# Memorandum

25X1A

TO : [REDACTED]  
Foreign Liaison, DD/S&T

DATE: 21 November 1966

25X1A

FROM : [REDACTED] 3037  
RP/ORD/DD/S&T

SUBJECT:

25X1C

Thank you for your offer to help obtain information for our office. The particular development of interest to RP/ORD is a novel type of aircraft, patented and flown by a [REDACTED]

25X1C

Our interest is in the performance data and any evidence of continued development of this device after the date of the patent (15 August 1961).

Thank you, [REDACTED]

25X1A

*I called [REDACTED] who advised that he checked aircraft guides and found no further info about aircraft. Had patent copy which shows that aircraft concept operates thus:  
- air blown over surface provides lift to a/c.*
