1. [redacted] GLC) Talked with William Woodruff, on the staff of the Senate Appropriations Committee, and advised him that we are in the final stages of the preparation of our listing of research grants. This procedure is being undertaken as a result of a Bureau of the Budget Bulletin directing heads of departments and agencies to comply with a request from Senator Mansfield to compile such a listing. On the advice of Woodruff this material is being prepared for transmittal to Senator Russell as Chairman of the Appropriations Committee.

I discussed with Woodruff his view as to the necessity for also submitting this listing to the Chairman of the Senate Armed Services Committee. Woodruff said that, since Senator Mansfield's request grew out of an Appropriations Committee's consideration, he would recommend we submit the material only to the Chairman of the Appropriations Committee. This appears to be a reasonable position particularly since William Darden, former staff director of the Senate Armed Services Committee, had referred us to Woodruff on this matter.

2. [redacted] GLC) In response to his earlier inquiry expressing an interest [redacted] I advised David Martin, on the staff of Senator Thomas J. [redacted] GLC) Dorothy Fosdick, Staff Director of the Subcommittee on National Security and International Operations, called to advise that Colonel Haaken Lindjord, who had previously worked on the Committee staff, has left the staff to work with General Lincoln, on the staff of the Office of Emergency Preparedness. We are notifying the Office of Security so that appropriate action can be taken regarding Lindjord's access clearances to compartmented information.

a. he was travelling in his capacity as a member of the Senate Foreign Relations Committee;

25X1A b. he would not visit any Arab countries but would like a briefing on the Arab situation;

25X1A c. he has scratched Adana from his schedule;

[]

25X1A He asked suggestions as to how he could get a briefing on the Arab world without visiting an Arab country. I told him that [] had considerable experience in Arab matters, but if he was not visiting an Arab country it would be best to be briefed here before departure. He said he hoped the Arab situation could be covered when he visits Headquarters Tuesday, 4 February, and if he has to cancel the lunch he would nevertheless want to reschedule a meeting for this purpose.

25X1A The Senator's office has since cancelled the luncheon date but will be in touch about a time for the briefing.

25X1 5. [] JMM) Accompanied [] OCI, to brief Senator John Stennis (D., Miss.) on Soviet Bloc, Middle East and Vietnam situations. I also expressed to Braswell our appreciation for his assistance in expediting action on Admiral Taylor's appointment to the rank of Vice Admiral on the Retired List.

I talked with Braswell, at some length, on his desires in being briefed on matters of current intelligence interest. In this connection he mentioned the daily DIA briefings which have degenerated from daily briefings of the Committee to what amounts to an elaboration of newspaper stories in "briefings" of the Committee staff by DIA officials. 13. [] (GLC) At his request, I met with William Spell, Administrative Assistant to Senator John Stennis (D., Miss.). Spell feels a real need for informative briefings on the world situation so that he can better assist Senator Stennis during this period. He asked if we could provide these briefings and then keep him informed of any significant developments as they occur. I told Spell we would be happy to do this and I am to arrange for him to be briefed within the next few days on the Middle East situation, which he felt was a most important area for him to concentrate on initially. We will then provide briefings on other areas on a priority basis.

I talked with Spell, at some length, about the problem created by Senator Stephen M. Young's (D., Ohio) remarks on the floor of the Senate castigating both the Agency and the Director in connection with the Pueblo incident. Spell agreed that it would serve no useful purpose to try to answer Senator Young in an open forum on this subject. In this regard, he showed me a proposed press release which he had prepared for Senator Stennis' use, largely as a result of Senator Peter H. Dominick's (R., Colo.) written request to the Chairman requesting the Armed Services Committee's action on the Pueblo matter. Spell expects that Senator Stennis will make a statement today urging patience and restraint on the Senators and the public generally, until the Navy Board of Inquiry is concluded and reaches its findings.

Spell expects that Senator Stennis will defer to Senator Russell in the chairing of CIA Subcommittee sessions. He does expect, however, in the months ahead, Senator Stennis will want to establish a close relationship with the Agency and will want to be kept informed of world developments in much the same way he did during Senator Russell's illness when he (Senator Stennis) was acting chairman of the Senate Armed Services Committee.

[redacted] GLC) Met with Bill Woodruff, on the staff of the Senate Appropriations Committee, and informed him of my contacts with Senator Russell's staff in response to Charles Campbell's request for information as to how the North Koreans figure its territory. I reviewed a map with Woodruff prepared by OCI showing the difference between the use of contour and base line theories with regard to territorial waters.

Woodruff informed me that he had been in touch with Senator Russell regarding the arrangements for Admiral Taylor to pay a courtesy call on Senator Russell at which time Senator Russell would raise his views with regard to the Pueblo. I have been in touch with Proctor Jones, on Senator Russell's staff, in an effort to establish a date and time for this meeting.

Woodruff gave me an informal memorandum addressed to me from him on the subject of the withdrawal of reserves on a sensitive Agency project. Woodruff said he knew I had called the Director's attention to the fact that Senator Russell had given his approval for the development of this project subject to later discussions and prior to any operational utilization. He said he had written the memorandum so that he could assure Senator Russell that the Senator's requirements regarding this project had been conveyed to us. He said this was just a further indication of the close attention that Senator Russell is giving to these withdrawals.

During the course of our conversation, I talked with Woodruff at some length regarding the problem the Agency faces with respect to legislation, specifically, the CIA Retirement Act. Woodruff expressed the view that with Senator Stennis, Chairman of our Armed Services Subcommittee, he would expect we would have less difficulty obtaining such legislation in the future. 9. [] JGO) In response to his call of Friday, I talked to Mr. Art Kuhl, Chief Clerk, Senate Foreign Relations Committee, and advised him that our Headquarters has notified the field that Mr. David R. Calhoun, Jr., Major General John R. Murphy, Jr., as well as Mr. Kuhl, himself, each have top secret clearances. In response to his questions, I also advised, with the unlikely exception of the Senator moving into areas of operational or other sensitive Agency matters which would be discussed with him alone, that little difficulty should be encountered in the briefings. Mr. Kuhl thanked me for the advice.

10. [] JGO) Met with Mr. Robert Michaels, House Appropriations Committee staff, and reiterated the information that had been provided Mr. Sprankle on Friday that the Agency cannot fulfill the type of request made by Representative Riegle on behalf of his Assistant, Mr. Carl Blake. I further noted that I know of no instance where such a request had ever been honored. Mr. Michaels noted that he had felt this to be the fact and that as I requested, he would pass it on to the Chairman and Mr. Bow. He will advise me as to the outcome. As he had indicated previously, he has no knowledge of their areas of expertise and requested that I work out the matter of the proper persons to meet with them when they call.

I briefed Mr. Blandford, and later Mr. Slatinshek, on the following items: Communist propaganda tactics; Paris negotiations; North Korean objectives in current actions against South Korea; ChiCom construction of hydrofoil gun boats and torpedo boats; Soviet capability to develop small manned space stations; Soviet construction of new SA-3 sites; and possible effect of France's cancellation of the 1969 nuclear test series.

I thanked Mrs. Dresback for her call and advised that I would call her as soon as we were able to set a date for another briefing.

b. Representative John Wold (R., Wyo.) said he would be very pleased to attend the breakfast briefing and use our transportation. I was able to satisfactorily respond to his questions concerning the Agency budget and appropriation procedures and he acknowledged that these matters of necessity are highly sensitive and that specific information should be restricted to those who had a need to know. Mr. Wold has no particular problems with the Agency and recognizes that we are a constant subject for much speculation which is probably untrue. He is friendly and easy to deal with and said we could call upon him if we ever had a need. I pointed out that it had just come to our attention that there might be a conflict between our briefing and a meeting of the Freshmen Republican 91st Club and that we intended to hold at least one other breakfast briefing for new members.

Douglas Baldwin, formerly press secretary for Senator Hansen and Special Assistant to Representative William Harrison, is the Congressman's Administrative Assistant. He is friendly to the Agency.

c. Representative G. William Whitehurst (R., Va.) - is already committed to the 91st Club breakfast on the same date. We were invited to get in touch when we held our next breakfast briefing.

d. Representative W. C. Daniel (D., Va.) - the time was blocked on his calendar and they will let us know.

e. Representative Robert H. Mollohan (D., W.Va.) was quite strong in expressing his feelings that his time is too valuable to be expended in this fashion, but then at the same time volunteered that he was a loyal and strong supporter of the Agency and thanked me for dropping by to see him.

He asked if we could reschedule our briefing and offered to use his good offices for this purpose. I explained that we had just learned of the conflict and that in view of the acceptances we were committed to hold our breakfast briefing as scheduled, but that we would have another similar briefing some time after the Lincoln Day Recess and we would coordinate the date with him to assure there is no conflict with the scheduled activities of the 91st Club. He said he would pass this information on to the members of the 91st Club who have already accepted our invitation. He indicated that the Club's only other commitment following the 4 February briefing by Frank Shakespeare, Director-designate of USIA, is a briefing by Secretary of the Army Stanley L. 1. [] (JGO) Met with Mr. J. R. Blandford, Chief Counsel, House Armed Services Committee, and reviewed with him the proposed letter to the Administrator, Social Security Administration, concerning transfer of employment credits under the social security law. Mr. Blandford foresees no problems but requested that I brief Mr. Frank Slatinshek on this matter and such other Agency personnel matters as are appropriate at the moment. As for further follow-up legislation concerning possible amendment to the Central Intelligence Agency Act to assign transfer of credit charges to individual accounts, Mr. Blandford could foresee no real problem in joining with other retirement systems in a single legislative package through the Post Office and Civil Service Committee.

I briefed Mr. Blandford on the following items: (a) Soviet difficulties with the SL-12; (b) possible increases in Soviet military aid to Cuba; (c) the absence of Kosygin from the Moscow celebration for the Soyuz cosmonauts; (d) possible additional Arab terrorist attacks on El Al aircraft; and (e) continued increase in tensions in Czechoslovakia.

2. [] - JGO) Met with Mr. Frank Slatinshek, Counsel, House Armed Services Committee, and reviewed with him the highlights of the CIA retirement system and the Agency response to the Social Security Administration concerning their report to Ways and Means Committee on transfer of employee credits to social security where no retirement benefits are payable for civil service employment. In summary, it was requested that since Agency considerations, Agency retirement systems, and Agency personnel practices are new to Mr. Slatinshek, he would appreciate a detailed briefing on the Agency retirement systems and such other matters of personnel policy as are appropriate at the moment. Further meetings will be scheduled with Mr. Slatinshek on these subjects.

Mr. Kuhl requested advice concerning the security clearances of Major General John Murphy, Mr. David Calhoun, Jr., and himself in order to avoid any possible embarrassment with regard to the briefing sessions with Agency representatives at each of their stops during the trip. He noted that necessary arrangements will have to be made in the event that any of these three individuals do not have appropriate security clearances. I thanked him for the call and advised that I would be back in touch the first of the week.

Mr. Merkle passed on, for our information, a copy of the January 23 letter of a Member of Congress being circulated to members of the House of Representatives soliciting co-sponsorship of a bill to establish a Department of Peace. This bill, which was originally submitted to the 90th Congress, will be reintroduced on 6 February. As of January 21, 1969, this bill has 43 co-sponsors in the House. A conference of sponsors, both House and Senate, to revise the legislation and coordinate plans for legislative enactment is scheduled for January 29.

14. [redacted] JSW) At the request of Kenneth Sprankle, Staff Director, House Committee on Appropriations, and after coordination with Mr. Maury, I met with Mr. Sprankle and Bob Michaels. Sprankle stated, by way of background, that Representatives Riegle and Shriver, on the Passman Foreign Operations Subcommittee, of the House Committee on Appropriations, were taking a trip to Vietnam and other places. Carl Blake, Riegle's staff man, apparently raised a question with Frank Merrill, Subcommittee Staff Assistant, whether funds could be allotted by the Subcommittee for Blake to travel with Riegle and Shriver. Merrill, in accordance with full Committee policies, stated that the Chairman did not approve this type of Committee practice. Sprankle then stated Blake asked Merrill if it would be acceptable if he (Blake) went off the Congressman's payroll ostensibly for the period of the trip and entered into a consulting arrangement with CIA which would pay for the trip. Sprankle said this was mentioned in such a way to give the impression that this was a practice of the Agency. Sprankle then advised that the reason he called [redacted] was that my tenure covered such a long period that I would remember if we ever had done this kind of thing. I assured him we had never done this to my knowledge. Mr. Merkle evidenced some surprise that Mr. Bray had not mentioned his destination in conversations with me yesterday and Friday but noted that since it was purely a personal vacation and "getaway" trip for Representative Bray and his wife, that Mr. Bray may have felt that we did not want to be bothered with his personal affairs. The briefing was an overview of the current situation in the Far East with some emphasis on the Philippines, [redacted] Korea, Vietnam, Laos, and was well received by both Mr. Woodruff and Mr. Michaels. [redacted] coverage of material of particular interest to both Messrs. 25X1A and his Administrative Assistant, Carl Blake, visited Headquarters for
25X1A lunch and a briefing on Vietnam [redacted]
[redacted]

The luncheon conversation covered the general political and military situation, the feasibility of U.S. withdrawal and the prospects in the months ahead. Mr. Carver briefed the group in his office on the Hamlet Evaluation System particularly emphasizing its limitations. Representative Riegle offered a number of questions and comments reflecting keen interest in the subjects discussed and in conclusion said he found the briefing very useful, noting that many of Mr. Carver's points coincided with his own conclusions based on his independent study. Since time did not permit the completion of Carver's presentation, Representative Riegle said he wished to return to the Agency for a follow-up within the next few days and will call us to set a date.

25X1 2. [redacted] JMM) Called Jay Sourwine, Senate Internal Security

had not already appeared in the public purview. Sourwine volunteered the
25X1A remark that he personally had nothing against [redacted] and if he needed some

7. [] GLC) Jay Sourwine, Chief Counsel, Special Subcommittee on Internal Security, returned to me the publication entitled Restless Youth which we had made available to him previously.

STATOTHR

In response to my query, Mr. Sourwine said that Senator Eastland has reintroduced his omnibus amendments to the Internal Security Act in exactly the same form in which his bill was introduced in the last Congress. It is their strategy to amend the new bill in Subcommittee to include the same amendments which were made to S. 2988 in the 90th Congress. This will avoid the necessity for conducting additional hearings on the bill. (This situation could affect our plans to approach Sourwine with a suggested amendment to the bill having to do with disclosures of information.)

OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 15 January 1969

25X1 1. [redacted] JGO) Received a call from Mr. J. Sourwine, Chief Counsel, Senate Internal Security Subcommittee, who advised that the Subcommittee intends a review in depth of the security clearance procedures and reviews that were conducted concerning the security

25X1A clearance [redacted] The Subcommittee, however, does not want to proceed in their normal fashion if there is any danger of interference with Agency interests or activities. If such danger exists, the Committee would of course conduct their review in a fashion that would accommodate Agency interests. I thanked Mr. Sourwine for his concern and advised that I would relay his query and be back in touch with him.

25X1 2. [redacted] JGO) Talked to Mr. Robert Michaels, House Appropriations Committee staff, and after discussion with him, put off the planned briefing [redacted] C/FE, until next week. Further conversation will be necessary with Mr. William Woodruff, Senate Appropriations Committee staff, before scheduling the briefing. Mr.

25X1A [redacted] has been advised.

25X1A 3. [redacted] - CEA) Picked up [redacted] and a group of six at the office of Representative John Culver (D., Iowa) and brought them to the Agency for a briefing [redacted]

Derwinski (R., Ill.), called on behalf of a constituent who had deserted the Army to East Germany and who since has returned and wants to bring his wife and child into the United States. I told Mrs. Bolton that this is primarily a visa problem and she should get in touch with the Department of State.

I told Thomas that I would be glad to talk with Woodruff to alert him to a call from Geological Survey officials.

6. [redacted] - LLM) Met with Mr. Wade Isaacs, Administrative Assistant to Representative David E. d. remarked that Senator Ervin seems determined to renew his efforts to push through his bill on the constitutional rights of Federal employees (containing several provisions which would be very troublesome to the Agency).

I gave Senator Bayh a quick rundown on the status of the Soyuz 4 and 5 shots and their apparent implications. He expressed interest and said he would like to keep himself briefed on such matters in the future.

OFFICE OF LEGISLATIVE COUNSEL

25X1

1. [redacted] - JGO) Met with Mr. Charles Johnson, Staff Director, House Post Office and Civil Service Committee, who advised that the Post Office Committee cannot organize until its members are assigned but that there is no press by the Chairman for assignment. Even after assignment of members, there may be some delays by the Chairman in organizing the Committee. As for the Executive Pay Bill, Mr. Johnson feels that there are sufficient votes available in the Committee to override any objection to the proposed increases and that delays in organization of the Committee will foreclose consideration of any motions such as the one presented by Representative Gross, at least until such time as the Committee is organized. The thirty days for consideration of such objections will run from the time of the President's budget message.

Mr. Johnson noted that studies are in process for rather extensive reorganization of the Post Office and Civil Service Committee by reducing the number of Subcommittees and recasting the Committee rules to place additional authority in the hands of Chairman Dulski. As for legislation, he advised that Representative Daniels, Chairman of the Subcommittee on Retirement, Insurance and Health Benefits, will be pushing hard on the retirement bill that passed the House at the close of the last Session. Although there are technical imperfections in the bill, Representative Daniels will be introducing it in the House in the form in which it passed and leaving the cleanup work to the Senate Committee. [] (LLM) Mr. Irving Jacobs, of the Social Security Administration, called and advised that they had not met their deadline on transmitting the report on Social Security and Federal employment to the House Ways and Means and Senate Finance Committees which has been the subject of previous correspondence between us. He said a letter was being sent to the Director to request comments on an updated version of the report, which also contains specific recommendations, prior to its submission to the congressional committees involved. I pointed out several errors in the appendixes to the report, which we had recently received separately, and he said he would make these corrections as they pertain to the CIA and Civil Service systems.

25X1 12. [] (GLC) In response to his request, []
25X1A [] DD/S&T, briefed Mr. William Woodruff, of the Senate
25X1A Appropriations Committee staff, on an Agency sensitive project which
25X1 was the subject of a withdrawal from reserves described in our letter to Senator Russell dated 23 December 1968. Although he had expressed an opinion earlier that it would probably be necessary for Mr. Helms to talk to Senator Russell about this project, Woodruff indicated, after [] briefing, that he thought he could handle this with the Chairman. Woodruff said the briefing had been extremely helpful in this regard. He did say, however, that at an appropriate time, before the project becomes operational, the Director should talk to Senator Russell about this.

(I understand there is a particularly sensitive version of this paper, but this is not the version under consideration.) I explained to Sourwine that there might be in the paper he receives some passing references to youth activities within the U. 25X1 7. [] - GLC) In response to his earlier request, I
provided Bill Woodruff, on the Senate Appropriations staff, with back-
ground information concerning the withdrawals from the reserve
25X1A involving Vietnam and Laos. In connection with the Director's with-
drawal letter of 23 December involving a sensitive project, it was
agreed that [] DD/S&T, would brief Woodruff at
his convenience. Woodruff commented that Senator Russell was taking
a much closer look at withdrawals this year than he has in times past.
He said Senator Russell had expressed a very sour reaction to the 23
December item. Woodruff said that if he was unable to satisfy the
25X1A Chairman [] he proposed to suggest
to Senator Russell that Mr. Helms discuss the project with the Senator
personally. Woodruff asked that the Director do nothing on this however
as yet.

Woodruff mentioned that he was considering recommending to
the Chairman that a formal reference to the Agency Subcommittee be
included in the list of Appropriations Subcommittees this year. Woodruff
asked for my comment on his proposal to have this called an "Intelligence
Activities Subcommittee" which would be listed under the Defense Sub-
committee. I pointed out several problems regarding such a listing.
As a result Woodruff decided tentatively to call it the CIA Subcommittee
but to include it under the Defense listing. (See Memorandum for the
Record for details.)

25X1 8. [] GLC) John McMahon, OSP, advised that James Gehrig,
Staff Director, Senate Committee on Aeronautical and Space Sciences, had
made an inquiry to the Department of Defense (DOD) which involves a
sensitive Agency project. I subsequently saw Gehrig and gave him the
minimum briefing necessary on this project in order to be of assistance
to Gehrig and to take the pressure off DOD. Gehrig was most cooperative
and understanding and expressed his appreciation for my seeing him on this.
He said he would like to brief Chairman Anderson on this and I readily
agreed. Gehrig and I then worked out some ground rules regarding the
handling of inquiries he may receive from other members of the Space
Committee with the exception of CIA Subcommittee members (who have
already been briefed on the project). Gehrig will consult us for our
advice as to how the inquiries should be handled.

former Committee Counsel, for use in briefing the Chairman and
members of the Committee. See Memorandum for the Record.

25X1 3. [redacted] (JGO) Met with Mr. J. R. Blandford, House
Armed Services Committee, and discussed his conversations with
Representative Bray concerning the withdrawal of an Agency recruiter
from the University of Indiana. In essence, Mr. Blandford indicated
that he has talked to Mr. Bray several times since his return to the
city and no further mention has been made of the subject. I thanked
Mr. Blandford for the information.

Later in the day, I met with Mr. Bray between offices. He
was most cordial in his salutations for the new year. He advised that
he has been in consultation with the Governor of the State of Indiana as
well as the president and administration of the University, and they
are all solidly behind us (CIA) and will back us and our recruiter 100
percent. Representative Bray indicated that the feeling is very strong
in Indiana that these few dissident students should not be allowed and
will no longer be allowed to control or interfere with proper University
administration. After some conversation on the point, I advised Mr.
Bray that the Agency wishes to avoid becoming the focal point in such
confrontations between dissident students and the administration of the
University. He indicated his familiarity, from a previous briefing by
the Director, with the fact that our Agency policy is founded in a
Presidential request and that the greater problem of leftwing attacks
on the Agency may also be involved. He advised that he is currently
doing a paper on the general topic of activities of the leftwing and asked
that I stop by tomorrow when a draft of that paper will be available. I
thanked Mr. Bray for his courtesies and plan to go by his office
tomorrow afternoon.

In passing, Mr. Michaels noted that Representative Glen Lipscomb is spending more than half his time at the Executive Office Building with the Nixon people as liaison for Mel Laird. There is some indication that Mr. Laird is exerting more than a little pressure in an effort to obtain Representative Lipscomb's services as Deputy Secretary-Comptroller.
