2. Gen. Dempster will be accompanied by Col. Williamson and Maj. Levy. Zeke tells me that Dempster has a special task force of the Air Force looking into the SA-2 problem and he participated in a briefing of this group several weeks ago.

3. I have contacted all three people personally and they all plan to attend. Zeke is briefing Adm. Smith at 1245 at the request of Adm. Raborn but expects to be back in the building by 1400 to attend this briefing.
