5. [redacted] Received a call from Mr. George Murphy, on the staff of the Joint Committee on Atomic Energy, concerning the various reports of a possible Soviet-Chinese clash. He inquired whether this is an item that is being "floated" by the West or whether some basis exists for these reports. After checking, I advised that there has been a steady military buildup, particularly on the Soviet side of the border, which has been coupled with a continuing propaganda exchange. These actions have given rise to speculation of the type now being reported in the press. Mr. Murphy then asked whether the Soviets had been sounding out their Eastern Europe satellites concerning possible military action against the Chinese and if so what meaning is attributed to this action by the Agency. I advised Mr. Murphy that I would relay the question and be back in touch with him.

I told Mr. Campbell that I would check with our people and be back in touch with him. (See Memo for the Record for details.)

He said he had briefed Senator Richard Russell (D., Ga.) on the initial information on the [redacted] which I had provided Woodruff on 12 August, but in view of recent press stories Woodruff wanted to be sure that this information was still valid and up-to-date. I told Woodruff of the Director's desire for a chance to appear before our Subcommittee and clarify our position regarding the [redacted] as soon as possible after Congress returns from recess. Woodruff reminded me that Senator Russell had expressed misgivings about future Subcommittee meetings in view of a serious leak a few months ago and suggested that the Director himself should call Senator Russell. I told Woodruff we had some significant intelligence items to report also. Woodruff said that Russell was expected back in town at the first of the week and he would raise the matter with him, but still thought a personal call from the Director was very much in order.

I explained the problems with this approach, which he agreed existed. Sewell is requesting a letter from Assistant Secretary of the Army Thaddeus R. 1. [redacted] Carl Marcy, Chief of Staff, Senate Foreign Relations Committee, called in response to my visit to his office yesterday during his absence. I said I had come by only to confirm that Senator J. W. Fulbright (D., Ark.) was on safe ground in replying to an inquiry that certain allegations regarding Agency dirty work in Brazil were completely without foundation.

    Marcy commented on the Pueblo television special last night and remarked that, like the Green Beret case, it raised certain questions about effective coordination of intelligence activities which Fulbright may wish to examine when Congress reconvenes. I told Marcy that press allegations about the Agency's involvement in the Green Beret case, and the statements of some of the defense lawyers, were completely misleading and I would be glad to explain the basic facts. Marcy said he would be on leave the rest of the week but would call me after Labor Day.

She said the Agency's exemption had been retained in the initial drafts of the proposed revision, but deferred to Mr. Roger Jones for a more current reading. [redacted] OGC, who had prompted this call, was informed of the above and the next best step seems to be to request the Director of Personnel through his Civil Service Commission connections to get a reading on the proposed revision to Executive Order 10988.

Mr. Tsutras said he expected as much, but wanted to check it out with us directly.

Miss Yee could give me no reason but she believes the Senate will act only on S. 7254, Senator McGee's bill, although she agreed the Senate could technically consider H.R. 9825 since it is on the calendar.

[redacted] General Counsel, NSA, on H.R. 13008 (preparation of a job evaluation and ranking plan by the Civil Service Commission (CSC) and report of legislative recommendations to the Congress within two years.) NSA received a request for a report on the bill from Chairman James Hanley, House Post Office and Civil Service Subcommittee on Position Classification, and [redacted] learned from Subcommittee staff member, Richard A. Barton, that the legislation was in no way aimed at Agencies such as NSA. Position classification had been an area of study by the Subcommittee for sometime now without positive results, and it was thought best to shift the responsibility for completion of the study and legislative recommendations to CSC. [redacted] said he had also talked to CSC on the proposed legislation and was assured of cooperation.

10. [redacted] in the office of Representative Howard Pollock (R., Alaska), called saying the congressman had called from Alaska and was interested in obtaining an Agency seal for his office. I recalled that two years ago Representative Pollock expressed a similar interest but that unfortunately we did not have any available either then or now, but that we would keep his interest in mind should any be made up for this purpose in the future. [redacted] said that some agencies were making plastic copies to cut down the cost of supplying agency seals to interested members.

1. [redacted] Jay Sourwine, Senate Internal Security Subcommittee staff, called to say that Assistant Attorney General Kleindienst apparently is willing to grant a waiver permitting [redacted] to visit the U.S. to be available to the Subcommittee. However Kleindienst has indicated some concern over a point made by Mr. Houston in a conversation with Kleindienst on 14 August to the effect that the U.K. might not permit [redacted] to return there. Sourwine asked whether we thought this point was a serious one, and whether we would consider [redacted] extended stay in the U.S. a security threat.

After checking with Mr. Houston I called Sourwine back to point out reasons for seriously doubting that the U.K. would interpose any objections to [redacted] return, and I said that in any event we would not take any initiative in raising the issue. This seemed to satisfy Sourwine.

2. [redacted] Mrs. Joyce Hoare, Personal Secretary to Representative Peter Rodino, Jr. (D., N.J.), called this morning to say that the Congressman would like to have a briefing from the Agency on the "Green Berets case" sometime in the late morning next Wednesday. Mrs. Hoare said the Congressman would be leaving town tomorrow and probably will not be back until Wednesday. I told her I would be back in touch with her.

Later in the day I tried to reach Mrs. Hoare and was referred to Mr. Gerry Zeitman. I told Mr. Zeitman that if it was satisfactory I would call him on Monday on this. He said this was perfectly all right as long as their request was "in the works." Mr. Zeitman apparently is on the staff of Mr. Rodino's Judiciary Subcommittee on State Taxation of Interstate Commerce but he said he was working with the Congressman on this case.

25X1A (R., N. Dak.). Mr. [redacted] briefed him on the Chuyen case and the  
Senator was obviously relieved to know this was not a CIA operation.  
Mr. Newton then briefed the Senator on significant world developments.  
Senator Young was interested and raised a number of questions which  
Mr. Newton answered without difficulty.

We also mentioned to the Senator the temporary arrange-

the Senator said he would not expect the defense appropriations bill

All seemed satisfied, although Woodruff commented that since

- 25X1 1. [ ] Met with Mr. William Woodruff, Counsel, Senate Appropriations Committee, and briefed him on the following:
- a. Soviet naval visit to Cuba,
  - b. Soviet space activities,
  - c. SS-9 silo construction, and

Although very interested, Mr. Woodruff had no particular comment on any of the briefing items.

Mr. Conrad will call and provide us with a copy of the Subcommittee draft when it becomes available.

Mr. Conrad noted in passing that it appeared to him to be the sense of the Subcommittee meeting yesterday that the Agency and its representatives are in quite good favor with the Subcommittee, but that NSA does not enjoy the same consideration. He passed this on for what it was worth.

- 25X1 3. [ ] Talked to Mr. James Gehrig, Senate Aeronautical and Space Sciences Committee staff, and briefed him on Soviet space activities. Mr. Gehrig was most appreciative.

- 25X1 4. [ ] Met with Mrs. Mary Bruner, Executive Secretary to Representative Glenard Lipscomb (R., Calif). Mrs. Bruner advised that Mr. Lipscomb went home yesterday from the hospital on schedule and seems to be doing well. He is scheduled next week for possible discharge. It is indefinite when he will be returning to duty, however.

6. [redacted] Met with Mr. Robert Michaels, House Appropriations Committee staff, who advised that Chairman Mahon's schedule had not allowed discussion of the Agency's letter concerning withdrawal of \$2.5 million from Reserves. He suggested that for future months it might be well for the record if a very brief letter, referring to the original and stating the amount of withdrawal, be forwarded to the Chairman.

I briefed Mr. Michaels on the following items:

- a. Soviet naval visit to Cuba,
- b. Soviet space activities,
- c. SS-9 silo construction, and
- d. expected Soviet fleet transfers to the Mediterranean from the Black Sea.

25X1

7. [redacted] Met with Mr. John R. Blandford, Chief Counsel, House Armed Services Committee, and advised that the information available at this time relating to the question of a possible Soviet naval base in Cuba is classified. Mr. Blandford thanked me for the advice and dictated a response for Chairman Rivers' signature to a constituent inquiry.

I briefed Mr. Blandford and later Mr. Frank Slatinshek, of the Committee staff, on the following items:

- c. SS-9 silo construction, and
- d. expected Soviet fleet transfers to the Mediterranean from the Black Sea.

9. [redacted] Met with Representative Olin E. Teague (D., Texas) in response to his question earlier in the week concerning ransoming of American prisoners in Vietnam. I advised that the United States Government has tried every possible way of opening the prisoner release question and at every possible level. A special interagency committee of State and Defense Department representatives, formerly called the Warneke Committee, has headed up this effort. Mr. Teague appreciated the advice and noted that this subject is one he intends to take up with President Nixon because there must be some channel or avenue that can still be tried to recover American prisoners held by North Vietnam. No further action by the Agency is requested.

25X1

10. [redacted] Met with Mrs. Mary McLaughlin, Senate Foreign Relations Committee staff, who apologized for the inconvenience caused the Agency couriers last evening and expressed Mr. Marcy's apologies as well. The Committee is in the process of drawing up a new list of staff personnel and phone numbers, a copy of which will be provided as soon as it is ready. Mrs. McLaughlin also advised that we can discontinue daily delivery and pickup of the transcript of 23 June after today. She was most complimentary on behalf of the Staff Director for the manner in which the delivery and pickup of the transcript has been handled by the Agency couriers.

11. After checking with [redacted] DDS, I again advised that the Agency Headquarters Building is a secure area and that we do not have business facilities located in the building. 3. [redacted] Briefed Senator Birch Bayh in preparation for his upcoming travel to the Soviet Union covering security matters, travel suggestions, and possibility of his getting to see interesting Soviet officials and subjects which might be discussed with them. I recommended that on the latter points he be guided mainly on the advice of the Embassy.

4. [redacted] Received a call from Mrs. Glee Gomien, assistant to Senator Everett Dirksen (R., Ill.), concerning the case of an official of the Barber-Colman Company, Rockford, Illinois, who has apparently been having difficulty in obtaining a visa to visit Czechoslovakia on business. The company has been advised that a visa could be obtained by having their official travel with two members of Hör and Company of Vienna, Austria. Only the family names of the two individuals of Hör and Company are available. After checking with Mr. Halpern I advised Mrs. Gomien that she should check with the Department of State on this matter, that travel into Czechoslovakia by any form of trick would appear to be risky in view of the apparent refusal of the Czechoslovakian government to issue a visa in a normal fashion. Mrs. Gomien later called and advised that the official of the Illinois firm turns out to be a West German national and that she is forwarding the matter to the Department of State.

It would, however, bring special attention in review of the individual's own medical qualifications. Mr. LeKander was most appreciative and advised he would relay the information to Mr. Bow. 8. [redacted] In followup of my meeting last evening with Miss Marcia MacNaughton, Professional Staff Member, Senate Subcommittee on Constitutional Rights, told her the personality testing has not changed since 1966. We did not discuss the effect of the proposed legislation on Agency use of personality tests which was also covered in the Chairman's letter of 1 August. Miss MacNaughton called me later in the day after the Subcommittee's meeting and advised that several considerations on possible amendments were discussed but no vote was taken by the Subcommittee. In all probability she feels the Agency's desires will be met in the amendments with the exception of the inclusion of the requested reference of section 102(c) of the National Security Act. See Memos for Record for details.

JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 5 August 1969

25X1

1. [redacted] With the Director's concurrence, I called Mr. Doug Baldwin, in the office of Representative John Wold, to say that the Agency was no longer responsible for the pacification program in Vietnam and to suggest that Mr. Wold and his colleagues, Representatives Dennis and Landgrebe, would get a more useful and broader presentation of this and other Vietnam matters from the Defense Department.

25X1

2. [redacted] Called Senator Birch Bayh in response to his earlier attempt to reach Mr. Carl Duckett. Senator Bayh said he wished to get details on the accuracy of the SS-9--that he understood Secretary Laird was being quoted in the Safeguard debate as saying the SS-9 now has a CEP of one-quarter mile, but Bayh questions this and would like verification. I said I would come by his office and discuss this matter personally.

After checking the latest "Memo to Holders" on the subject, I called on Senator Bayh to say that the community is in agreement that at present the SS-9 CEP is probably not less than .5 miles or more than .75; that in order to bring it down to .25 miles a new guidance system would be necessary, but we have no evidence that such a system is under development and do not believe such a system could become operational before 1972.

25X1

3. [redacted] Showed Senator Birch Bayh a draft letter to Senator Sam J. Ervin explaining our reasons for opposing publication of the Director's testimony regarding S. 782 before the Constitutional Rights Subcommittee. Senator Bayh said he thought the draft was satisfactory.

Discussed with Senator Bayh and Larry Conrad, Chief Counsel of Bayh's Subcommittee on Constitutional Amendments, our draft "fall-back" amendment providing for the intelligence community limited exemptions from S. 782. Bayh indicated that at tomorrow's meeting of the Subcommittee on Constitutional Rights he would raise the possibility of a full exemption for the Agency but if, as expected, this was unacceptable, he would propose our suggested fall-back position.

25X1 4. [ ] Senator Birch Bayh said he would like an orientation and defensive briefing on the USSR in preparation for a trip he and his family are making there during the latter part of August. This was arranged for 2:00 tomorrow, 6 August.

25X1 5. [ ] In a chance encounter, Representative Donald W. Riegle (R., Mich.) said he was planning a visit to Germany during the upcoming congressional recess and might like an Agency briefing prior to departure.

25X1 6. [ ] In the absence of Senator Roman Hruska, I talked to his Administrative Assistant, Dean Pohlenz, regarding S. 782 (Ervin bill). Pohlenz said Senator Hruska had been quite impressed with the Agency presentation on 22 July and was anxious to be helpful. I explained to Pohlenz the draft amendment for limited exemption for the intelligence community and Pohlenz commented that he thought we had gone as far as possible in meeting Senator Ervin's objections to a complete exemption and was reasonably certain that Senator Hruska would actively support our "fall-back" version.

25X1 7. [ ] In the absence of Senator Strom Thurmond, met with his Legislative Assistant, Glen Smith, and explained to him our proposal for a limited exemption from S. 782 (Ervin bill). Smith said he was sure Senator Thurmond agreed with our position in principle, but would be reluctant to directly oppose Senator Ervin. However, Smith was sure that Thurmond would privately try to prevail upon Ervin to accept our compromise amendment.

25X1 8. [ ] Left with Winston Bryant, Legislative Assistant to Senator John L. McClellan, a copy of our proposed compromise amendment for limited exemption from S. 782. After studying this, Bryant called me to say he would carefully explain it to the Senator and was sure Senator McClellan would support it.

9. [ ] Larry Conrad, Chief Counsel, Subcommittee on Constitutional Amendments, called to say he had been in further negotiation with Marcia MacNaughton, staff of the Constitutional Rights Subcommittee, and felt progress was being made regarding our proposed amendment for limited exemption but he wished to be reassured that we considered the Agency bound under this amendment by all of the provisions of S. 782 except Section 1(k), Section 4 and Section 5. After consulting with Mr. Houston and Mr. Warner, OGC, we called Conrad back to say that this was true but pointed out that our proposed amendment specifically provided that nothing in the Act should affect the Director's authority as set forth in Section 102(c) of the National Security Act of 1947. We explained our view that this Act did not seem directly related to S. 782--that Section 102(c) was intended, and interpreted, to take care of special cases affecting the national security, etc., but apparently would have no bearing on cases arising from a violation of the provisions of S. 782. Conrad said this was his impression but he appreciated our comments.

Conrad said that Miss MacNaughton had expressed some optimism that our compromise proposal might be acceptable.

25X1

10. [ ] Talked to Mr. Pat Holt, Senate Foreign Relations Committee staff, and advised in response to his question to Mr. Houston yesterday that the Agency has not subsidized the Hawthorne Press and Pergammon Press. Mr. Holt indicated he was sure this would be the case.

25X1A

Mr. Holt advised he will be traveling next week to Lima, Peru, and would like to meet [ ] there. The exact date of departure or time in Peru is not yet certain. I indicated I would relay his request and be back in touch with him.

25X1

11. [ ] Received a call from Mr. James Cline, Counsel, House Immigration and Nationality Subcommittee, who advised he will be traveling with Representatives Byron G. Rogers (D., Colo.) and Clark MacGregor (R., Minn.) to Warsaw and Prague probably departing sometime next week. It would be appreciated if a country briefing could be provided some time on Friday.

1. [redacted] Received a call from Mr. Gilbert LeKander, Administrative Assistant to Representative Frank T. Bow (R., Ohio), who related that a young man from their district has applied for employment with the Agency and is concerned whether his father's illness might count against him in consideration for employment. The father was retired from the Navy for mental illness some ten years ago. The son has just completed three years of "good duty" with the Navy. Mr. LeKander asked if we would advise what the Agency's medical policy might be in such a case.

He noted that if it were a question of selection of material for release at this time his staff would be able to work with whatever summaries or other outline could be provided. We gave the details of the episode, and Mr. Holt accepted the Department of State's position that the U.S. Government was not liable. He said this would take some care in answering, as the inquiry was from a U.S. lawyer who knew Senator Fulbright, but he would discuss the case with the Senator and try to answer along the lines that the Committee had investigated and was satisfied that the U.S. Government was not liable in this incident.

9. [redacted] Accompanied the Director who called on Chairman James O. Eastland, Senate Judiciary Committee, regarding S. 782 (Ervin bill). The Director explained our problems with Senator Ervin's request that the transcript of our hearing before the Subcommittee on Constitutional Rights be sanitized for publication, and our desire to obtain exemption from certain provisions of the bill. Senator Eastland agreed that the transcript should not be published, and said he understood our problems with certain provisions of the bill. He said he was at a loss to explain Senator Ervin's attitude in the matter. Senator Eastland suggested that we might contact Senators McClellan, Bayh, Hruska, Thurmond, Dirksen and Russell.

After our meeting with Senator Eastland, the Director instructed that I draft a letter explaining to Senator Ervin our reasons for finding it impossible to agree to publication of any version of the transcript and check this draft with Senator Bayh.

10. [redacted] Larry Conrad, Chief Counsel, Senate Subcommittee on Constitutional Amendments of the Judiciary Committee, (Senator Bayh is Chairman) called to say that he was working in Senator Bayh's behalf in connection with our problems on the Ervin bill. He explained that he had just talked with Marcia MacNaughton, of Senator Ervin's Subcommittee on Constitutional Rights, who had commented that the Ervin Subcommittee was meeting on Wednesday, 6 August, and wanted to report the bill out as soon as possible. She asked Conrad to try to work out a "limited exemption" for the Agency and NSA for consideration at the 6 August meeting.

Conrad expressed considerable concern over the fact that copies of the transcript of our 22 July hearing, although classified "confidential", were being freely disseminated among the Subcommittee members and staff officers with no security controls whatsoever.

25X1

11. [redacted] Called Chairman David Henderson, House Subcommittee on Manpower and Civil Service of Post Office and Civil Service Committee, and explained to him our problems with the Ervin bill and the terms we had in mind for a suggested limited exemption as requested by Larry Conrad (see above). Henderson said he thought we would have trouble with an exemption from a provision for the right of counsel for aggrieved employees, since Ervin was under heavy pressure from employee organizations in this connection. Henderson fully agreed we should strive for an exemption from the provisions giving aggrieved employees immediate access to Federal courts. He fully endorsed our suggestion that aggrieved employees should have access to the Employees' Review Board only after exhausting administrative remedies.

Senator Stennis said he was completely preoccupied with some urgent matters and unless our problem was urgent, he would like me to take it up with Mr. Braswell, Chief of Staff, Senate Armed Services Committee.

I talked with Mr. Braswell explaining to him our reasons for opposing publication. He said he was sure Senator Stennis would agree with our position but doubted Stennis would intervene directly with Senator Ervin. Woodruff seemed concerned about the Safeguard matter which he predicted might turn on a single vote.

Woodruff also expressed grave concern over SALT talks with the Soviets, remarking that in his view any agreement excluding on-sight inspection would be "disastrous." However, he said "the Fulbright crowd is riding high" and anything can happen.
