Dominick (R., Colo.), of the contacts between Mr. [redacted] and the Joint Publications Research Service (JPRS). [redacted] has contacted Senator Dominick regarding his interest in getting a share of the Government's unclassified translation work.) I explained the function of JPRS to Kendrick and told him that JPRS had stated to [redacted] on several occasions that they would be happy to have him do translation work for them on an individual contract basis. [redacted] apparently is fighting this since he wants to do the work through his firm. I told Kendrick that I would provide him with copies of the most recent exchange of correspondence between [redacted] and JPRS on the subject.

the case of a personal friend, [] who at one time applied for
Agency employment and then did not follow through but is now interested in
renewing his application. Mr. Wattles was requested to call Mr. []

I told Miss Norris that we could be of no help and cited the proscriptions

25X1 Pforzheimer, Lansdale, [] and in the office of Security, Mr. []

whether the copies would be needed tomorrow, Saturday.

Met with Mrs. Mary McLaughlin, Secretary to Carl Marcy, late
in the afternoon and received copies No. 1 and 2 of the Director's testimony
of 26 February for return to the Agency. Should the copies be needed by the

OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 26 February 1969

25X1 1. [redacted] - LLM) Met with Representative Edwin
 25X1 Eshleman (R., Pa.) concerning his letter to the Director requesting that
 25X1 the Agency recruit on the [redacted] campus prior to 3 March
 rather than on 6 March, the previously scheduled date. I told him that
 [redacted], Placement Director at the college, told us that
 [redacted] had a full recruitment schedule and we could
 25X1 not come at an earlier date unless there was a cancellation. [redacted]
 confirmed our understanding that the school presently was reviewing a
 possible change in their placement policy. He was quite sure that the policy
 would be changed and that we, along with a number of Federal agencies,
 would no longer be invited to recruit on campus. He explained that the
 president was backing down in the face of the SDS chapter which was
 threatening violent protests against on campus recruitment by the Agency
 and others. He said he had no intent of getting the Agency in a corner,
 but that he was trying to apply psychological pressure on the president to
 stand fast against the SDS demands and in this connection said he had written
 a similar letter to the Navy. He seemed to fully appreciate the Agency's
 position, recognizing that the issue was one for the school to resolve.

25X1 2. [redacted] - LLM) Mr. Scott Cohen, in the office of
 Senator Charles H. Percy (R., Ill.), called explaining that he was reviewing
 the makeup of the National Security Council and was "shocked" to learn that
 the Director was not a member and wanted to confirm this. I pointed out
 the difference between being a statutory member and being present at
 National Security Council meetings, the difference between the Director's
 statutory functions and the policy responsibilities of the statutory members
 of NSC which seemed to abate his "shock."

He also indicated that there is no indication of when the Committee might get under way on the military bills.

Mr. Michaels' reaction was favorable. He noted that he had raised the question of the possible use of such supplements at the time the Agency retirement program was under active legislative consideration. It is expected that final assignments will be made in a meeting presently scheduled for Monday. Mr. Irvine also noted that it would be some time before any formal Committee actions are to be taken due to the absence of members from the city during the coming week.

I talked separately with Mr. Roland Paul, who served in DOD General Counsel for a short period under John MacNaughton, and was most recently with the Cravath firm in New York. Mr. Paul was introduced at his suggestion by another Foreign Relations Committee staffer and noted in acknowledging introductions that he probably would be seeing some of our people in his new staff position as Counsel to the Symington Ad Hoc Subcommittee.

9. [] GLC) Met with William Woodruff, on the staff of the Senate Appropriations Committee, and advised him that following the Director's briefing of the combined CIA Subcommittees on Friday, Carl Marcy, Chief of Staff, Senate Foreign Relations Committee, called on behalf of Senator J. W. Fulbright (D., Ark.) and asked that the Director brief the Senate Foreign Relations Committee on the subjects covered at the CIA Subcommittees' briefing. I told Woodruff that the Director would cover the same material eliminating some of the more sensitive and sophisticated information and visual aids. Woodruff was not happy at this prospect but thought the Director had no choice but to respond to Senator Fulbright's request. He added that he was sure that the Director would be quizzed extensively on the ABM issue.

I advised Woodruff that the Agency was looking into the feasibility of establishing within the Agency a variable annuity investment plan similar to that established by the TVA. I emphasized to Woodruff that this was in the investigatory stage and that should we seriously consider such a plan it would be fully discussed with our Subcommittees in advance. Woodruff appreciated my advising him of this and expressed no objection.

Mr. Woodruff informed me that Senator Richard B. Russell (D., Ga.) had been quite impressed with a book of unclassified page-size maps which we had provided Woodruff some months ago and Woodruff asked if additional copies could be made for Senators Russell and Young and Ed Braswell, of the Senate Armed Services Committee staff. The Map Library is working on this.

Woodruff was aware of the fact that the Director had briefed the Joint Committee on Atomic Energy on threshold countries and the Non-Proliferation Treaty and asked if the text of the Director's statement to the JCAE could be made available for his study. 25X1 1. [redacted] GLC) Accompanied [redacted] OPPB, to a meeting with William Woodruff, on the staff of the Senate Appropriations Committee. The purpose of this meeting was to provide Woodruff with a breakdown of detail which he requested in connection with withdrawal from the reserves having to do with Vietnam and Laos. Mr. Woodruff said that the information provided by [redacted] gave him everything he needed for his discussions with Senator Russell on this subject. Woodruff mentioned again, however, that in any subsequent withdrawal from the reserve he would need fairly detailed backup material so that he could adequately discuss the subject with the Senator. 25X1

25X1 2. [redacted] - GLC) Provided Dorothy Fosdick, on the staff of the Subcommittee on National Security and International Operations, an FBIS item which she had requested containing the Peking statement canceling Sino-U. S. meetings in Warsaw.

25X1 3. [redacted] - GLC) Had lunch with Charles Johnson, Chief Counsel, House Committee on Post Office and Civil Service, who mentioned that at a full meeting of the Committee this morning rules for the organization and operation of this Committee for this Congress were agreed upon with a minimum of controversy.

25X1 4. [redacted] - GLC) Met with Proctor Jones, Staff Assistant to Senator Richard B. Russell (D., Ga.), and discussed with him the letter which Mrs. [redacted] had written to the Senator regarding her application for Agency employment. It was agreed we would write directly to Mrs. [redacted] returning her application to her and that we would send a copy of this letter along with a covering letter to Senator Russell. Jones said he had no problem with this case and said this would be fine.

Mr. Braswell also advised me of the caucus of the Republican Committee members and the position taken by Senator Margaret Chase Smith (R., Maine) which resulted in her withdrawal from membership of all Subcommittees in the interest of permitting some of the newer Republican members to serve in more senior positions on these Subcommittees. It would appear, however, that as a practical matter, Senator Smith will be invited to all Subcommittee meetings and for all intents and purposes can be considered an "ex-officio" member of every Subcommittee.

12. [redacted] - GLC) At his request, I met with James Gehrig, Chief Counsel, Senate Space Committee, who said he had been queried by Senator Len B. Jordan (R., Idaho) on some of the details involved in the nuclear Non-Proliferation Treaty. Senator Jordan is apparently interested in knowing how any cheating by the Soviets can be detected under the terms of this treaty. Gehrig seemed rather confused by this and tended to jumble the Test Ban Treaty with the Non-Proliferation Treaty in this regard. Gehrig wanted my advice as to who would be in the best position to discuss this with Senator Jordan. I told Gehrig my offhand reaction was that the State Department or ACDA could be responsive in this field but that I would check on it and be in touch with him.

25X1 13. [] GLC) Hand carried to James Knowles, Director of Research, Joint Economic Committee, the Director's response to a letter from Representative Hale Boggs (D., La.), Chairman of the Subcommittee on Foreign Economic Policy of the Joint Economic Committee. I reviewed with Knowles the ground rules in our participation in joint committee studies, i. e., that individual papers would be identified with the author's name but that there would be no direct connection with the author and his department or agency. The study will contain a general statement in its foreward expressing appreciation to the various agencies who contributed to the document.

25X1 14. [] GLC) Dropped by the office of Senator Peter Dominick (R., Colo.) and chatted with his Administrative Assistant, Charles Kendrick. I told Kendrick that we were pleased to hear that Senator Dominick had been appointed ranking minority member of the CIA Subcommittee of the Senate Armed Services Committee and expressed regret that the Senator would be unable to attend the Director's briefing tomorrow. Kendrick explained that the Senator was in the hospital undergoing examinations for a condition which troubled him during the Lincoln day recess. I told Kendrick that we would be glad to see the Senator at his convenience to give him background briefings and to cover the thrust of the Director's statement to the Committees tomorrow.

STATOTHR Mr. Kendrick mentioned that a Mr. [] of Denver, has been in touch with him recently in an effort to get some of the Government's translations business. Kendrick asked if he would check to see if we had ever dealt with [] and whether there was any possibility of his getting some of the Agency's unclassified translation work. I told Kendrick I would look into this and be back in touch with him.

25X1 15. [] GLC) Hand carried to the Joint Committee on Atomic Energy twenty copies of the supplement to the Director's prepared statement to be given to the Joint Committee this morning. OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 19 February 1969

25X1 25X1 1. [] - GLC) Accompanied Mr. Bruce Clarke and Mr. [] of OSR, to a briefing of the Senate Preparedness Subcommittee staff. This was a continuation of our briefing of the Soviet and Chinese threat. Messrs. Kendall, Harper, Shaw, and Gilleas were present from the Subcommittee staff. Mr. Clarke covered Soviet ABM systems and air defenses and Chinese Communist advanced weapons. At the conclusion of the briefing Mr. Kendall indicated that he would like the Preparedness staff to be briefed on the topics originally scheduled for the Director's briefing of the full Armed Services Committee. I told Kendall I would check on this and be back in touch with him. (I would propose that following the Director's briefing of the combined CIA Subcommittees on Friday, we would brief the Preparedness staff with the same text used by the Director.)

25X1 2. [] - GLC) Met with William Woodruff, on the staff of the Senate Appropriations Committee, and reviewed with him topics of the Director's briefing of the combined CIA Subcommittees on Friday. Woodruff said this should be considered as a world roundup-type briefing but thought emphasis should be placed on the situation in the Middle East and the Berlin problem. He said the Director should also be prepared to discuss threshold countries, the Non-Proliferation Treaty, the Agency's role in the Pueblo operation and the subject of missiles in Cuba.

25X1 3. [] JMM) As a result of several phone conversations with Messrs. Woodruff and Braswell, we confirmed plans for the Director's appearance before a joint session of the Senate CIA Subcommittees of Armed Services and Appropriations for 10:30 a.m. on Friday, 21 February. Braswell mentioned that representatives of the Senate Foreign Relations Committee might be invited to attend, but he was not sure who these might be. Braswell indicated Soviet and ChiCom offensive and defensive strategic weapons and the Middle East situations should be covered, and there would probably also be considerable interest in any matters bearing on the current NPT controversy and the attitude and effectiveness of our NATO allies.

Mex.) and Senator Margaret Chase Smith (R., Maine) on advances in the Soviet space program since our last briefing. I told Gehrig I would check on this and let him know.

25X1 5. [] - GLC) Sat in on part of Senator Stuart Symington's (D., Mo.) press conference on the subject of his trip to Europe and the Middle East. Senator Symington said that he had heard nothing on his trip which would change his basic view that the United States is over committed as a result of the war in Vietnam coupled with its other commitments and that some priorities would have to be established.

25X1 6. [] - JMM) Called Senator Henry M. Jackson to remind him of his offer to invite Senator John McClellan for lunch with the Director on Saturday, 1 March 1969. Senator Jackson said he would be out of town the latter part of this week but would return Monday (24 February) and let us know where the matter stood.

25X1 7. [] - LLM) Met with Mrs. Ruth H. Bamber, Executive Secretary to Representative Fernand St Germain (D., R.I.), concerning the reasons for the recent rejection of [] application for employment. I explained the procedures we went through in determining that he did not meet our overseas medical requirements and that [] was made fully aware of the medical problem even though our all-factors rejection letter purposely does not contain explicit reasons. She said unless we heard from the Representative further no further response to our letter would be necessary.

25X1 8. [] - LLM) Delivered to Peter Scrivner, STATOTHR Administrative Assistant to Representative Melvin Price (D., Ill.), our letter concerning the employment prospects of [] I explained our past efforts in these connections and he appeared to understand fully.

4. [] JMM) []^{25X1} and I met with Miss Dorothy Fosdick, Staff Director, Subcommittee on National Security and International Operations, Senate Government Operations Committee, who, on behalf of Senator Henry M. Jackson, asked us to provide within the next ten days some unclassified material for the Senator's use in public speeches and debates in the Senate. The Senator desires material supporting the contention that the Soviet leadership remains committed to aggressive policies and that in any disarmament negotiations we should insist on elaborate safeguards. The Senator wishes us to review and update material on "The Brezhnev Doctrine" (a rationale for the invasion of Czechoslovakia) and the reaction of the other Communist countries thereto which we provided the Senator last fall. He would also like our comments on an article by Robert Conquest "Czechoslovakia: The Soviet Outlook" of which Miss Fosdick gave us the galley proofs.

I briefed Miss Fosdick on:

- b. probability of two early Soviet space shots;
- c. Soviet leadership situation;

6. [redacted] - JMM) Met with Senator Henry Jackson (D., Wash.)

and:

a. Delivered a personal note from the Director.

b. Brought the Senator up-to-date on the status of the Ervin bill. The Senator who had been out of town for some time expressed surprise and concern at the number of co-sponsors of the bill and the prospect that hearings on the bill might be dispensed with. He says that in view of past experience it is doubtful Senator John McClellan (D. Ark.) can exert much influence on Senator Ervin, and that our best bet might be to take up the matter with Senators Russell or Stennis. I said we were thinking of mentioning our problem at an early hearing of our Subcommittee. Jackson said this seemed like a good idea.

c. I recalled that the Senator had mentioned some time ago that there was a possibility that he might bring Senator McClellan out for lunch with the Director and commented in view of Senator McClellan's membership on our Subcommittee the Director would like to arrange this in the near future. Senator Jackson said he would be quite busy this week and would be out of town next week, but tentatively suggested, Saturday, 1 March. He asked me to let him know if this was acceptable to the Director in which case he would try to line up Senator McClellan.

15. [redacted] GLC) Edward Braswell, Staff Director of the Senate Armed Services Committee, called and asked if the Director could appear before the full Committee on Thursday, 27 February, in connection with the Committee's hearings on the military implications of the Non-Proliferation Treaty. He said the Chairman would like the Director to brief on the countries which might be expected to achieve a nuclear capability within the near future. Special emphasis should be placed on those countries which could achieve such a capability and which have not yet signed the NPT, i. e., India. Later, Braswell asked if the Director might be able to appear on Wednesday, 26 February. After checking, I advised Braswell that the Director could appear on Thursday, 27 February, and might possibly arrange to be available on 26 February, if the Committee preferred that date. I explained that there was a National Security Council meeting on 26 February but the Director felt he could excuse himself from that meeting if the Chairman wished him to brief the Committee on that date.

Talked with Spell, at some length, about our problem with the Ervin bill (S. 782). Spell recalled the problem from last year and was sympathetic to our situation. In this connection, he thought it might be useful for us to allude to the problem which selective service offices are having as a result of a provision in the Selective Service Act which permits a draft registrant to examine his selective service file. Spell pointed out that dissident groups are creating a real problem by utilizing this provision in the law to harass selective service offices and have practically brought the work of these offices to a standstill in the state of California. Spell agreed that Senator McClellan (D., Ark.) might be very helpful to us in solving our problems with this legislation.

14. [] GLC) Mr. Maury and I met with William Woodruff, on the staff of the Senate Appropriations Committee, for luncheon. In the course of our meeting the following items were discussed:

a. Woodruff advised that although the Appropriations Committee has not formally designated the membership of its Subcommittees, Senator Allen Ellender (D., La.) and Senator John McClellan (D., Ark.) have been advised by the Chairman that they will be appointed to the CIA Subcommittee. In response to our question, Woodruff saw no objection to our making contact with Senator McClellan on the basis of his expected appointment for the purpose of providing him with background briefings on the Agency.

b. Woodruff repeated his suggestion regarding the Ervin bill that we should pursue this with Senator Birch Bayh (D., Ind.) and other members of the Constitutional Rights Subcommittee. (In response to our question he said he thought Senator McClellan could be most helpful to us.)

c. Woodruff felt that the Director should definitely raise the Ervin bill problem at the first meeting of the CIA Subcommittee. He also feels it would be appropriate for us to discuss our problems with this bill with various members of the Subcommittee separately.

d. Woodruff repeated the statement which he had made earlier that he thought Senator Symington's publication of the Director's letter on the Pueblo matter could cause some rather serious problems for us. He appreciates that this was done in response to Symington's desire to quiet critics such as Senator Stephen Young (D., Ohio) but he feels that the letter may not be considered in this context by persons who do not choose to interpret it that way.

e. Woodruff is devoting considerable effort to the Pueblo and ABM issues. He expects to make Senator Russell as knowledgeable as possible on the Pueblo.

f. Woodruff provided some helpful information regarding the role of Bryce Harlow, Assistant to the President for Congressional Relations, and Ken BeLieu, his deputy, with respect to the Congress.

Conrad said he had been informed by Paul Woodard, of the Ervin Subcommittee, that no hearings are planned and it is expected that the Subcommittee will report the bill out, as will the full Committee, for an early vote on the floor.

On the question of the Arthur Flemming Award, Conrad said he was unable to attend the meeting and sent Larry Cummings, of Senator Bayh's office, to sit in for him. Conrad was unable to furnish any information on the meeting.

25X1 1. [redacted] GLC) Delivered to Senator Stuart Symington (D., Mo.), personally, statistics on [redacted] aircraft, which the Senator had requested from Mr. Critchfield at his briefing of the Senator yesterday. The Senator said he had talked with the Director yesterday and wanted to be sure we had instructed our people in the field to take the initiative in making contact with him. I assured the Senator that instructions had been dispatched to the field.

25X1 2. [redacted] GLC) Hand carried to Stan Kimmitt, Secretary to Majority Leader Mansfield, the text of two Moscow broadcasts commenting on Senator Mansfield's recent statements on Cuba and Senate considerations of the non-proliferation treaty. Kimmitt indicated again that Senator Mansfield is interested in these FBIS items.

In response to his question as to how things are going for us, I mentioned to Kimmitt, in a rather general way, the Agency's problems with regard to Senator Ervin's bill (S. 782). As a former military officer, Kimmitt appreciated the problems which the bill would create for sensitive agencies. He said there was little he could do for us, however, other than turn a few votes in our direction in case the issue should come up on the Senate floor. I told him we hoped to have an opportunity to speak on this issue in an executive session of Senator Ervin's Subcommittee and hoped to avoid another floor debate such as occurred last year.

25X1 3. [redacted] JMM) Mr. Warner and I called on Mr. Kenneth BeLieu, Deputy Assistant to the President for Congressional Relations, with regard to the Ervin bill (S. 782). BeLieu was entirely sympathetic with our problem and offered some suggestions. See Memo for the Record for details.

I briefed Mr. Michaels on Soviet development of the Syrian port of Tartus and the forthcoming U.S. /ChiCom meeting in Warsaw.

Mr. Bray advised in essence that Mr. Henderson in recent conversations has indicated that three points or areas of consideration need to be re-done in the Ervin bill. These are (1) protection of national security interests, (2) the relationship between supervisor and employee, and (3) the appellate procedures. Mr. Spell said Senator Stennis' interest in the Soviet leadership situation had been stimulated by today's Washington Post article by Anatole Shub regarding the rehabilitation of Stalin. I said that apparently something strange was going on in the Kremlin, and we were following it closely, but this item in itself did not justify any firm conclusion.

Mr. Spell said that the Armed Services Committee had scheduled an organizational meeting for tomorrow soon after which they would probably want an Agency briefing. However he doubted that they would be ready for this until the week of the 17th. He remarked that at a recent meeting the Committee had voted unanimously to request the President to resubmit the nominations of all "carry over" executive officials who would normally be subject to Senate confirmation. Mrs. Flannigan said the Congressman had been looking forward to the breakfast briefing and felt that he was "missing something." I advised that we were going to schedule a second breakfast for those congressmen who were unable to attend today and we would be sure to include Representative Flowers on the list of invitees.

19. [redacted] (JMM) [redacted] and I called on Ed Braswell, Chief of Staff of the Senate Armed Services Committee, to advise him of our concern over the reintroduction of the Ervin bill (S. 782 - Constitutional Rights of Federal Employees). We reminded Braswell of the serious problem which the bill poses for the Agency but we also indicated we wanted to avoid being accused of "lobbying" against it. We recommended several alternatives for seeking Agency exemption from the bill and indicated our concern that the bill not move too rapidly. Braswell seemed to appreciate the problem but strongly recommended that every effort be made to avoid conflict (particularly in a floor fight) with Senator Ervin. He suggested that we try to see Ervin once more in an effort to convince him of the need for our exemption. (See Memo for Record for details.)

Mr. Braswell mentioned that the Committee had not been thoroughly organized as yet but that we could expect intensive questioning on the ABM issue when a Committee briefing is scheduled.

Senator Bayh assured us of his continued support and said he would try to determine the speed with which the bill will move in the Judiciary Committee. He too suggested that we try once again to reason with Senator Ervin concerning our position. (See Memo for the Record for details.)

25X1 15. [] - GLC) Talked further with Bill Woodruff, on the staff of the Senate Appropriations Committee, regarding the material we are preparing on research grants and showed him a copy of the draft of our transmittal letter to Senator Richard Russell (D., Ga.). Woodruff made a suggested change in the letter and added that he did not see any problems with regard to this. He intends to suggest to Senator Russell that he (Woodruff) show this list to Senator Mike Mansfield (D., Mont.) and then return it to the Agency for safekeeping.

I also talked with Woodruff about the bill which Senator Sam J. Ervin, Jr. (D., N. Car.) had reintroduced (S. 782). I asked Woodruff for any thoughts he had as to how we should handle this. He suggested that we work through Senator Birch Bayh (D., Ind.) in an attempt to solve our problem within the Senate Judiciary Committee. He also suggested that Mr. Helms raise this as a problem the first time he meets with the CIA Subcommittee. 25X1

25X1 16. [] GLC) Charles Kirbow, on the staff of the Senate Armed Services Committee, talked with me briefly about the discussions which have arisen over the the continuation of the Honorable Stanley Resor as Secretary of the Army. Kirbow said that several members of the Committee, especially Senator Margaret Chase Smith (R., Maine), have expressed their views that President Nixon should have formally reappointed Secretary Resor and submitted his name to the Senate Armed Services Committee for approval. Secretary Resor's case has touched off a controversy in the Committee concerning the continuance in office of employees of President Johnson's administration. Kirbow mentioned this only because it is conceivable (though he thinks unlikely) that a similar question could be raised regarding Mr. Helm's continuance in the position of DCI. Kirbow wanted us to know that should this arise it was not the result of any feeling against Mr. Helms but rather the involvement in the overall problem.

17. [redacted] GLC) James Kendall, Staff Director of the Senate Preparedness Subcommittee, called to say that in his posture briefing of the Subcommittee former Secretary Clifford gave a figure for the number of Soviet bombers which was approximately three quarters of that given to the Subcommittee by the Agency. Kendall wondered whether we could explain the discrepancy. He thought he knew what it was but wanted to hear it from us. After checking with Bruce Clarke, OSR, I advised Kendall that Secretary Clifford had used the figure of 150 bombers which was an accurate figure; however, this figure does not include some 45-50 BISON bombers which are used as tankers. Kendall said this was the explanation he expected but he

[redacted]

Mr. Kendall indicated, prior to the Senate's consideration of the Non-proliferation Treaty, the Preparedness Subcommittee would want a briefing from the Director on the status of the various nuclear powers and the capability of other countries to achieve nuclear standing. They would be particularly interested in those countries who have not as yet signed the NPT but could develop nuclear capability such as India. I mentioned the Director's extremely heavy schedule and indicated that there might be a problem in the timing of this briefing. Kendall did not suggest a particular date but said they would obviously want the briefing before the Treaty comes up.
