1. With regard to your suggestion that more Records Officers be contacted for background to Record Center service, etc., perhaps interviews with the following might be advisable.

[Redacted]

This would give a good cross section of the offices requiring services from the Center.

2. If you approve the above list, should [Redacted] be contacted and informed that DDP records officers are to be contacted, and who they are? Or should I take a unilateral action and contact them directly?

3. Also, if you approve the above list, it will add three (3) days to the Center study time frame. I can absorb this, I believe.

They are busy and knowledgeable professional Records Officers. I am more convinced than ever that this will be 3 days profitably spent for the survey. You must cover the pros & cons. *That can't be done...*
