1. On 19 August 1966 Miss [REDACTED] I/NE, advised 25X1A9a the undersigned that she was preparing a Special Report for OCI in which she wished to use selected information from the subject Department of State cable. 2. Accordingly, I asked [REDACTED] LS/OCR, to obtain Department of State approval. I provided him with specifics concerning the proposed Special Report including classification, dissemination, etc., and the exact information we proposed to use from the State cable. On 22 August 1966 I received a call from a Mr. Ray Haddox in the Department of State who advised that CIA could not use the requested information in the subject cable. Mr. Haddox indicated that a later cable from Tokyo (No. 1327 dated 19 August 1966) took issue with the information in the subject cable and raised serious questions about its validity. Until such time as the Department of State determines whether or not the information is valid, approval to use information from either cable will not be granted.

3. Miss [REDACTED] was advised accordingly and agreed to make no reference to information in the subject cable in the Special Report.
