Dear [REDACTED]

I want to get this news to you as quickly as possible since I know you will be vitally interested. Bud just announced that he is leaving on 23 September. to become VP for R&E at Hughes Aircraft. Carl will assume the Acting role from that date. At this moment I don't know if this will change his planned visit there in September. I will advise you as soon as possible. There are no other details available, but when there is something more to tell I will pass it along. Just don't want you getting this second hand. Please advise [REDACTED] accordingly.

I am quite sure that I wrote to you to thank you for getting the airplane to me so quickly and safely. [REDACTED] brought it home without any trouble, and we appreciated this effort very much.

There is much to fill you in on, but I have been waiting for some of this to jell before attempting to explain. I will write to you in early September along these lines.

25X1A

Say hello to [REDACTED] we will look forward to her return. A very special hello to [REDACTED]

25X1A

Sincerely,

[REDACTED]
