

CONFIDENTIAL

Approved For Release 2001/08/30 : CIA-RDP71T00730R000500070029-0

15 November 1960

MEMORANDUM FOR: Chief, Liaison Division, OCR

ATTENTION :

25X1A9a

FROM : Chief, Publications Staff, ORR

SUBJECT : Declassification of Certain Data in Despatches
From US Embassy, Moscow

1. During fiscal year 1961, ORR is planning to continue its series of unclassified reports for limited external distribution. Two of the major reports scheduled for release will include certain data obtainable only from Embassy Moscow Despatches. The data used from the despatches were, in every case, prices for goods and services sold at official retail outlets in the city of Moscow. The despatches are classified Confidential or are restricted to Official Use Only.

2. It is requested that your office obtain permission from the State Department to use these data as Unclassified. No attribution to State Department sources will be made.

3. There is a precedent for this procedure. The RAND Corporation, in compiling similar data for an Unclassified report (Janet G. Chapman, Retail Food Prices in the USSR, 1937-48, RM-707-1, Revised 13 January 1953) received permission from the State Department to cite retail prices of food products from Embassy Moscow Despatches as originating from "unpublished materials."

4. Attached as appendixes to this memorandum are (a) a list of despatch numbers, dates, and classifications from which retail price data were obtained for the preparation of the proposed ORR reports and (b) three copies of original despatches as samples of the type of despatch from which the prices were acquired.

5. Please return the three copies of sample despatches.
