SUBJECT: Interim Report on EO Action Request

REMARKS:

On 27 October you forwarded a query from SB/CG/I which indicated an interest in a photo of Lubyanka prison. This picture was taken by a [Redacted] during a tour of Moscow. Since the pictures were on Soviet space exhibits, we contacted FMSAC which promised to try and locate them. After several follow-ups, FMSAC informed us today that the pictures are not down there. Our registry is making a further check to determine the whereabouts of these films. When and if we locate these films, we will let you know soonest.

We traced the pictures to DD/S&T Security Staff, which recalls sending them to FMSAC and perhaps OSI. Both FMSAC and OSI are still looking for them, although neither recall receiving the pictures. Will continue to keep looking.
