1. (Internal Use Only - LLM) Mr. [redacted] and I met with Ed Braswell, Senate Armed Services Committee staff (who was preoccupied with the military procurement hearings) concerning the impact of the Daniels bill on the CIA retirement system. On the positive side Braswell agreed to the necessity for similar adjustment of the benefit structure of the CIA system. His offhand reaction to riding piggyback on the Daniels bill in the Senate Post Office and Civil Service Committee concerned the jurisdictional problem. He also indicated that early action by the Senate on the Daniels bill is not a foregone conclusion at this time. We said we would like to meet with him again to explore this matter further, and he agreed that this would be a good idea.

2. (Unclassified - CEA) In response to her call concerning the employment status of an applicant, [redacted] I informed Miss Eye, in the office of Representative Robert Mollohan (D., W. Va.), that Miss [redacted] processing should be completed in mid-May. Miss Eye asked if we would send a copy of whatever letter we send to Miss [redacted] to the Congressman, which I arranged with the Office of Personnel.

5. (Unclassified - JMD) Charlotte Kludzuweit, Personal Secretary to Representative Edward J. Derwinski, called and said the Congressman would like either Mr. Maury or [redacted] to drop by and see him on Monday, 5 May at 10:30. She was advised that one or the other would be there.

6. (Unclassified - GLC) Miss Judith Spahr, on the staff of the Senate Subcommittee on National Security and International Operations, called and expressed an interest in another article which appeared in the same issue of Kommunist as the article by General Yepishev. The new article deals with the Brezhnev doctrine and defends the Soviet invasion of Czechoslovakia.

7. (Confidential - GLC) Met with Mr. Dean Pohlenz, Administrative Assistant to Senator Roman L. Hruska (R., Neb.), for a preliminary discussion of our problems with S. 782. (Senator Milton Young (R., N. Dak.) had suggested that we talk with Pohlenz before talking with Senator Hruska personally.) Pohlenz appeared interested and sympathetic to our situation. He also gave some constructive suggestions and information on the Constitutional Rights Subcommittee's procedures. He plans to talk to Senator Hruska about this with a view to arranging for us to meet with the Senator some time next week. (See Memorandum for the Record for details.)

9. (Confidential - JGO) Talked to Mrs. Mary McLaughlin, Senate Foreign Relations Committee staff, and received from her the current address for Mr. William Bader who recently left the Committee staff. During the conversation I advised Mrs. McLaughlin that Mr. Maury had talked to Senator Pell and that Senator Pell's question to her concerning Agency response to questions during the Directors appearance April 23 related to the listing of questions provided by the Committee staff for response by the Agency. She appreciated the advice.

OFFICE OF LEGISLATION COUNSEL

Tuesday - 29 April 1969

1. (Secret - GLC) Mr. Frank Hand, in the Office of Secretary of Defense, called to say that at Secretary Laird's request he was sending to the Director a list of congressional staff clearances. Mr. Hand thought we would be interested in this.

2. (Unclassified - GLC) Mr. Arnold Brustin, on the staff of Senator Gaylord Nelson (D., Wis.), called and suggested Thursday afternoon, 6 May, for our briefing of the Senator. After checking with the Director's office, this was set up for 2:30 p. m. on that day.
25X1

3. (Confidential - GLC) Messrs. Maury and [redacted] talked with William Woodruff, on the staff of the Senate Appropriations Committee, regarding the Agency's problems in the retirement field generally and with regard to congressional action on the Daniels bill in particular. Mr. Woodruff said he could see objections to our obtaining any legislation through the Foreign Relations and Foreign Affairs Committees (as part of any joint effort on our part with the State Department) but was inclined to feel that there would be no serious objection if we and the State Department were to get an amendment to the Daniels bill in the Senate Post Office and Civil Service Committee which would extend this benefit to both Foreign Service and CIA retirees. Mr. Woodruff was inclined to look with favor on an approach which would grant to the Director the authority to adopt administrative provisions of other retirement acts for the CIA retirement system as he deemed those provisions appropriate. In this connection, he mentioned he thought it would be much easier for us to obtain legislation through the Armed Services Committee under Senator Stennis' chairmanship than it was while Senator Russell was chairman of this Committee. We acknowledged that this was a subject which we would have to take up with Ed Braswell, on the Armed Services Committee staff, but expressed an interest in and an appreciation for Woodruff's views on the subject.

4. (Secret - GLC) Briefed Mr. Woodruff on the Soviet MRV test of 26 April and on the continuing indications of uncertainty in the Soviet leadership situation.

5. (Confidential - JMM) Mr. Cary and I called on Senator Ernest F. Hollings (D., S. C.) regarding our problems with the Ervin bill (S. 782). We recalled how helpful Senator Hollings had been on this matter during the last session of Congress and explained to him the status of the bill in this session. We said we would appreciate Senator Hollings' advice on whether, and if so how, we might raise the matter with Senator Strom Thurmond, who is a member of Senator Ervin's Subcommittee of the Judiciary Committee which has jurisdiction over the bill. Senator Hollings said that because of political differences, he would prefer not to contact Senator Thurmond in our behalf, but thought it would be useful for us to do so directly. Senator Hollings felt we had a strong case and should not hesitate to present it to most or all members of the Subcommittee despite the fact that Senator Ervin would, as in the past, accuse us of lobbying. Hollings indicated that we shouldn't expect much help from Senators Russell or Stennis, remarking that Russell's effectiveness has suffered from his bad health and Stennis was "overwhelmed" by the problems he had inherited as Chairman of the Armed Services Committee. Hollings said he would like to get a world roundup briefing from us at the first opportunity, and will call us as soon as he can fit it into his schedule.

6. (Internal Use Only - CD) Received a call from Mrs. Carr, in the office of Representative Frank T. Bow (R., Ohio), who requested an employment interview for Mrs. Janet Klenko. After checking with Mr. Saverance, Office of Personnel, I advised Mrs. Carr that an appointment has been scheduled for Wednesday, 7 May at 3:00.

7. (Internal Use Only - JGO) Met with Harry Cromer, House Foreign Affairs Committee staff, who requested an updating of the ChiCom VIP listings and biographic sketches that had been provided for the Far East Subcommittee. I advised I would relay his request and be back in touch with him. O/DD/I has been advised.

8. (Internal Use Only - JGO) Delivered to William Sullivan, in the office of Representative Glenard P. Lipscomb, a recent Pravda article on the "military-industrial complex" theme. Sullivan advised that the various materials provided on this subject did not cover the earlier pronouncement believed to have been made in the Moscow press probably in November or December 1968. I advised Sullivan I would relay his request and be back in touch with him.

9. (Unclassified - JGO) Met with Mr. Paul Goulding, in the office of Senator Claiborne Pell, and reviewed with him the current status of the [redacted] case. Goulding advised that the Senator was requesting the Department of the Army to review their files for possible employment records during the period [redacted]

10. (Secret - JGO) Met with Robert Michaels, House Appropriations Committee staff, and confirmed with him the briefing for Michaels and Bill Woodruff, Senate Appropriations Committee staff, on Thursday, 9:00 a.m., at the Agency. I briefed Michaels on the following items:

- a. Soviet extended range tests of SS-9;
- b. Soviet maneuverable satellite program;
- c. Moscow May Day parade;
- d. ChiCom naval spring training exercises;

11. (Internal Use Only - JGO) Received a call from Colonel Roy Steele, Chief, Investigations Division, Army Office of Legislation. Colonel Steele advised he had talked with John Reddan, House Armed Services Investigations Subcommittee, during the day and that he will be arranging to have Army Operations personnel meet with Reddan on the question of E&E procurement by the Department of the Army. I thanked Colonel Steele for the advice.

12. (Internal Use Only - LLM) Called Robert Hull, Department of State, to get a current reading on the Department's efforts to obtain the benefit provisions of the Daniels bill for the Foreign Service retirement system (see Memorandum for the Record).

(Internal Use Only - CEA) Talked to Mrs. Susie Monahan in the office of Representative Joel Broyhill (R. , Va.), concerning [redacted] an Agency employee who had been in to see the Congressman about his failure to obtain a raise at the Agency. 1. 3. (Secret - GLC) Hand carried to Dorothy Fosdick, Staff Director, Subcommittee on National Security and International Operations, an excerpt from the Director's testimony before the Senate Preparedness Subcommittee on 8 April 1968 on the subject of the SS-9. Miss Fosdick said this was precisely what Senator Henry Jackson (D., Wash.) wanted and thanked us for providing this information.

4. (Unclassified - GLC) Called Arnold Brustin, on the staff of Senator Gaylord Nelson (D., Wis.), about the dates which we had suggested for the Director to brief the Senator. He said that both of these dates were impossible for Senator Nelson. I suggested that he talk with the Senator and suggest some alternate dates which I would then check with the Director's calendar. Mr. Murphy was very courteous and outgoing and offered me the use of his office facilities whenever I was up on the Hill.

6. (Confidential - JMM) Per the Director's instructions, I called Senator Claiborne Pell to clarify an inquiry we had received in his behalf from the staff of the Senate Foreign Relations Committee, indicating the Senator wanted to know when he could expect the "answers to some questions" which had come up during the Director's recent appearance before the Gore Subcommittee. Pell said he was interested only in the answers to questions contained in a questionnaire prepared by the Committee staff. I said these answers (presently being prepared by DD/S&T and OSR) would probably be ready this week.

OFFICE OF LEGISLATIVE COUNSEL

Friday - 25 April 1969

1. (Confidential - JMM) This morning, before 8:00 A. M., Miss Dorothy Fosdick, Staff Director of the Subcommittee on National Security and International Operations, phoned me at home to say that Senator Henry M. Jackson, now in New York, had called last night to express concern over word being leaked to the press regarding the SS-9. According to Miss Fosdick, Senator Jackson has been told by press friends that opponents of the U.S. ABM system are circulating word that the intelligence community has only recently--since December--been describing the SS-9 as designed primarily to hit hard targets. Miss Fosdick said Senator Jackson was sure this was not the case but he wished a briefing on the subject, including a review of past estimates dealing with the SS-9, when he returns to Washington on Tuesday. Miss Fosdick will call us next week to set a time.

Later in the morning, I called Miss Fosdick to say that on checking records of the Director's testimony, I could confirm that just one year ago--testifying before the Senate Preparedness Investigating Subcommittee on 9 April 1968--he had described the SS-9 as suitable for attacking hardened targets.

2. (Unclassified - LLM) Mr. Arnold Brustin, in the office of Senator Gaylord Nelson (D., Wis.), called to check the status of the briefing for Senator Nelson which he had discussed with [redacted] earlier in the week. 25X1 He said the Senator may at any time ask him about the status of the arrangements for the briefing and I said we would be back in touch before the close of the day.

3. (Internal Use Only - CD) Received a call from Lacey Gude, in the office of Senator Charles McC. Mathias (R., Md.), who requested a personnel interview for [redacted] 25X1 After making the arrangements with the Office of Personnel, I advised Lacey Gude that the interview was scheduled for 10:00 A. 4. (Unclassified - GLC) Called Arnold Brustin, on the staff of Senator Gaylord Nelson, regarding his outstanding request on behalf of the Senator for a briefing on the Soviet and Chinese Communist threats. I explained to Brustin that the Director had been extremely busy but wanted to be responsive to the Senator's request and suggested two possible dates for a briefing--Tuesday, 29 April or Friday, 2 May in the afternoon. I told him we could work out the details next week but laid down the ground rules that this was a briefing for the Senator only and we would ask that the fact of the briefing not be advertised. Brustin pressed the question of his attending the briefing in view of the fact that he has a Top Secret clearance but I told him because of the sensitivity of this subject matter we were briefing only members and committee staff. Brustin seemed to accept this. He will check out the dates with the Senator and be back in touch with me.

5. (Confidential - JGO) Met with Mr. Bun Benton Bray and Mr. E. Hugler, House Subcommittee on Manpower and Civil Service staff. Mr. Bray said that Chairman Henderson had reviewed his proposed bill with the Subcommittee during their meeting yesterday and that it was now ready for introduction whenever such introduction might be appropriate. All copies are with the Chairman at present. Mr. Bray also noted that from information available to the Committee it appears that there is little pressure from the Unions at this time for consideration of the Ervin bill and that pressure could continue to decrease in the light of other matters of legislative importance to the Unions.

6. (Confidential - JGO) Met with Russ Blandford, Chief Counsel, House Armed Services Committee. Mr. Blandford advised that there does not appear to be any need for testimony by the Director with regard to the current hearings by the Pike Subcommittee on the EC121 and that to his knowledge no consideration has been given by Chairman Pike to calling the Director. I thanked Mr. Blandford for the advice.

7. (Confidential - JGO) Mrs. Mary McLaughlin, on the staff of the Senate Foreign Relations Committee, called in response to a question she received from Senator Claiborne Pell (D., R. I.) about responses from the Agency to questions posed by the Senator during the Director's briefing on 23 April. I advised Mrs. McLaughlin that responses to the list of questions presented by the Committee were in preparation and would probably be returned to the Committee late in the coming week.

8. (Secret - JGO) In keeping with arrangements for safekeeping of the transcript of the Director's briefing on 23 April, I delivered the original of the transcript to the Committee for use by the Chairman and members during the day and received it back from Mr. Carl Marcy, Chief of Staff, Senate Foreign Relations Committee, at the end of the day. Mr. Marcy advised that the system of retention by the Agency and delivery to the Committee as needed appears to be working well. The transcript will not be needed again for Committee review unless called for. It was re-affirmed that the transcript is kept in the main Committee room and members or Committee staff who desire to review it come to the Committee room. This avoids the problems that occurred in the past in sending such transcripts to members' offices or to the offices of the Committee.

9. (Internal Use Only - JGO) In response to a request relayed through Representative Glenard Lipscomb (R., Calif.), I met with Representative Clarence Brown, Jr. (R., Ohio) and discussed a possible employment application of [redacted] recently retired from the military. Arrangements will be made to interview [redacted] in Ohio. 25X1

10. (Internal Use Only - JGO) Talked to Representative Lipscomb and advised him that the paper he requested on the Soviet threat will be ready early in the week.

11. (Unclassified - JGO) Delivered various FBIS items to Judith Spahr and Richard Brown, on the staff of the Senate Subcommittee on National Security and International Operations. 25X1

OFFICE OF LEGISLATIVE COUNSEL

25X1

1. (Secret - JMM) This afternoon Mr. [] and I stopped by to see Mr. William Woodruff, Assistant Chief Clerk, Senate Appropriations Committee, and I gave a brief rundown on the Director's appearance yesterday before the International Organization and Disarmament Affairs Subcommittee of Senate Foreign Relations Committee. I said the Director, in his prepared statement, had carefully avoided going beyond the conclusions covered in his previous briefings of the Agency Subcommittees, or getting into sensitive or controversial details. I mentioned that the Director had been questioned on whether the community had ever estimated regarding the Soviet first-strike capability, and had replied that in the preparation of National Estimates we stuck to what was indicated by available evidence and this did not permit conclusions as to what the situation might be a number of years hence--for example in the late 1970's.

2. (Confidential - JMM) Mr. Woodruff confided that it now appears that the Administration cannot win on the ABM issue and if it came up today the Safeguard project would be defeated by at least four or five votes. Woodruff feels it was unfortunate that Laird and Packard had gotten so far "out on a limb" and it would have been much better to have Foster and Starbird carry the ball. Woodruff remarked that Secretary Rogers' comment on the subject had been exactly right.

Woodruff said he had personally tried to get Senator Russell to "back off" when he realized the probable outcome.

3. (Unclassified - JMM) In response to his request, on behalf of Senator Henry M. Jackson, Mr. Richard Brown, on the staff of the Subcommittee on National Security and International Operations, was kept informed of the ticker items regarding the closing of the Chinese Communist Party meeting.

4. (Secret - GLC) Messrs. Maury and [] met with Senator Milton Young (R., N. Dak.). We reviewed the action which has been taken by the Agency in contacts with Senator Ervin on S. 782 this year and refreshed the Senator's memory concerning the problems which this legislation poses for the Agency. We pointed out that our problems with this legislation have been discussed with Senators Richard Russell (D., Ga.) and John Stennis (D., Miss.) as well as Senator John McClellan (D., Ark.), who is a member of our CIA Subcommittee and Senator Sam Ervin's (D., N. Car.) Subcommittee on Constitutional Rights which is considering S. 782. We asked Senator Young if he would be willing to approach Senator Roman Hruska (R., Neb.), ranking minority leader of the Ervin Subcommittee, on our behalf indicating his (Young's) support of our position with respect to the bill as it effects the Agency and asking Senator Hruska if he would be willing to hear the Agency state its case on the legislation. Senator Young said he would be happy to do this and would expect to see Hruska early next week. We will contact Senator Young on Tuesday if we have not heard from him before that time.

5. (Secret - GLC) Mr. Maury briefed Senator Milton Young (R., N. Dak.) on a number of matters of current intelligence including speculation with regard to the May Day parade in Moscow and what this portends, Soviet naval activity in the Mediterranean, and the continuation of friction between the Soviets and Communist Chinese and indicators which we have that the Soviets are keeping a close eye on the situation on the Sino-Soviet border.

6. (Secret - JGO) In keeping with prior arrangements, delivered the original of the transcript of the Director's testimony of 23 April to the Foreign Relations Committee for use of the Chairman and members during the day. The transcript was returned to the Agency at the end of the day for safekeeping.

7. (Secret - JGO) Received a call from James Lowenstein, Senate Foreign Relations Committee staff, who commented that the Director's briefing was possibly the most interesting session he had ever attended. He found the Director most impressive. The purpose of his call was to advise that although the questions furnished the Director for written response had been approved by the Chairman, he would be pleased to provide clarification should the wording or format prove troublesome. I thanked Mr. Lowenstein for his offer.

OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 22 April 1969

1. (Secret - GLC) George Murphy, on the staff of the Joint Committee on Atomic Energy, called again on statements made on the ABM situation. This time Murphy was interested in any elaboration which I could give on Secretary Roger's statement last night regarding the Soviet testing of the SS-9. After checking with [redacted] of OSI, I reviewed with Murphy pertinent points regarding the Soviet tests of 18 and 19 April.

25X1

Later in the day, Murphy called and left a message regarding comment on the "West German espionage story" in the New York Times. I have discussed this with [redacted] EA/DDP; I have not been back in touch with Murphy on this.

25X1

25X1

2. (Secret - JGO) Accompanied Mr. [redacted] OCI, who briefed Representative Ogden Reid (R., N. Y.) on the Middle East and touched on certain highlights of current events. (See [redacted] Memo for the Record.)

25X1

3. (Confidential - JGO) Met with Mr. Arthur Kuhl, Chief Clerk, Senate Foreign Relations Committee, and finalized the arrangements for the Gore Subcommittee briefing by the Director on Wednesday, 23 April, in the main committee room S116 of the Capitol. Mr. Kuhl confirmed the previous listing of staff personnel who are expected to be present and advised that Mr. William Miller, of Senator John Sherman Cooper's (R., Ky.) staff, would not be present.

4. (Secret - JGO) Talked to Mr. Francis Matchett, on the staff of the Subcommittee on Manpower and Civil Service of the House Committee on Post Office and Civil Service. Mr. Matchett advised that the Subcommittee would be meeting on Thursday. He also noted that Chairman Henderson might well take up his new draft bill on protection of the constitutional rights of Federal employees with the Subcommittee at that time. No copies of the draft are available as yet.

25X1 5. (Confidential - CEA) J. Sourwine, Chief Counsel, Senate Special Subcommittee on Internal Security, called to ask for any information we could give him on Mr. and [redacted] who were reported by the press to have been questioned by Scotland Yard concerning espionage activities.

25X1 Subsequently, Sourwine called again and asked for any available information on [redacted] I told Sourwine I would check and be back in touch with him.

6. (Internal Use Only - CEA) William Crawford, in the office of Representative Charles H. Griffin (D., Miss.), called and said he and the Congressman would like a briefing on strategic deployment of troops and materiel in Communist China. Crawford said they wanted unclassified information and when I told him that the Agency would not have unclassified information which is not also available to the Library of Congress it was agreed he would withdraw his request for a briefing by the Agency.

7. (Unclassified - LLM) Bill Sullivan, in the office of Representative Glenard Lipscomb (R., Calif.), requested copies of Pravda articles in December 1968 which carried reference to the "military-industrial complex." [redacted] FBIS, is working on this.

STAT

25X1 8. (Unclassified - LLM) In response to Representative William Cahill's (R., N.J.) letter request to the Director, made arrangements through Mrs. Virginia Pickett, of the Congressman's office, for a personnel interview for [redacted] by [redacted] Personnel, at 2:00 p.m. today.

25X1

25X1 9. (Confidential - JGO) Talked with Mr. Robert Michaels, House Appropriations Committee staff, and confirmed the meeting for 10:30 a.m. tomorrow, 23 April, with Mr. [redacted] of DD/S&T, concerning certain radar techniques.

1. (Confidential - CEA) Accompanied by [redacted], NE Division, escorted Mr. [redacted] on a tour of Capitol Hill, the Library of Congress, and the Supreme Court building.

25X1

2. (Confidential - CEA) After checking with [redacted] I informed J. Sourwine, Chief Counsel, Senate Special Subcommittee on Internal Security, that [redacted] about whom Sourwine had previously inquired, does not have a good record and that I seriously questioned whether Sourwine would want to call him as a witness. Sourwine thanked me and said he had assumed as much.

25X1

3. (Internal Use Only -LLM) The administrative assistant to Representative William T. Murphy (D., Ill.) called in connection with FBIS Daily Reports. He will check with Mr. Murphy to determine whether either in addition to, or in lieu of, the White Book he would like to receive the Asia and Pacific and the Communist China Area Reports now that he is Chairman of the Subcommittee on Asian and Pacific Affairs.

6. (Secret - GLC) Hand carried to William Woodruff, on the staff of the Senate Appropriations Committee, "fact sheets" and photographs on the Harke and Homer Soviet helicopters in response to his earlier request. Woodruff asked if I knew the status of the Army's assessment of the Harke and I responded by indicating that we did not keep up with this on a day-to-day basis but it was my understanding that a substantial assessment had been made by the Army's Foreign Science and Technology Center and a report prepared on the basis of this which was probably available through Army channels.

Talked with Woodruff about arranging for him and Robert Michaels, on the staff of the House Appropriations Committee, to visit the Agency to view the Soviet film, "True Sons of the People" and to receive a briefing on a special project. This has been set for Thursday at 9:00 a. m.

I briefed Woodruff on the following items:

- a. Soviet naval exercises in the Mediterranean.
- b. Soviet satellite reconnaissance.
- c. Soviet propaganda attacks on Yugoslavia and Romania.
- d. Strategic arms talks.
- e. Recent developments in Soviet attitude toward China.
- f. North Korean exploitation of U. S. aircraft shoot-down.
- g. "Realists" in new Czechoslovakian Government.
- h. Soviet leadership difficulties.
- i. Soviet SS-9 tests.

7. (Secret - GLC) Hand carried to George Murphy, on the staff of the Joint Committee on Atomic Energy, the latest Worksheets 25X1 dated 11 April 1969.

Talked further with George Murphy regarding recent Soviet tests of the SS-9 in connection with his query regarding Secretary Laird's statement "that the Soviets have tested in the last two weeks a very new and sophisticated ABM weapons system."

Murphy expressed continuing interest in statements being made by Arms Control and Disarmament Agency (ACDA) officials regarding our national verification capability with respect to undeclared facilities. He said he understood that ACDA had recently finished a study on this subject.

9. (Secret - JGO) After consulting with Mr. [redacted] DD/S&T, I scheduled a meeting for 10:30 a. m., Wednesday, 23 April 1969, with Mr. Robert Michaels, on the staff of the House Appropriations Committee, for a briefing on certain radar techniques that had been requested by Mr. Michaels.

10. (Secret - JGO) Received a call from Carl Marcy, Chief of Staff, Senate Foreign Relations Committee, concerning the meeting this afternoon between the Director and Chairman Fulbright. (See Memo for the Record.)

Later in the day, I received a call from Mrs. Mary McLaughlin, on Mr. Marcy's behalf, requesting advice on whether the Director would approve Mr. Marcy's attendance at today's meeting with Chairman Fulbright. It was indicated that Mr. Marcy had discussed the matter with the Chairman but that his attendance would be subject to the Director's determination. After checking with [redacted] Office of the Director, I advised Mrs. Mary McLaughlin that the Director had no objection to Mr. Marcy's attendance at the meeting.

ADDENDUM TO JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Friday - 18 April 1969

1. (Confidential - JGO) Met with Mr. Harris, House Subcommittee on Manpower and Civil Service, who advised that the draft of Chairman Henderson's bill on protection of constitutional rights of Federal employees has been completed. The Chairman has it with him this weekend for study and may introduce it in the coming week. No copies of the draft are available at present.

2. (Secret - JGO) Met with Mr. James Lowenstein, on the staff of the Senate Foreign Relations Committee, concerning the Director's scheduled appearance before the Gore Disarmament Subcommittee next Wednesday, 23 April. Mr. Lowenstein advised that he is in the process of preparing questions for the Chairman's use (See Memo for the Record) but noted that the Chairman's principal objective is to ascertain what happened in terms of new intelligence or otherwise between the time of JCS approval of the Sentinel program and JCS approval of Safeguard. Tentative agreement was reached with Mr. Lowenstein for security control of the transcript. Mr. Lowenstein advised that staff members to be present on Wednesday will be Messrs. Marcy and Kuhl, Mr. William Miller and himself. In response to my question concerning Mr. Miller's status in attending a Committee briefing, Mr. Lowenstein advised that Mr. Miller with others has applied for the staff vacancy created by Bill Bader's departure and that there is some possibility that Mr. Miller could be appointed before next Wednesday. In that event, he (Mr. Lowenstein) would turn the whole matter of the Subcommittee briefing which he is handling over to Mr. Miller. Mr. Lowenstein also advised that "Bill Miller is the one that started all of this anyway." Mr. Lowenstein said that the Committee does not plan to announce the Wednesday briefing in the Committee schedule but that members will be notified on Monday and should question arise concerning the fact of the briefing, the Committee staff would respond in the affirmative about the hearing. Mr. OCI, and the Office of Security have been notified.

Mr. Michaels also advised that he would try to be available at a time convenient for Mr. [redacted] [redacted] of DD/S&T, for a briefing on certain radar techniques. (See Journal of 26 February and 4 April 1969.)

25X1

I talked with Mr. Harold Burman and advised him of Senator Pell's interest in the claim on Mr. [redacted] Mr. Burman thanked me for the advice and indicated he would draft a response from the Department to the Senator that would not inhibit the Senator's ability to introduce private legislation in this matter even though there is no support that can be provided by the Department or the Agency in identifying the individual with employment by American intelligence services during the period in question. Mr. Burman will call me during the coming week.

(Secret - GLC) George Murphy, on the staff of the Joint Committee on Atomic Energy, called and expressed interest and some concern over the article in this morning's Washington Post quoting Secretary Laird as saying, "that the Soviets have tested in the last few weeks a very new and sophisticated weapons system." Murphy was interested in knowing if there was anything significant which had developed since the Director's briefing of the Joint Committee on 20 February. After checking with [redacted] OSI, I told Murphy it was difficult for us to comment on Laird's statement, since we did not know precisely what he had in mind, and adding that any changes which had taken place were more a matter of degree than variety. Murphy asked if I would see him on Monday to discuss this further.

6. (Unclassified - GLC) Called Arnold Brustin, on the staff of Senator Gaylord Nelson (D. , Wis.), with further reference to his request to brief the Senator on the Russian and ChiCom threats. I told Brustin that the Director wanted the Senator to understand that his suggestion which he discussed with Senator John Stennis (D. , Miss.) regarding his request for a briefing should not be construed as a refusal on the part of the Director to give the Senator an Agency briefing. I went on to say that this was something that the Director normally would personally oversee if he did not do the briefing himself and that, in view of his extremely busy schedule, he was trying to see if some satisfactory arrangement could be worked out to handle requests for individual briefings of members of the Congress. I told Brustin that this was not a commitment to give a briefing but an indication that we were trying to work out some arrangement and we would be in touch with him. At his suggestion I agreed to call him again some time next week.

1. (Secret - JMM) James Lowenstein, Senate Foreign Relations Committee staff, called to say that Senator Albert Gore would like the Director to brief the Disarmament Subcommittee of which Senator Gore is Chairman on the Soviet ABM system on Wednesday, 23 April at 2:00 P. M. in the Senate Foreign Relations Committee hearing room, S116 in the Capitol. With the Director's approval I called Lowenstein back to confirm the Director's appearance.

2. (Secret - JMM) Frank Hand, DOD Liaison, called to say that Deputy Secretary of Defense Packard was appearing before the House Armed Services Committee tomorrow and would very much appreciate a look at the transcript of the Director's testimony before this Committee last month. After checking with the Director, I had a copy of the transcript hand carried to Mr. Hand for Mr. Packard's use on an "Eyes Only" basis.

3. (Unclassified - LLM) Gladyce Sumida, in the office of Representative Richard Bolling (D., Mo.), called on behalf of a State Department courier applicant who was turned down because he was over age 30 and asked if the Agency had any employment opportunities and similar age limitations. I said that I knew of no such age limitations, but that openings were limited and our need was in highly specialized fields. It was agreed that we would send her the professional employment brochure which she in turn could send on to the constituent.

4. (Confidential - LLM) Advised Mr. Wayne Granquist, Administrative Assistant to Senator Abraham A. Ribicoff (D., Conn.), that we were arranging for Agency representatives in Saigon to meet with the two investigators from the Senate Permanent Subcommittee on Investigations (see Journal of 15 April). Granquist said the investigators obtained a quantity of information on certain foreign personalities and corporations and no doubt would like to find out what we know of them. He said that the investigator's report from Hong Kong which referred to the Agency as being "substantially involved" was no doubt referring to the fact that the Agency had been the ultimate source of certain information they had received in Hong Kong. I thanked him for the advice and told him I would contact the Army people and remind them of the Committee request.

Called Robert Currier, Army L&L, who apologized that their investigative staff had not as yet been back in contact with Mr. Reddan. He thanked me for the call.

8. (Internal Use Only - LLM) Robert Hull, Department of State, called and said that interest in the Daniels bill had increased since my call to him on 19 March and wanted to know what the Agency was planning. He was interested that the Post Office and Civil Service Committee staff had rejected the possibility of providing for the Agency's retirement system in the Daniels bill because it would complicate matters on an already delicately balanced bill. We also discussed other available legislative options.

15. (Unclassified - GLC) In response to his request of yesterday, I contacted Arnold Bruston, on the staff of Senator Gaylord Nelson (D., Wis.), regarding a possible briefing of the Senator on the Soviet and Chinese Communist threats. I advised Mr. Bruston that this was a sensitive and complicated matter on which we kept our Subcommittees completely informed and, in view of the possibility of numerous congressional inquiries for briefings, suggested that Senator Nelson discuss this with Senator Stennis. (See Memo for the Record for details.)

16. (Confidential - GLC) Talked with Bill Woodruff, Senate Appropriations Committee staff, regarding our handling of the request from Senator Nelson's office for a briefing of the Senator on the Russian and ChiCom threats. Woodruff had some thoughts on the subject and said he felt the Director would be in an untenable position if he refused to give Senator Nelson a briefing. (See Memo for the Record.)

17. (Unclassified - JMM) On the Director's instructions, I called Ken BeLieu, Deputy Assistant to the President for Congressional Relations, to explain our problem in trying to turn down Senator Nelson's request for a briefing by the Director on the Soviet and ChiCom threats. BeLieu said that last week he had raised our problem of briefing Senator Cooper with Bryce Harlow, Assistant to the President for Congressional Relations, who had felt we could not avoid briefing senators, but should exclude members of their staffs. However, BeLieu said he agreed with us we should try to avoid briefing Nelson in this case, but he wanted to check it out with Harlow before giving an official answer. He said he would call back tomorrow morning.

I told BeLieu of the status of the problem with S. 782 (Ervin bill) pointing out that Ervin had never responded to our request for an appearance in executive session. I said in view of this we should now proceed to contact members of the Ervin Subcommittee and a few others and explain our position. BeLieu concurred and we agreed that among those we should contact were Senators Eastland, McClellan, Hruska, Thurmond, Robert Byrd, Bayh and Hollings. BeLieu did not give any clear indication of just what the White House planned to do in the matter.

18. (Confidential - GLC) Hand carried to Mr. James Knowles, Director of Research, Joint Economic Committee, the Director's reply to Representative Hale Bogg's request for Agency assistance in an upcoming Committee study on the Soviet economy. Knowles and I then discussed the request with John Stark, Staff Director of the Committee, who accepted the fact that areas of classification made it impossible for us to assist the Committee to the extent requested and agreed that our people should work with Leon Herman, of the Library of Congress, on that area of the study in which we could be of assistance. 25X1

Tuesday - 15 April 1969

1. (Unclassified - GLC) Mr. Bruston, on the staff of Senator Gaylord Nelson (D., Wis.), called and said that the Senator would like a briefing on the Russian and Chinese Communist's threat. He said the Senator was also interested in being briefed on the whole question of our MIRV. I advised Bruston that the Agency was not involved in U. S. programs and, therefore, we would not be in a position to brief on what we are doing by way of a MIRV program. And in regard to the other aspects of his request, I would look into it and be back in touch with him. He asked if it would make any difference in the substance of the briefing if he were to sit in with the Senator. I told him that, as he knew, this was an area of extreme sensitivity and I would look into it. He asked if special clearances were needed and if he could obtain them just for this purpose. We are checking on this.

2. (Secret - GLC) Picked up from the House Armed Services Committee, the transcript of the Director's testimony before the full House Armed Services Committee on 18 March 1969 and returned it to the Agency for safekeeping.

3. (Unclassified - JMM) General Haynes, Marine Corps L&L, called to say he had received word from the Hill that General Cushman's confirmation hearing by the Senate Armed Services Committee would be at 0930 hours on Thursday, 17 April. General Haynes asked about precedents as to the wearing of the uniform and whether the General should be escorted by a Marine Corps representative as well as or instead of an Agency representative. After checking with John Warner and [redacted] regarding previous confirmation hearings, I told General Haynes that I understood the Commandant of the Marine Corps had recommended General Cushman wear his uniform (as had Admiral Taylor and General Carter in previous years) and that the General would be accompanied by Agency representatives. General Haynes said this was fine with the Marine Corps.

4. (Secret - GLC) Hand carried to William Woodruff, on the staff of the Senate Appropriations Committee, an additional map book for Senator Richard B. Russell's (D., Ga.) use and an additional copy of our Indochina map folio.

In connection with his expression of interest in the Soviet film, "True Sons of the Soviets," I mentioned to Woodruff that this film was being shown to the House Armed Services Committee today and that we could make arrangements for him to see it at his convenience. He suggested that we try to do this sometime next week. He added that he thought Robert Michaels, on the staff of the House Appropriations Committee, would also like to attend the viewing. We are coordinating this with Mr. Michaels.

I mentioned Senator Stuart Symington's (D., Mo.) conversation with the Director on the subject of the Agency's budget figure and Mr. Woodruff and I discussed this at some length. We agreed that the best course would be for us to make it clear to the Senator that there was certainly no objection to his receiving this information (which he has, in fact, received on prior occasions as a member of the CIA Subcommittee) but pointing out that any public discussion of the Agency's budget, even in veiled terms, could be counter productive.

I mentioned to Woodruff the request which we had received from Mr. Bruston, on the staff of Senator Gaylord Nelson (D., Wis.), for a briefing of the Senator on the Soviet and Chinese Communist's threat and Bruston's request to attend such a briefing. I told Woodruff we were taking this up with the Director but, in any event, planned to exclude any members of Senator Nelson's staff from a briefing which may be given by us. Woodruff acknowledged that requests like these posed a serious problem and mentioned in passing the possibility of having Senator Russell hold a committee meeting to which all senators would be invited and at which Mr. Helms would brief all interested members of the Senate at one time. This was merely a reaction of Woodruff's and certainly did not reflect any views on Senator Russell's part to this effect.

Woodruff and I discussed, at some length, Senator Symington's new subcommittee of the Senate Foreign Relations Committee and the staff of that subcommittee. Woodruff expressed some concern in this connection. (See Memo for the Record for details.)

Woodruff asked if we would provide him with a "fact sheet" on the new large Soviet helicopter. He said he wanted this in connection with Senator Russell's consideration of a request from the Army for R and D money for the development of a new helicopter. Woodruff felt that any appropriations funded for the Army for this purpose should be delayed until the U.S. analysis of the Soviet helicopter had been completed.

5. (Secret - JGO) At his request, delivered to Mr. J.R. Blandford, Chief Counsel, House Armed Services Committee, the transcript of the Director's briefing of the Armed Services Committee of 18 March for use by the Committee during Secretary Laird's appearance. The transcript was returned to the Agency at the end of the day.

Finalized the arrangements with Mr. Blandford for tomorrow's presentation of the film, "True Sons of the Soviets," for the full Armed Services Committee at 8:30 a.m. in the Committee Room.

6. (Secret - JGO) Met with Mr. Robert Michaels, House Appropriations Committee staff, and advised him that the Agency had been unable to find a suitable position for employment for Mr. [redacted]. Mr. Michaels indicated he would mention this to the Chairman during the day and be back in touch with me.

25X1

Delivered to Mr. Michaels the Agency study prepared at the Chairman's request entitled, "Chromite: World Demand and Supply." I also briefed Mr. Michaels on the continuation of Soviet propaganda attacks on Yugoslavia and Rumania, Soviet disarmament talks and Soviet/Chinese attitudes.

7. (Confidential - LLM) Mr. Wayne Granquist, Administrative Assistant to Senator Abraham A. Ribicoff (D., Conn.), called to say the Senator would appreciate it if the Agency representative in Saigon could contact the two investigators (LaVern Duffy and Carmen Bellino) from the Senate Permanent Subcommittee on Investigations. He said he had received a report from the investigators from Hong Kong which stated the Agency was "substantially involved," presumably as a supplier of information. (The investigators are looking into black market and currency manipulations. See memo for the record of 20 March 1969.) I told Granquist I would be back in touch and informed [redacted] FE Division, of this request.

OFFICE OF LEGISLATIVE COUNSEL

Monday - 14 April 1969

1. (Confidential - JGO) Met with Mr. J.R. Blandford, Chief Counsel, House Armed Services Committee, and reviewed with him the Agency presentation of the film, "True Sons of the Soviets," scheduled for Wednesday morning, 16 April before the full Armed Services Committee. Mr. Blandford was not able to explain the breakdown in communications between the Committee and Mr. Coggan of North American Aviation. Mr. Blandford advised, however, that a member of the staff would call Mr. Coggan thanking him for his kind efforts in bringing the film to the Committee's attention and again advise that Mr. Coggan would not be required at the film showing. See Journal item of 11 April.

2. (Internal Use Only - JGO) Met with Mr. Frank Machen, House Subcommittee on Manpower and Civil Service staff, who advised that the new Henderson bill relating to the constitutional rights of Federal employees will probably be introduced late next week or the following week. It is now about 98 percent complete. Although he provided no detail, he indicated that it was the staff's feeling that Agency interests are well taken care of in the proposed bill. He also advised that it would be necessary to see Mr. Bray later in the week on the question of when a copy might be available for our use.

3. (Internal Use Only - JGO) Received a call from Mrs. Oneta Stockstill, Executive Secretary, House Armed Services Committee, who advised that the Committee is inviting the intelligence chiefs of the three military services or their representatives to attend the showing of the film, "True Sons of the Soviets," on Wednesday.

4. (Internal Use Only - JGO) Received a call from Mr. John Ford, of the House Armed Services Committee staff, who advised that he had talked to the Washington office of North American Aviation and that they had contacted Mr. Coggan, their Vice President for Sales, to advise that his presence will not be necessary on Wednesday for the showing of the film, "True Sons of the Soviets." Mr. Ford advised that there was no difficulty whatsoever in the conversation with North American.

that CIA has harassed him for a number of years, after he refused an offer

7. (Unclassified - GLC) Miss Morella Hansen, on the staff of the Senate Foreign Relations Committee, called and asked if Mr. Alexander Abraham was a member of any of the Agency's advisory boards. After checking with the USIB Secretariat, ONE, DD/S&T, and the Office of Security, I informed Miss Hansen that I could not find a record of such a person on any of the Agency boards.

8. (Internal Use Only - JGO) Contacted Mr. Roger Currier, Office of the Army L&L, and brought him up-to-date on Agency meetings with Mr. John Reddan, Counsel, House Armed Services Investigations Subcommittee, concerning the procurement of 548 miniature compasses and 550 combination screwdriver/files. On advice from the Office of DD/P, I provided the name of Lt. Col. Bill Tyler, Chief of the Unconventional War Branch, Office of the Deputy Chief of Staff for Operations, Department of the Army, as the staff officer with knowledge of the background on this matter. Mr. Currier thanked me for the Agency's assistance and indicated that Col. Steele, of the Investigations Branch of the Legislative Office, would make direct contact with Mr. Reddan.

9. (Internal Use Only - CEA) J. Sourwine, Chief Counsel, Senate Internal Security Subcommittee, called and said that the Scott report for 16 April will quote Mihail Suslov, in a recent major speech, as having said that the Soviet Union should take advantage of student and racial unrest in the West to weaken the United States and its NATO allies. Sourwine wanted to know if there is any basis for this statement and if so he would like to get copies of the text of the speech. After checking with [redacted] OCI, I informed Sourwine that the only major speech Suslov has made recently was on 25 March on the occasion of the anniversary of the Comintern and that in the text available to the Agency, which appears in the FBIS Soviet Edition of 28 March, there is no suggestion of such a thesis. Sourwine said he had a copy of this text and it would not be necessary to send him another. 25X1

10. (Unclassified - JMM) Dorothy Fosdick, Staff Director, Subcommittee on National Security and International Operations, called to request an updating of material we had provided on two previous occasions regarding what she called the "Brezhnev doctrine" (Soviet right to intervene where other socialist governments are threatened as in Czechoslovakia), and the reaction of other Communist Parties to the Brezhnev doctrine. I said we would be glad to provide any recent material on the subject but commented that the so-called Brezhnev doctrine represented nothing very new in Soviet policy, nor were its implications as recently discussed in the Soviet media entirely clear. I therefore suggested it should not be treated as a startling or revolutionary new turn in the Party line. However I said we would hope to have something on the subject within about a week.

1. (Internal Use Only - JMM) Senator John Sherman Cooper (R., Ky.) visited Headquarters this morning, met briefly with the Director privately, and was briefed for nearly two hours by Mr. Carl Duckett, DDS&T, on Soviet offensive and defensive weapons. The Director was present during most of this briefing. I gave the Senator a brief rundown on the Soviet leadership situation. See Memo for the Record.

2. (Internal Use Only - JMM) John Hurley, of the Bureau of the Budget, called to say that Mr. Mayo wished to know the present membership on the Agency's subcommittees in Congress. After providing this information, I discussed with Mr. Hurley the problems of the Ervin bill (S. 782). Hurley seemed fairly well up on this and clearly recognized the problems that the present version of the bill would cause for the Agency. He said he would try to make sure that these problems were brought to the attention of his colleagues in BOB.

3. (Internal Use Only - LLM) Bill Sullivan, in the office of Representative Glenard Lipscomb (R., Calif.), called in connection with an article listed in the table of contents of the 10 April FBIS Soviet Union Area Book "Negro Quits Antidiscrimination Post" which did not appear in the body of the report. Based upon information provided by Miss Endicott, FBIS, Lipscomb's office was informed that the article will appear in the next issue of the report and was omitted because of space limitations.

4. (Confidential - GLC) George Murphy, on the staff of the Joint Committee on Atomic Energy, called and asked for any information which we might have on the following two individuals: 25X1

5. (Confidential - GLC) Brigadier General F. E. Haynes, Legislative Liaison for the Marine Corps, called to keep me up-to-date on his dealings with Ed Braswell, Staff Director, Senate Armed Services Committee, regarding the scheduling of General Cushman's confirmation hearings. General Haynes said he had been unable to get a definite commitment from Braswell that the hearings will be scheduled along with others on Thursday, 17 April. He hopes that Senator John Stennis (D, Miss.) will make a decision on this next Monday or Tuesday. I thanked General Haynes for this information which is consistent with what I have obtained directly from Braswell.

6. (Confidential - JGO) Met with Mrs. Oneta Stockstill, House Armed Services Committee staff, who advised that she had received a call from North American Aviation on Thursday inquiring whether the showing of the film, "True Sons of the Soviets," had been firmed up in the schedule for 16 April. Mrs. Stockstill advised that it was and indicated that it had been her understanding from correspondence received several weeks ago that a Mr. Coggan of North American Aviation would provide a running commentary on the film. Mrs. Stockstill advised that she had seen no other correspondence on the matter. It will be necessary to await Mr. Blandford's return on Monday to confirm the showing of the film which was worked out with Mr. Blandford on 25 March. See DCS Memo for the Record by Mr. [redacted] for details.

25X1 7. (Confidential - JGO) After discussing the matter with [redacted] 25X1 [redacted] met with Mr. John Reddan, House Armed Services Special Investigations Subcommittee, concerning a purchase order for 548 miniature compasses and 550 combination screwdriver/files that had been shipped [redacted] by Commonwealth Technology, Inc. 25X1 of Alexandria, Virginia. Mr. Reddan was very pointed in his criticism of the military for having forwarded the Committee letter to the Army on to GSA without responding to the Committee. It is his present desire to meet with personnel of the Army responsible for approval of the procurement of the stated items at a later date. He would also like further information on the cost breakdown of the items. He noted that the Committee is quite concerned by Army procurement methods in general and is interested in the amount of procurement being done by the Army through other agencies on a reimbursable basis as in the instant case. For the moment, Mr. Reddan seems to have no quarrel with the Agency but is reserving judgment until he completes an extensive "fishing expedition" in the Army on this matter. The result of the meeting was passed on to Mr. Roger Carrier, of Army L&L, and the Office of Logistics.

Mr. Kuhl perceives no difficulty with the Agency response. The letter will be held for Mr. Marcy's return from the European Conference of Parliamentarians.

3. (Secret - JGO) Met with Mr. Robert Michaels, House Appropriations Committee staff, who advised that the Chief of Navy L & L had alerted the Committee to the Soviet film, "True Sons of the Soviets," and had recommended it to the Chairman for viewing by the Committee. Mr. Michaels indicated that he will be back in touch with us on the matter after he has had an opportunity to discuss it with the Chairman.

With reference to Mr. Michael's earlier comments concerning a DOD radar project and its relation to Agency programs, Mr. Michaels indicated that he would like to accept Mr. Duckett's offer for briefing on the matter at Mr. Duckett's convenience. I advised that I would relay the request and be back in touch with him tomorrow.

4. (Unclassified - JGO) Received a call from Miss Shirley Alberts, Assistant to Representative Harold D. Donohue (D., Mass.), concerning Agency medical requirements. 9. (Secret - GLC) Hand carried to William Woodruff, on the staff of the Senate Appropriations Committee, the Director's letter to Senator Richard Russell (D., Ga.) on the statement carried in Warren Unna's column in today's Washington Post. Woodruff had me wait in his office while he took the letter to Senator Russell. On his return, Woodruff said that Senator Russell was quite concerned about the situation and might call the Director about it. I also talked with Woodruff about the request from William Miller for a briefing of Senator John Sherman Cooper (R., Ky.) tomorrow. Woodruff also discussed this with Senator Russell. (See Memo for the Record for details.)

Bill Woodruff said that Admiral Means Johnston, Chief of Legislative Liaison for the Navy, had recommended to Senator Russell the Soviet film: True Sons of the People, which Woodruff understood was under Agency control. Woodruff said he would like to preview this film before suggesting to Senator Russell that he see it. I did not mention it to Woodruff but I planned to explore the possibility of having Woodruff attend the viewing of this film at the House Armed Services Committee on 16 April.

10. (Secret - GLC) In response to the request from Colonel Seymour Schwiller, on the staff of the Joint Committee on Atomic Energy, Messrs. Due to a concurrent briefing which had been scheduled by Schwiller from DOD officials, Representative Hosmer elected not to have DOD and CIA briefings given at the same time and cancelled our briefing. 6. (Secret - GLC) Hand carried to Bill Woodruff, on the staff of the Senate Appropriations Committee, a "fact sheet" prepared by the O/DDI on the Soviet SS-9 missile and an unclassified photograph of the missile. Woodruff said the "fact sheet" gave him all the information he needed and he was quite interested in the picture which appeared to have been taken when the missile was shown in the Moscow Parade in November, 1967. He said the Chairman might want to make some use of this.

I mentioned to Woodruff that the Director had decided not to send letters to Senator Richard Russell (D., Ga.) and Senator John Stennis (D., Miss.) on the NIE question, which had been raised by Senator J. W. Fulbright (D., Ark.), since the issue may have passed. They will be sent, however, if the subject is brought up again. I added that the Director did not want to trouble the Senators unnecessarily particularly, since both he (Woodruff) and Ed Braswell, Chief of Staff, Senate Armed Services Committee, would be aware of the situation.

Woodruff mentioned the article which appeared in last night's Star indicating that the Civil Service Commission might go along with the Ervin bill if certain changes are made. Woodruff wondered what affect this would have on our problem with the bill. I told him that two of the key provisions which caused the Agency problems might be altered in the bill according to the newspaper account and, as a result, we are checking with the Civil Service Commission and reviewing the situation in the light of this possibility.

7. (Unclassified - GLC) Mr. Christopher Sylvester, Administrative Assistant in the office of Senator Milton Young (R., N. 8. (Secret - GLC) Met with Ed Braswell, Staff Director of the Senate Armed Services Committee, to alert him to the situation regarding Senator J. W. Fulbright's (D., Ark.) query to Under Secretary of State Richardson on the subject of availability of national intelligence estimates for the Foreign Relations Committee. I advised Braswell that the Director had prepared letters to Senator Richard Russell (D., Ga.) and Senator John Stennis (D., Miss.) on the problem but was holding them for the moment, since the issue seems to have subsided. Braswell ventured the opinion that Senator Fulbright would not press for the NIEs but was merely testing Under Secretary Richardson. He added, however, that if this question should ever come to issue this was one which would justify invoking executive privilege.

Braswell and I again discussed General Cushman's confirmation hearing. He said the Marine Corps was in almost daily contact with him and that the earliest possible date for a confirmation hearing was 17 April. He said the Committee has scheduled procurement hearings on that date but there is a possibility that they can also schedule the confirmation hearing on the same day. Chairman Stennis has not made a decision on this yet.

Mr. Braswell brought up the subject of the Evening Star article on the Ervin bill and said he assumed that it would be helpful to us if Senator Ervin made the concession reportedly under consideration. He asked what our view would be on this. I told him that our people were contacting the Civil Service Commission today and were in the process of reviewing our position in the light of these possible changes.

25X1 1. (Confidential - CEA) Talked to Mr. Vincent Augliere, House
 Committee on Foreign Operations and Government Information, concerning
 [redacted] about whom Augliere had inquired.
 I informed him that the Agency is not involved in this case which is strictly
 a visa problem and suggested that he may want to talk to State Department.
 Augliere said this was all he needed to know and suggested that we might
 25X1 not know that [redacted] is a high official in nuclear
 25X1 research in Poland. I passed the latter information on to [redacted] 25X1
 [redacted].

2. (Confidential - GLC) Dorothy Fosdick, on the staff of the
 Subcommittee on National Security and International Operations, called
 and asked if we could provide her with the text of an article which appeared
 in PRAVDA by Eduard Bagramov. According to Miss Fosdick there was
 a reference to this article in this morning's newspaper. This item was
 located by FBIS and forwarded to Miss Fosdick. 25X1

4. (Secret - GLC) Colonel Seymour Schwiller, on the staff of the Joint Committee on Atomic Energy, called to say that Representative Craig Hosmer (R., Calif.) had requested a briefing on Thursday morning at 0930 hours on the Soviet ABM system. He said that the Congressman might also be interested in other areas such as CEP of ICBMs and the Tallinn system. I told Schwiller I would look into this and be back in touch with him later this afternoon or tomorrow morning.

5. (Unclassified - GLC) Left with Winston Bryant, Legislative Assistant for Senator John McClellan (D., Ark.), back up materials including the exchange of correspondence between the Director and Senator Ervin having to do with the Agency's problems regarding S. 782. I told Mr. Bryant that, after he had an opportunity to review this material, I would be happy to discuss it with him further and answer any questions he might have.

6. (Secret - GLC) Called George Murphy, on the staff of the Joint Committee on Atomic Energy, regarding his query about Suslov. I told Murphy that I had talked with our people about this, that there are, in fact, two Suslovs: one is a member of the Politburo and the other is a member of the Foreign Ministry, who has been involved in disarmament negotiations at Geneva. I told him that in any event we are not aware of any militant statements made concerning actions which the USSR planned to take against the United States.

In connection with Murphy's general question on this point, I advised him that the Soviets were not making strong statements regarding their missile superiority and, in fact, appeared to be suppressing this type of conversation in view of the current atmosphere regarding disarmament negotiations.

Mr. Murphy said he understood that at Geneva today ACDA representatives made a proposal which would have the affect of the U. S. receding from its position with respect to on-site inspection. According to Murphy, ACDA justified this because it is believed that our national verification capabilities are sufficient to detect new declared atomic energy facilities. Murphy said in discussing this with ACDA officials he was advised that this decision concerning our capability was made "with the approval and support of the National Security Council" including Mr. Helms. Murphy thought the Director would be interested in knowing that these statements were being made.

Monday - 7 April 1969

1. (Internal Use Only - LLM) John Lofton, Republican Congressional Committee staff, called and said he would like to review the FBIS Latin America Daily Reports covering the summer of 1964 in hopes of coming across further statements by Robert F. Williams along the lines of Williams' August 1964 broadcast from Havana. Based upon information provided by Doris Falcone, FBIS, told Lofton that these reports were available in the Library of Congress in the agency serial collection.

2. (Unclassified - RW) Mr. S. Arnold Smith, Staff Attorney, House Special Subcommittee on Investigations, called to request an employment interview for [redacted]. The appointment was made for 9:00 a.m., 15 April 1969 with [redacted] Personnel, and Mr. Smith advised.

3. (Secret - GLC) Hand carried to George Murphy, on the staff of the Joint Committee on Atomic Energy, the Director's letter of 4 April 1969 providing further damage assessment information on the Imre case. I also hand carried to Murphy, Mr. Maury's response to Mr. Bauser's letter requesting any information which the Agency had on commercial use of classified U. S. information by NATO countries.

Mr. Murphy said that a Soviet named [redacted] allegedly made statements recently of a rather bellicose nature with regard to actions which the Soviet Union could, and possibly would, take against the United States. Mr. Murphy would like any references which we might have to such statements. He said he would also appreciate if we could pinpoint in the Library of Congress or elsewhere sources of some of the more obvious and recent statements by Soviet officials on the subject of Soviet missile superiority. I told Murphy I would check on this and be in touch with him.

4. (Secret - GLC) [redacted] Agency liaison with the State Department and USIA, called to say that USIA has contacted us in connection with a request which they received from Senator George Murphy (R. , Calif.) for a briefing on Radio Free Asia including the Korean Cultural and Educational Council which sponsors it. USIA desires any information which the Agency might have to be included in a briefing of the Senator. He added that this briefing is being arranged at the personal direction of Mr. Shakespear. FE Division is pulling together the information for the Agency. I suggested that once this is done the DD/P be consulted and that jointly we could decide whether this information should be passed to USIA and whether we would prefer to brief Senator Murphy separately on it. I then alerted Mr. [redacted] to this. [redacted] later informed me that there appeared to be two requests from USIA: one for information for the Murphy briefing and one for information to be provided to the President. [redacted] will be in touch with us when this material is compiled.

1. (Confidential - JGO) Talked to Mr. Paul Goulding, Administrative Assistant to Senator Claiborne Pell, with reference to the claim for indemnity of Mr. [redacted] I advised Mr. Goulding that we have not been able to identify a basis for support of the claim as for possible limited employment mentioned by the Senator as prospects are exceedingly removed due to the BALPA cutbacks. I made a tentative date to meet with Mr. Goulding on Thursday, 10 April, on this matter.

2. (Internal Use Only - CEA) Trudi Wright, in the office of Representative Lloyd Meeds (D., Wash.), called to seek Agency assistance in locating [redacted] whose family believes he was in some way connected with the Agency. 3. (Secret - GLC) Checked with Bill Woodruff, on the staff of the Senate Appropriations Committee, regarding his request for a "fact sheet" on the Soviet SS-9 missile. Woodruff said he was interested in the general characteristics of the missile especially, its capabilities and the size of the payload. He inferred that he desired this information in connection with current testimony which has been given on the hearing with regard to the Sentinel program.

Referring to our conversation the other day on the subject of NIE's, Woodruff mentioned that several years ago Secretary McNamara sent the Senate Appropriations Committee an excerpt from an NIE for the obvious purpose of avoiding invoking executive privilege for refusing to provide that information. Woodruff went on to say that if the "secret seven" raised a question concerning the availability of an NIE for their use they would want access to the estimate but would not want custody of it. This is an interesting point to be kept in mind if we should become involved in the specifics of this issue in the future.

25X1 "Percentage of Soviet Intercontinental Nuclear Attack Capability Represented

I advised Colonel Harper, of the Preparedness Subcommittee staff,
that we were preparing the answers to the questions which were raised during
Mr. Duckett's briefing of the ad hoc Subcommittee on Research and Develop-
ment and would transmit them to him as soon as they were completed.

7. (Secret - GLC) Messrs. Maury and [redacted] met with Senator John 25X1
McClellan (D., Ark.) to renew our offer to resume the briefings which were
begun during the visit which he and Senator Henry Jackson (D., Wash.) recently
paid to the Agency. We specifically mentioned a briefing by Mr. Duckett. We
also discussed in some detail the Agency's problems with regard to the Ervin
bill (S. 782). Senator McClellan is sympathetic to our position and opposed to
the bill generally. (See Memo for the Record for details.)

9. (Secret - GLC) Messrs. Maury and [redacted] met with Bill Woodruff, on
the staff of the Senate Appropriations Committee, and alerted him to Senator
J. W. Fulbright's (D., Ark.) request to the Under Secretary of State, Elliot L.
Richardson, for a copy of a new intelligence estimate having to do with Soviet
weaponry. We advised Woodruff that the Director proposed to send letters to
Senators Russell and Stennis informing them of this request and also informing
them of the Director's intention to decline to provide any NIE to the Foreign
Relations Committee referring the matter to the President if Senator Fulbright
persisted in his request. Woodruff appeared to be in accord with the Director's
proposed course of action on this but suggested that we avoid, to the fullest
extent possible, the question of executive privilege. In discussing this suggestion
we mentioned that certain NIE's pertaining to atomic energy matters are provided
to the Joint Committee on Atomic Energy and Woodruff understood this and, in
fact, referred to the Atomic Energy Act provisions under which this information
was provided the Joint Committee on Atomic Energy.

Woodruff asked if we would provide him with a "fact sheet" on
the Soviet SS-9 missile.

10. (Secret - JGO) Met with Mr. Frank Slatinshek, House Armed Services Committee staff, in response to Chairman Pike's request for an unclassified summary of the Director's testimony on the Pueblo inquiry for inclusion in the published hearings of the Committee. I reviewed with him again, the substantive content of the Director's testimony and the problems inherent in open publication of matters of testimony by the Director. With some reluctance, Mr. Slatinshek accepted the determination that an unclassified summary cannot be provided. Mr. Slatinshek pointed out that Mr. Seligman, of NBC, has spent a couple of hours with the Committee staff requesting information for a white paper on the Pueblo to be presented in the near future by NBC. He noted that Mr. Seligman had been on this assignment since January and that by his questions, apparently has gathered more material on the subject than is available at present to the Subcommittee. It is noted that although Mr. Slatinshek has relented in the Committee's request, pressures for publication of all public information by the Committee could well result in a renewed request to the Agency at a later date.

Briefed Mr. Slatinshek on the Soviet helicopter, Leningrad, and reviewed with him the Daily News press report of Senator Ervin's remarks concerning Agency opposition to S. 782.

11. (Secret - JGO) Met with Mr. Carl Marcy, Senate Foreign Relations Committee staff, and discussed with him Chairman Fulbright's request for review of the transcript of Admiral Raborn's testimony of July 19, 1965 with respect to the Dominican Republic for possible publication. Mr. Marcy noted that there is no intention of release of testimony on Agency matters but requested that we provide a letter to the Chairman setting forth some specifics as to why the Agency is unable to sanitize and release the transcript. See Memo for Record.

Mr. Marcy noted that a problem is generating within the Committee relating to the testimony of Secretary Laird concerning first-strike capability and new intelligence information on the SS-9. He noted the ball is in State Department's court as a result of an exchange between Chairman Fulbright and Under Secretary Elliot Richardson during the Spanish base hearings yesterday and apologized that the transcript would not be available until tomorrow morning, if we cared to review it. Since the exchange with Under Secretary Richardson related to the new intelligence estimate on the SS-9, Mr. Marcy felt that the matter would be of interest to us. See Memo for the Record.

1. (Confidential - GLC) George Murphy, on the staff of the Joint Committee on Atomic Energy, called to say that the AEC had on display in the JCAE hearings room today a number of models of various missiles -- included was a model of the Soviet SS-9 along with the U.S. Spartan and Sprint. According to Murphy, Senator John Pastore (D., R.I.) queried the AEC representative, Glenn Wilttrout, as to whether he could borrow the model of the SS-9. Wilttrout responded that it was classified and in response to a further question from Pastore inferred that the model had been obtained from CIA. Murphy wished to know whether this model could be used by Senator Pastore in an open forum. After checking DD/S&T and Dr. Charles Reichardt of AEC, I advised Murphy that the model was not ours but had been made by AEC elements using information from a variety of sources including ourselves. I added, aside from any security aspects, it was my understanding that there were some technical inaccuracies in the model which were being corrected and that Senator Pastore might not wish to use it under the circumstances. Murphy agreed and said he would recommend that the Senator not use the model.

2. (Confidential - GLC) David Martin, on the staff of Senator Thomas Dodd (D., Conn.), called and asked if we had any information on a Vietnamese, [redacted] who according to Martin is an official in the International Association of Criminology. Representative Slack expressed his appreciation in following up on the request and after review, returned the memorandum for inclusion in the transcript which is being held by the Agency for the Committee.

Representative Slack expressed his personal concern over the ABM question and asked if the intelligence community has reliable information on the reasons why the Soviets did not complete the originally planned ABM installations around Moscow. He noted further his personal appreciation for the information and guidance provided by the Director's briefing of the Committee. Overall, it was a most friendly and cordial meeting and evidenced Representative Slack's personal regard for the Director and the Agency.

7. (Secret - JGO) Met with Representative Glenard P. I thanked Mr. Lipscomb for his consideration in bringing this matter to our attention. Mr. Lipscomb advised that he will be in the city until Friday when he will be returning to California for the Easter recess. He noted that he will not be able to put any time on the question of the Soviet threat before his return to Washington but he would appreciate such updating or revision of the unclassified paper provided him in September, as we may be able to provide at this time.

Reviewed with Representative Lipscomb the Agency memoranda "Shipment of Combat Material to North Vietnam," and "Soviet, Eastern European, and Communist Chinese Economic and Military Aid to North Korea" which had been prepared in response to questions raised by Mr. Lipscomb during the Director's briefing of 13, 14, and 17 March. Trueheart said he thought our answer was accurate, although fairly far-reaching, and responsive to the Joint Committee's query. However, Trueheart wondered whether some of the language might be altered slightly to avoid unnecessary trouble for the Department without, however, changing the factual content. I said this might be possible but I was not the one to negotiate with. OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 1 April 1969

1. (Secret - GLC) Met with Bill Woodruff, on the staff of the Senate Appropriations Committee, and left with him copies of the Daily News item of 28 March reporting on Senator Ervin's comments at the Bar Association meeting on Agency activity against S. 782 and the excerpt from Bill Monroe's interview with Senator William Proxmire (D., Wis.) in which reference was made to the size of the CIA's budget. I suggested that he might want to bring these to the attention of Senator Russell. I mentioned to Woodruff that we had not as yet received an answer to the Director's second letter to Senator Ervin regarding an opportunity to appear before his Subcommittee in executive session on S. 782 and added that we were attempting to talk with Senator John McClellan (D., Ark.) about the bill.

I left with Woodruff a copy of Senator Mike Mansfield's (D., Mont.) letter to the Director asking that we submit a draft bill codifying and updating Agency authority for the conduct of research and development. I asked Woodruff whether he knew if similar letters had been sent to the DoD or any other agency. He said he was not aware of this but that he would check on it. It was agreed that I would draft a rather general response to Senator Mansfield's letter and check it out within the next day or two.

2. (Secret - JGO) Met with Mr. Robert Michaels, House Appropriations Committee staff, and reviewed with him the press report of Senator Ervin's statements before the Federal Bar Association concerning CIA opposition to S. 782. 3. (Secret - GLC) Met with Ed Braswell, Chief of Staff, Senate Armed Services Committee, and gave him copies of the Daily News item containing Senator Sam J. Ervin's (D., N. Car.) remarks at the Federal Bar Association meeting about the Agency in connection with S. 782. I also gave him a copy of the excerpt of Bill Monroe's interview with Senator William Proxmire (D., Wis.) where reference was made to the size of the Agency budget. I suggested to Braswell that he might want to call these two items to the attention of Senator Stennis.

Braswell asked how things were going on the Ervin bill. I told him we have not as yet received a response to the Director's second letter in which he repeated his request for an opportunity to appear in executive session on the bill and that we were attempting to see Senator John McClellan (D., Ark.). Braswell said he thought that an approach to McClellan by anyone other than the Director would not accomplish its purpose in further discussion of our chances of success in getting an exemption from this bill. Braswell strongly urged that we concentrate our efforts on the members of the Ervin Subcommittee. He believes that it would be useless to try to block the bill or to obtain our exemption in full committee. In other words, Braswell feels unless we can accomplish our objectives in the Ervin Subcommittee, we might as well fight our battle in the House. He added that if we could get Senator McClellan and Senator Birch Bayh (D., Ind.) on our side they could accomplish our purposes for us.

I told Braswell that our people were maintaining contact with Marine Corps personnel regarding General Cushman's return and understood arrangements for his appearance in confirmation hearings were being handled directly by the Marine Corps. Braswell said he understood General Cushman would be available on the 15th of April.

4. (Secret - GLC) I happened to see Senator Stuart Symington (D., Mo.) who mentioned that Mr. Maury had been up to talk with him on the subject of recent comments on the size of the Agency's budget. The Senator said he was holding off on this but planned to discuss it with Senator Russell at the earliest opportunity. I acknowledged that this presented a problem but pointed out that the difficulty would be in trying to counter these statements without divulging critical information in the process. The Senator indicated that he agreed this was a problem but he plans to pursue it further.
