10. [redacted] Went by the office of Congressman
Ellsworth in response to his request on Friday through his assistant,
Allen Woods. However, the Congressman had gone out of the city and
will not be returning until Wednesday. Mr. Woods was also away from
the office. I will attempt to see the Congressman concerning the hand-
book of economic studies produced by ORR later in the week.

25X1

11. [redacted] Received a call from Miss Lynn in the
office of Congressman Thomas Downing, who requested a copy of the
Minneapolis Multiphase Physiological Test and questionnaire. Their
office has received many inquiries from constituents about this type of
physiological test in Government. A "no-comment" response will be
made to the Congressman's office tomorrow.

25X1

12. [redacted] After the passage of H. R. 16306 by
the House of Representatives, I met with Chairman Rivers and Mr.
Blandford and later with Chairman Philbin and thanked them individually
in the Director's name for their very capable assistance in the passage
of the bill. They were equally pleased that the measure had passed
without dissent.
