MEMORANDUM FOR THE RECORD

SUBJECT: Comments of the Department of Justice on the Agency
Proposed Legislative Package

1. Mr. Bernard Martin, BOB, called at noon and advised that he had noted in reviewing the material furnished him, that no consideration had been given to a comment of the Department of Justice that the granting of home leave upon completion of three years overseas duty is mandatory in the Foreign Service Act but would be discretionary in the proposed bill. The Department recommended that the Agency follow the precedent established in the Foreign Service Act.

2. I advised Mr. Martin that Justice Department comments on the bill had not been mentioned in any of the previous conversations.

3. After discussion of differences in personnel administration in the Foreign Service and CIA, Mr. Martin agreed to the Agency's proposal. He indicated further that with this final item out of the way, he would be able to expedite clearances of the bill.
