are monitored and that we have received nothing which would indicate that this report is true. I suggested that since this was strictly a Navy matter that he get in touch with the Navy.

6. [] Ed Bunn, Office of Security, called and said that Mrs. Dorothy Hope, in the office of Representative Sam Steiger (R., Ariz.), had called GSA to inquire about the status of [] who is awaiting assignment by GSA to the Agency guard force. I called Mrs. Hope and informed her that personnel filling these jobs are subject to security clearances and that the security investigation should be completed within 30 days. This was acceptable to Mrs. Hope and I subsequently so informed Ed Bunn.

[] Mr. Carl Duckett, accompanied by Mr. [] met with Mr. Robert Michaels, House Appropriations Committee, in response to his request and discussed with him in general terms the availability within the intelligence community of information concerning new Soviet aircraft, and in particular Foxbat, which has been developed by the Agency. Additionally Mr. Michaels is interested in the extent to which such information is made available to Navy and Air Force contractors. The meeting was cut short by a call from the Chairman. Mr. Michaels appeared satisfied with the discussion and will probably look to the military for any further guidance on this subject required for the Chairman. 25X1

During the conversation Mr. Michaels noted that the Chairman has not yet focused on mark up of the Agency appropriation.

2. [] Messrs. Maury and [] met with Mr. Philip Kelleher, and later with Mr. J. R. 5. [] Accompanied [] OSR, to meet and brief Senator Henry M. Jackson on Soviet ICBM deployment, etc. [] is doing a Memo for the Record covering the substance of the briefing.) Other points covered included the following: (a) Senator Jackson's keen interest in the recent developments in Soviet diplomatic, political and disarmament strategy. I told him the Agency was concentrating on this problem and we would be glad to make available to him any conclusions we develop. (b) Jackson plans to get together some Kremlinologists such as Phil Mosely, Tom Wolff and Alice Shieh to discuss possible Soviet concepts on disarmament in informal fashion in the near future and might like to have an Agency representative join them. (c) Jackson feels there is little we can do to influence Senator Ervin's position on S. 1035. We briefed Senator Jackson on current items including: (a) new Soviet attack submarine (B Class) appearing in the Far East; (b) Soviet troops remaining in Czechoslovakia; (c) status of Czech-Soviet relations; and (d) Soviets deploying mobile missile launchers on the Chinese border.

6. [] Mr. Houston advised that he had been in touch with Jim Donovan with regard to Senator Kuchel's interest in the Pueblo crew. Donovan said he would be glad to talk to the Senator and could meet with him in Washington next Thursday. We will pass this information to the Senator.

25X1

7. [] At his request, met with Mr. William Darden, Senate Armed Services Committee staff, who said that Senator Symington's office had been in touch with him requesting additional data on the production and deployment of various Soviet aircraft. Darden asked if we would pull this information together and return it to him or provide it to Senator Symington directly.

9. [] Charles Kirbow, on the staff of the Senate Armed Services Committee, said that Senator Pearson plans to travel to the Middle East leaving on or about 12 August and will probably ask the Agency for a background briefing prior to his departure. Kirbow said that it is quite likely Senator Griffin will make this trip with Senator Pearson. Kirbow plans to accompany Senator Pearson and will be in touch with us when he has had an opportunity to discuss this further with Senator Pearson.

10. [] Attended a hearing of the House Subcommittee 25X1
on Manpower and Civil Service at which Representative Spark Matsunaga
(D., Hawaii) appeared as a witness, and picked up a copy of the prepared
statement. Matsunaga followed his prepared statement verbatim and in the
question and answer period did not appear to be very familiar with the bill
which he had introduced. Representative Charles Wilson (D., Calif) asked
if the purpose of this bill could not better be handled administratively in view
of its complexity and the difficulty of writing language which would not be too
rigid. Matsunaga stated he felt legislation was necessary.

11. [] Met with Mr. B. Benton Bray, House 25X1
Manpower and Civil Service Subcommittee staff, and received from him
the final two copies of the Director's testimony of 25 June for safe keeping
by the Agency. It will be necessary to return all copies to the Subcommittee
for use by the members in executive session on mark up of "constitutional
rights" legislation. The executive session is tentatively scheduled for
Wednesday, 17 July. Mr. Bray will call when the transcripts are desired.

Mr. Bray advised that in the judgment of Committee members the
fact that only one member of Congress, Representative Spark Matsunaga,
had appeared to testify on S. 1035, provided a demonstrable measure of the
lack of interest in this legislation by the members of the House of
Representatives.

12. [] Met with Representative Frank T. Bow and 25X1
reviewed with him the Director's letter of 8 July concerning Radio Free
Europe and Radio Liberty. He was pleased with the information provided
and noted that it has been his judgment that there should have been a way
for us to continue this worthwhile activity. He was quite complimentary
in observations of Mr. Helms' conduct of his office and asked that his best
wishes be transmitted to the Director. Representative Bow returned the
letter for our retention.

13. [] The scheduled meeting of Mr. Duckett 25X1
with Mr. Robert Michaels, House Appropriations Committee staff, was
cancelled due to a meeting of the Appropriations Committee for mark up of the
Defense procurement bill. Mr. Michaels advised that it will probably be
some two weeks or so before he will be able to reschedule the meeting.

OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 9 July 1968

1. [] Nancy Sargent, in the office of Senator Edward Brooke, called to request a map of Ben Tranh for a constituent. After checking with the Map Library and ascertaining that there are 14 places in South Vietnam carrying this name, I so informed Miss Sargent and told her we would endeavor to determine which of the 14 sites have been the locale of fighting during the recent weeks. If we are successful in this we will then be able to furnish her the map which she wants.

25X1

2. [] At his suggestion I called Representative Glenard Lipscomb from the floor and reviewed with him the Director's letter of 8 July concerning Radio Free Europe and Radio Liberty. I refreshed Representative Lipscomb's memory as to the amount of funding for FY 1968 and 1969 and was able to respond to other minor questions relating to the activities. Representative Lipscomb appreciated the Director's advice. He returned the letter for our retention.

25X1

3. [] Was unable to meet with Representative Frank Bow during the day. In addition to office matters, he had a doctor's appointment during the afternoon. I will call again in the morning for a possible noon meeting with him tomorrow.

25X1

4. [] Met with Mr. B. Benton Bray, House Manpower and Civil Service Subcommittee staff, and received from him two copies of the Director's testimony of 25 June. The remaining two copies of the transcript are being utilized by Mr. Bray and Mr. Paul L. Woodard, of the Senate Subcommittee on Constitutional Rights.

25X1

Mr. Bray advised that the hearing schedule of the Subcommittee is being extended to next Tuesday to hear union representatives. The Committee will hear various members of Congress tomorrow and union representatives on Thursday as well as next Tuesday. He noted that it was the general Committee feeling that Senator Ervin had not been responsive to questions posed, particularly by Representatives Hamilton, White and Brasco and that later conversations with members of the press indicated that the Senator's failure to respond to questions by the Subcommittee had not gone unnoticed by them.

5. [] Late in the day I met with Mr. Charles Johnson, Staff Director and Chief Counsel, House Post Office and Civil Service Committee, who advised that with the extension of hearings into next week there is some possibility that S. 1035/H. R. 17760 may not be reported from the Subcommittee. The next executive meeting of the Subcommittee will be scheduled for Thursday, 18 July, and if the Subcommittee is not preparing to report a bill at that time or if a quorum of the Subcommittee is not present, little time will remain after that date for any further Subcommittee action. 25X1
6. [] Met with Representative William Bates, and briefed him on several items of current intelligence interest: Soviet preparations for a possible circumlunar mission; Soviet helicopter development; Soviet SST program; and extension of low altitude coverage of Soviet air defense system. 25X1
7. [] At his request provided Mr. Philip Kelleher, House Armed Services Committee staff, with a new package of background information on H. R. 13705. Mr. Kelleher also advised that a new lengthy mimeographed letter has been received from [] 25X1

I also briefed Mr. Michaels on several intelligence items: Soviet preparations for a possible circumlunar mission, Soviet helicopter development, Soviet SST program, and extension of low altitude coverage of Soviet air defense system. 25X1
9. 10. [redacted] and I attended the hearing of the Henderson Subcommittee of House Post Office & Civil Service Committee re S. 1035 and H. R. 17760 (Constitutional Rights of Federal Employees). Senator Ervin, testifying before the Subcommittee, made a number of references to the Agency including allegations that (a) the Agency considered itself "above the law;" (b) the Agency is wrong in claiming it had never had a chance to present its case when the bill was under consideration by the Senate--in fact Agency representatives called on Senator Ervin and other senators and staff members, but were unwilling to accept an invitation to appear in open session.

25X1

11. [redacted] and I talked with Mr. Bun Bray and other staff members of the Henderson Subcommittee following Senator Ervin's testimony. The concensus was that Senator Ervin had shown considerable confusion and indecision about precisely what his bill meant, and as a result most of the Subcommittee, and several press representatives present, were becoming disenchanted with the Ervin version.

25X1

12. [redacted] and I met with Philip Kelleher, House Armed Services Committee staff, who renewed his assurances he would press hard for our appearance before the Philbin Subcommittee sometime next week regarding H. R. 13705 (Cost-of-Living Adjustment for Retirees).

OFFICE OF LEGISLATIVE COUNSEL

Monday - 8 July 1968

1. Attempted to meet with Representatives Bow and Lipscomb, but both are away from their offices until tomorrow. Appointments will be made with them in the morning to meet during the day. 25X1

2. Met with Mr. B. Benton Bray, House Manpower and Civil Service Subcommittee staff, who advised that the transcript of the Director's meeting with the Subcommittee will be needed through the day tomorrow when Senator Ervin will be appearing again before the Subcommittee. He confirmed that the Subcommittee will be meeting Tuesday, Wednesday and Thursday of this week to hear witnesses on S. 1035 and H. R. 17760. He noted that it is the Chairman's desire to report a bill from the Subcommittee to the full Post Office and Civil Service Committee upon completion of the hearings and that the reported bill will probably contain some of the "filler material" from the Ervin bill, the Henderson "responsibility provisions" and specific exemption of the security agencies together with a Presidential type authority for exemption in the interest of national security. The bill would not authorize the establishment of an outside review board. Mr. Bray also noted that the reporting of a bill from the Subcommittee would provide ammunition for use in the House if S. 1035 was resubmitted in the Senate as a rider to another bill, which was suggested earlier by Senator Ervin. 25X1

3. Met with Mr. Philip Kelleher, Counsel, House Armed Services Committee, and briefed him on the deployment of the Soviet SS-9 ICBM, USSR-Pakistan arms negotiations, continuation of Soviet troops in Czechoslovakia and Soviet use of the submarine base at Sayda Bay. Mr. Kelleher advised that the Committee report on the military procurement bill had been completed, the bill would be before the Rules Committee tomorrow and on the floor later this week. He also advised that he will now be scheduling hearing on the cost-of-living amendment to the Agency retirement bill with Representative Philbin for Tuesday or possibly Wednesday of next week. 25X1

10. [] Hand carried to Bill Darden, Senate Armed Services Committee staff, a letter from the Director to Senator Russell on the subject of Radio Liberty and Radio Free Europe.

25X1

Mr. Darden inquired into the situation in the House with respect to our retirement legislation. I told him that the House Committee had indicated that our bill would be the next item of business when the armed services military procurement bill is acted upon by the House. Darden said that if the House acts within a reasonable period of time he believes the bill can be gotten through the Senate. We discussed the problems of updating retirement legislation generally and I pointed out that as Darden knew personnel legislation of this character requires periodic updating on a continuing basis and added that it will be necessary for us to approach our Committees next year on the other amendments which were dropped from the bill this year.

Darden and I discussed S. 1035 and the fact that Senator Ervin will be appearing before Mr. Henderson's House Subcommittee tomorrow.

25X1

[]

Mr. Darden recalled Senator Symington's request of a year ago for information concerning the following Soviet aircraft: the Bear, the Bison, the Badger and the Blinder. Darden said that Senator Russell had asked for similar information on the IL-28 including the date of the first prototype. Mr. Clarke provided this information to Darden directly later in the day.

1. [] Talked with Colonel James Brower, OSD, Legislative Liaison, regarding the security review of the testimony of DOD witnesses before the Senate Preparedness Subcommittee, particularly the testimony of General Wheeler, Dr. Foster and Dr. Enthoven. I suggested to Colonel Brower that in their review of such testimony they should refer to this Agency any matters of particular intelligence significance and, even more importantly, references to what the Director did or did not say to the Subcommittee. Colonel Brower agreed that this was a very valid point and said he would take the matter up with the Director of Security Review. 11. [] In response to his earlier inquiry, I advised Charles Kirbow, on the staff of Senate Armed Services Committee, that the Agency had no involvement with the Arlie House property in Warrenton, Virginia and gave him a copy of a Sunday supplement article which appeared in the Sunday Star last year on the Arlie House.

17. [redacted] Talked briefly with Representative Edward Derwinski, a member of the Henderson Subcommittee, and offered to fill him in on some statistics regarding termination of Agency employees as a result of personal suitability and security reviews. Mr. Derwinski, who was pressed for time, said he would prefer to go into this further next week.

18. [redacted] Called Senator Henry M. Jackson to offer to come over and try to clarify some confusion regarding the figures on Soviet ICBM deployment which had come up in yesterday's hearing before the Senate Subcommittees. The Senator said he would like to get together for this purpose next week, and would particularly appreciate our providing him not only with the figures contained in our own estimates, but also figures which had been made public, such as those put out by Secretary McNamara about six months ago.

JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Monday - 1 July 1968

1. [] In response to his telephone request, returned four copies of the transcript of the Director's testimony of 25 June before the House Manpower and Civil Service Subcommittee. The Committee members and staff are preparing themselves for the appearance of Senator Ervin as a witness before the Committee at 10:00 a.m. on Tuesday, 2 July. I also provided two copies of the Senate floor discussion of 29 August 1967 concerning S. 1035 for Mr. Bray's use.

25X1

2. [] Met with Mrs. Barbara Wells, House Post Office and Civil Service Committee, and reviewed with her the procedure for receiving copies of the transcript of hearings on S. 1035 and H. R. 17760. Mrs. Wells advised that the Agency will be billed by [] at the conclusion of the hearings.

25X1

3. [] Met with Mr. Charles Johnson, Staff Director and Chief Counsel, House Post Office and Civil Service Committee. Mr. Johnson noted that the press reports concerning Representative Dulski's bill to insulate the Post Office Department from personnel cuts are in error insofar as they indicate that other agencies other than Post Office are covered under the bill. The future of that bill is a matter of concern between the Postmaster General and the Chairman of House Ways and Means Committee. With Mr. Macy out of the country, progress on the supergrade bill has slowed down but Mr. Johnson is now hopeful of getting it moving again next week.

25X1

4. [] Met with Mr. Robert Michaels, House Appropriations Committee staff, as a follow up to a discussion of last week concerning information on selected intelligence collection and analysis programs. As a result of information provided the Committee this morning, Mr. Michaels posed an additional question on this subject. (See Memorandum for the Record for details.)

25X1

Discussed briefly with Mr. Michaels a current intelligence item relating to equipment of Soviet troops on the Sino-Soviet border.

5. [] Received a call from Mr. James Kendall, Senate Preparedness Subcommittee staff, who requested the Agency's evaluation of the Chinese ICBM development story that appeared in this morning's Post. I advised Mr. Kendall that the story was [] and that [] would be by later in the morning to discuss it with him.

6. [] George Murphy, on the staff of the Joint Committee on Atomic Energy, called expressing interest in today's Post article indicating that, according to Communist sources, Communist China has developed its first ICBM. I told Murphy that this did not change the situation as far as we were concerned and therefore it did not change the information provided him by Mr. Brandwein and [] on this subject. I made clear to Murphy the distinction between having an ICBM, being able to test it and having the capability to deploy ICBMs. This appeared to satisfy Murphy, who said in view of past developments he wanted to be certain that we had no new information on this.

7. [] James Kendall, on the staff of Senate Preparedness Subcommittee, called in connection with the Washington Post article indicating that according to Communist sources Communist China has developed an ICBM. I discussed this with Mr. Kendall in the morning and in view of his interest and the fact that Senator Stennis was attending a CIA Subcommittee meeting where this was being discussed, I arranged for Mr. David Brandwein to brief Mr. Kendall and Colonel Everett Harper in the afternoon.

25X1

Mr. Brandwein and [] of FMSAC, briefed Kendall and Harper on the status of the Chinese Communist ICBM program with graphics. Kendall was quite satisfied with the information given him and expressed appreciation for our promptness in arranging this briefing.
