3. (Internal Use Only - LLM) Spoke with Angela Jakobowski, in the office of Representative John V. Tunney (D., Calif.), concerning their 30 July 1969 referral of [redacted] for possible employment and asked if they really wanted us to consider the case in light of the statement in [redacted] letter that he would like to try any kind of work ". . . with an exception od (sic) intelligence work." Miss Jakobowski said that the case had been referred to us at the suggestion of AID and State, but that obviously it was her oversight and she will seek to get a clarification from [redacted] as to whether he would object to consideration for intelligence work. She asked that we hold the referral until we hear from her.

OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 30 July 1969

1. (Internal Use Only - LLM) Mr. William Harrison, BOB, called requesting the Agency's position on the proposed amendments to the Military Personnel and Civilian Employees Claims Act. I told him that the Agency was in favor of raising the monetary ceiling and had so indicated to BOB in a letter dated 2 May 1969. I also told him that we had received a similar call from BOB about six weeks ago and had told the caller that if they could not locate our original letter we would be pleased to send a copy and the caller said she would let us know. I agreed to send a copy of the letter so that it could be on record in their file.

(Internal Use Only - JGO) Received a call from Miss Alice Wahler, assistant to Representative William Cramer (R., Fla.), who is interested in employment opportunities overseas in the broadcast field for a young constituent friend of Representative Cramer. Since the young man, although ostensibly well qualified in the broadcast field, has little or no college training, I advised that he probably would have difficulty in locating overseas employment with the Federal Government in any capacity other than broadcasting but that we would be pleased to provide employment forms for the constituent's use. 1. (Unclassified - JMM) On Saturday, 26 July, Dorothy Fosdick, Staff Director of the Subcommittee on National Security and International Operations, said that during the Senate ABM debate on 25 July Senator Fulbright had claimed that U. S. defense spending exceeded by 25 or 30 percent that of the Soviet Union. Miss Fosdick said Senator Jackson would like to be briefed on this subject. I said I was sure we could arrange this, but thought possibly Senator Jackson had been present at one of our earlier presentations regarding Soviet and U. S. military expenditures. She said if the Senator wanted to pursue the matter she would let me know. 25X1

Pincus and Paul, staff investigators of his Subcommittee, and it would be much more useful for us to brief them upon their return from their Far East trip than to brief the Senator. He said for this reason he did not think it necessary for [redacted] to come over and brief him. 25X1

Since Rivers was not available I referred the question to Mr. Blandford who called back later to say that he had taken the matter up with Rivers who would neither approve nor disapprove our complying with Zablocki's request, but would recommend that we take up the problem with Speaker McCormack since it raised a jurisdictional question.

(Confidential - JMM) Discussed with Boyd Crawford, Staff Administrator, House Foreign Affairs Committee, Representative Zablocki's request for a briefing of his Subcommittee on National Security regarding the Soviet MIRV program. Crawford checked with Chairman Morgan who agreed with our suggestion that the briefing be done by Mr. Duckett on an "unofficial" basis with no transcript or publicity. I thereupon met with Representative Zablocki and Subcommittee Staff Consultant Jack Sullivan, who agreed to this procedure and explained details which they wanted covered. (See Memo for the Record)

6. (Confidential - JGO) Received a call from Mr. Al Tarabochia, Senate Internal Security Subcommittee staff, who advised that he had learned from Cuban sources that on 14 July a band of Bolivians in the Concha Bamba area are alleged to have killed and then burned the man who gave away Che Guevara. W. Fulbright (D., Ark.) in floor debate on Friday, 25 July 1969. He advised further that one of his members had raised a question whether this meant that the Russians were cutting back on the number deployed and he himself found no such inference in Senator Fulbright's statements. I agreed that the Agency had not indicated any cutback in the program. This appeared to satisfy Mr. Murphy on the point. In closing the conversation he stated that it is his understanding that the President had indicated 67 launchers at a briefing on 14 March and that he would appreciate verification of this unclassified item. 1. (Secret - JGO) Talked to Mr. John R. Blandford, Chief Counsel, House Armed Services Committee, who advised that the Chairman will want a transcript of the Director's briefing of the full Committee on Tuesday. It was agreed that due to the content of the briefing, however, the Agency should maintain control of the transcript as in the past.

I referred Mr. Fleming to Mr. Jack Leahy, in the office of the Assistant Secretary of State, Legislative Affairs, as the appropriate source of information for an open response from Representative Pepper. Mr. Leahy has been advised.

I said Tuesday was out of the question because of the Director's appearance before the House Armed Services Committee but I would call back regarding Thursday. I said we normally preferred such Subcommittee briefings to be cleared with the Chairman of the full Committee and asked whether Chairman Morgan had been consulted on this. After checking with Chairman Morgan, Crawford advised that the Chairman endorsed Zablocki's request for a briefing. (See Memo for the Record for details.)

6. (Confidential - JMM) Called Frank Slatinshek, Assistant Chief Counsel, House Armed Services Committee, and informed him of the request to appear before the Zablocki Subcommittee. Slatinshek said he personally couldn't see how we could avoid complying, but thought Chairman Rivers and Chief Counsel Blandford should be informed in advance in case they have any strong objections. Since Rivers and Blandford were out of town for the weekend, Slatinshek agreed with my suggestion that we explain to Crawford that we normally discuss sensitive matters of this kind only before, or with the concurrence of, our parent Subcommittees and that therefore we want to check it out with Chairman Rivers before making a firm commitment.

7. (Secret - JMM) Mrs. Laird, Secretary to Senator Stuart Symington, called on behalf of the Senator to say he wanted to see me at 2:15 on Monday 28 July. (Mrs. Laird was not clear on whether this had to do with the briefing the Senator had requested on)

After consultation with [redacted] of the CA Staff, it was agreed that the Bureau of the Budget would inform Miss Turner that Radio Free Europe was a private corporation and that she should direct her queries to the Radio Free Europe offices in New York. Meanwhile OLC would talk with Miss Turner and make it clear to her that if Senator Gurney had a personal interest in this we would be glad to talk with him privately. Miss Turner called back a few moments later and said Senator Gurney had told her that he thought she should not press the Radio Free Europe question. Therefore, she was canceling her call. I thanked Miss Turner and asked her to tell the Senator that we appreciated his consideration and should he desire anything from us on this we would be glad to talk with him. I briefed Braswell on our hearing before Senator Ervin's Constitutional Rights Subcommittee on S. 782.

Braswell and I discussed the status of the ABM debate and he expressed the opinion that the ABM issue would come to a vote next week. In this connection Braswell said that he had been given the responsibility for sanitizing the record of the secret session of the Senate on the ABM and said that he might be in touch with DOD and ourselves on this. Later in the day Braswell called and said that if we wished to have the first crack at sanitizing the record of the secret session we could do so. He would like to get started on this some time tomorrow and in view of the ground rules imposed this year would like the security review to be done in the Committee offices. I told him I would be back in touch with him in the morning on this.

I mentioned the fact that the Daniels bill passed the House yesterday and indicated that we were delaying action on our retirement amendments, for the present at least, until we see what action the Congress takes on this. Braswell repeated his previous expression of opinion that the bill will be changed substantially in the Senate. He added, however, that any action taken on the Daniels bill should be reflected through amendments to the CIA Retirement and Disability System.

We should also briefly cover recent developments in ChiCom strategic capabilities and "trouble spots" such as the Middle East and Vietnam. Mr. Blandford and Mr. Slatinshek said the session would probably run from 10:00 A.M. to about 1:00 P.M. and they thought an afternoon session unlikely. (Secret - GLC) Talked with Bill Woodruff, Senate Appropriations Committee staff, and Bob Michaels, House Appropriations Committee staff, about the matter of funding of the Radios pending the approval of our appropriation. They advised that it was their feeling that this should be accomplished by month to month contingency withdrawals from the reserves. These withdrawals would be replaced when action is taken on our appropriations. Mr. John Clarke, OPPB, has been advised and we will draft appropriate language to accomplish this.

13. (Confidential - JGO) Met with Lawrence Baskir, Staff Director, Senator Ervin's Subcommittee on Constitutional Rights, and received from him a copy of the transcript of the Director's appearance before the Subcommittee on Tuesday, 22 July. It was agreed, unless other considerations are interposed later by Chairman Ervin, that this copy will be retained by the Agency and at such time as corrections are completed they will be transferred to the Subcommittee's master copy. No deadline was set for return of Agency corrections. On the matter of deadline, Mr. Baskir noted partially in jest that "since the Agency is obviously reluctant to publish the hearing" he would not set a date on his own authority.

I talked to Mr. Baskir later in the day concerning the classification of the transcript. Mr. Baskir advised that he would stamp the Subcommittee's copy "Confidential" and treat it as classified material. He also advised that he is ordering additional copies for the Subcommittee and will try to provide two additional copies for Agency use.

7. (Confidential - JGO) I talked to Senator Roman Hruska (R., Nebr.) after he left Senator Ervin's Subcommittee on Constitutional Rights. He characterized the situation as a toughy. It was his observation that Senator Ervin has his ideas and he is firm in them. He noted that Senator Ervin is highly reputed in the Senate and that he will be given credit when the bill goes back to the floor for having looked into the matter very thoroughly. Senator Hruska does not believe that Senator Ervin will change his position and does not believe that there is any real possibility of amendment on the floor of the Senate. On the merits he noted that the provisions of this bill pose a real problem and, as in the he personally is in agreement that the employer should be the judge of the employee's conduct. In parting he suggested if we had any further ideas to come by to see him. I thanked the Senator for his consideration.

8. (Confidential - JGO) Met with Mr. B. B. Bray, Associate Staff Director, House Post Office and Civil Service Committee, and advised him that the Director had appeared before Senator Ervin's Subcommittee on Constitutional Rights this morning. Mr. Bray advised that Representative David Henderson's (D., N.C.) bill is available on the back burner whenever he decides to put it in the hopper. Mr. Bray does not have a copy but once again advised that should it be needed it will provide adequately for the Agency's needs. He gave the impression that he feels it is good that the Agency is continuing to note its opposition to S. 782 in the Senate and that this might well be helpful if the matter does come to issue again in the House.

Mr. Bray also advised that the Manpower and Civil Service Subcommittee had unanimously reported the court leave bill in executive session this morning and that in all probability it will be going before the full Committee on Thursday.

(See Memo for the Record.)

3. (Confidential - GLC) Met with Senator James Eastland (D., Miss.) to advise him that Senator Ervin had agreed to let the Director appear before the Constitutional Rights Subcommittee on S. 782. The Senator appreciated our keeping him informed and commented "that you can get anything you want from the full Committee." I asked if he thought this would be the case even if the Subcommittee was against us and he answered yes. He said all we needed to do was have Senator John McClellan (D., Ark.) propose an amendment. Senator Eastland stated again that he was completely with us on this. I told him we would keep him informed.

7. (Secret - GLC) Hand carried to Dorothy Fosdick, Staff Director of the Senate Subcommittee on National Security and International Operations, additional material on the Communist Party Conference. This included statements made by some of the lesser known Communist leaders.

I took this opportunity to mention to Miss Fosdick that we had received information to the effect that some members of the press had indicated that the Agency provided Senator Jackson with confidential material on the Soviet leadership and that not all of this information was included in the Senator's speech. Miss Fosdick reacted to this by indicating that this was very closely held by them and expressed concern that the classified information provided the Senator might also be given to opponents of the ABM. 1. (Secret - GLC) Hand carried to Mr. Ed Hartung, Minority Counsel to the Senate Appropriations Committee, a copy of an intelligence report entitled The Technological Gap: The USSR versus the U. S. and Western Europe. This was provided in response to a request Mr. Hartung made to the Air Force. Hartung said he was preparing a letter and was hopeful that this report would be helpful in providing him with background information. Should he decide to draw on any information contained in the report, he will submit his letter to us in advance for security review.

2. (Confidential - GLC) Talked with Jay Sourwine, on the staff of the Senate Subcommittee on Internal Security, about his request of yesterday which was based on a newspaper column by Paul Scott. I told Sourwine that, since Senator Jackson was a member of our Subcommittee, he had access to a substantial amount of Agency information but it appeared that in his speech on the Senate floor the other day he had drawn principally on unclassified material which we had provided him on members of the Politburo. I told Sourwine we would be happy to provide him with this information. Sourwine said he had just returned from lunch with Paul Scott, who informed him that there was much more information in the Agency report used by Jackson than he had used in his column. Scott told Sourwine that information on the preeminence of Suslov was contained in the Agency material but had not been used by Jackson.

25X1 Mr. Sourwine said he would like to make the usual request for access to [redacted] "if and when he might be available to the Committee." While driving the Senator to Headquarters, I reviewed the background of the Ervin bill, and during breakfast Bayh commented favorably on the draft statement for the Subcommittee meeting on 22 July. The Director gave the Senator a general orientation briefing regarding the intelligence aspects of the Safeguard debate, etc. Mr. Duckett then answered the Senator's questions regarding Soviet weapons and Mr. Smith regarding the estimating process. The Senator appreciated the briefings and promised to do what he could in connection with the Ervin bill. He said he and his wife were visiting the USSR in August, and he accepted our suggestion for a defensive briefing prior to his departure. He would also appreciate some ideas on what Soviet personalities he might try to see, and what subjects to discuss with them.

Woodruff said he would be talking with Bob Michaels, of the House Appropriations Committee staff, on Thursday about the Radios and other matters and would be in touch with us following that meeting.

14. (Secret - GLC) Talked with Mr. Frank Slatinshek, on the staff of the House Armed Services Committee, about his inquiry on the Reader's Digest article by General Sejna. I told Slatinshek that Sejna's statements quoting Grechko on the Pueblo matter have been examined very carefully and for a number of reasons we are of the opinion that Sejna's allegations were a creation of his own. I added that this was being considered by USIB and we would be back in touch on this in a few days.

Talked with Mr. Slatinshek and Mr. Blandford about the scope of the Director's briefing of the full House Armed Services Committee which is tentatively scheduled for the week of 28 July. Friday - 11 July 1969

1. (Secret - GLC) Talked with Bill Woodruff, on the staff of the Senate Appropriations Committee, and advised him that the special clearances for Guy McConnell have been approved. I also urged Woodruff to get together with Bob Michaels, on the staff of the House Appropriations Committee, at his earliest opportunity to discuss the procedure to be followed concerning the funding of the Radios.
2. (Confidential - GLC) Called Winston Bryant, on the staff of Senator John McClellan (D., Ark.), to advise him of Senator Ervin's decision to allow the Agency to appear before the Constitutional Rights Subcommittee in executive session on S. 782. I told Bryant the appearance has been scheduled for the 22nd of July at 10:30 a. m. and expressed our sincere hope that Senator McClellan would attend.
3. (Confidential - GLC) Advised Oneta Stockstill, on the staff of the House Armed Services Committee, that the week of 28 July appeared to be the best time for the Director to brief the full House Armed Services Committee. Mrs. Stockstill said she will pass this on and be back in touch with us with a suggested date.
4. (Unclassified - GLC) Senator Joseph Tydings' (D., Md.) office called and suggested that I see the Senator at 2:00 p. m. on Thursday, 17 July. This has to do with our interest in approaching the Senator regarding an Agency employee with whom he has been in contact.
5. (Confidential - GLC) Mr. Houston advised that OGC had been in touch with the Library of Congress on the inquiry which originated with Representative Dante B. Fascell's (D., Fla.) Called Assistant Secretary of State Palmer to inform him of the above, explaining that I planned to tell Mr. Culver that the visitor was travelling as a private citizen and merely visited the Agency for a courtesy call and a discussion of routine matters of common concern. Palmer said this was contrary to his understanding. I asked if he had any suggestions. He didn't offer any but said he might be back in touch with me after discussing the matter within the Department.

3. (Unclassified - LLM) Mr. Boyd, in the office of Representative James T. Broyhill (R., N. 6. (Unclassified - GLC) Talked with Mr. Kronfeld, on the staff of Representative Robert Leggett (D., Calif.), regarding the Congressman's request for a briefing on SS-9s. I told him that the Agency had definite guidelines from Chairman Rivers and did not normally provide individual briefings. I added that, since the Chairman had expressed an interest in a briefing of the full Committee on this subject, we had contacted him regarding Leggett's request. The Chairman does not want the Agency to provide individual briefings on this and suggested that Mr. Leggett receive his briefing at an in-depth presentation before the full Committee in the near future. Kronfeld discussed this further with Mr. Leggett and subsequently advised that we could ignore Mr. Leggett's request, since he is taking it up with the Chairman.

7. (Confidential - GLC) Advised Dean Pohlenz, on the staff of Senator Roman L. Hruska (R., Neb.), that Senator Ervin had agreed to let the Director appear before the Constitutional Rights Subcommittee in executive session to explain the Agency's problems concerning S. 782. Pohlenz expressed pleasure and surprise that Ervin had made this move. He said Senator Hruska had talked with Senator Ervin about this and found Ervin "really dug in on this." Pohlenz said that he gathered that if Ervin had his way he would completely abolish the Agency. I told him this did not surprise me. In response to my question, Pohlenz said Senator Hruska would be in town on the 22nd and expected that the Senator would attend the hearings.

8. (Secret - GLC) Contacted Senator Joseph Tydings' (D., Md.) office to arrange an appointment to see the Senator on a sensitive Agency personnel matter. The Senator's staff will be in touch with me.

11. (Secret - GLC) In the absence of Representative Dante B. Fascell (D., Fla.), I talked with Mr. Michael Finley, of his staff, regarding the letter from the Library of Congress for information concerning Agency investigative personnel. I explained to Finley that our General Counsel's office was advising the Library of Congress that we would not be responding to their request which was being made as a result of a requirement on Congressman Fascell's Subcommittee on Legal and Monetary Affairs of the House Operations Committee. I asked Finley, however, to assure Mr. Fascell that we would be glad to discuss this matter with him personally if he desired anything from the Agency. I also asked for an opportunity to speak with Mr. Fascell about this at his earliest convenience. I left with Mr. Finley a copy of the Library of Congress letter to us.

12. (Secret - GLC) Met with William Woodruff, on the staff of the Senate Appropriations Committee, and briefed him on the latest information on Soviet ICBMs as well as the latest developments in the Sino-Soviet situation, scheduled visit of Soviet warships to Cuba, and the intensive air action in the Middle East.

I indicated that we would be perfectly happy to get together with them jointly or separately whichever they wished.

14. (Confidential - GLC) Picked up from the Subcommittee on National Security and International Operations, an advance copy of the speech which Senator Henry Jackson (D., Wash.) will be giving on the floor today and which includes considerable information on Soviet leadership.

3. (Confidential - JMM) Called Senator McClellan and told him of the word that Senator Ervin had reluctantly agreed to hear us regarding S. 782 in executive session on 22 or 23 July. Car.) to advise him that Senator Ervin had agreed to allow the Director to appear before his Subcommittee in executive session to state the Agency's problems on the Senator's bill, S. 782. Mr. Henderson said he was glad we were being given this opportunity to state our views and said if he could do anything to help us to please let him know.

5. (Confidential - GLC) Talked with Larry Conrad, Chief Counsel, Senate Subcommittee on Constitutional Amendments, to advise him that Senator Ervin had agreed to allow the Director to appear before his Subcommittee in executive session to state the Agency's problems on the Senator's bill, S. 782. Conrad said he did not see how the Senator could have done otherwise and not be subject to severe criticism. 6. (Secret - JGO) Received a call from Miss Varney Porter, Senate Foreign Relations Committee staff, who is doing the final editing of the changes in the transcript of the DCI/Laird testimony of 23 June. Miss Porter indicated that in lines 22 through 26, page 167 of the transcript, Department of Defense advised that the statement made at that point by the Chairman could be retained in the published statement provided the quotation marks at the beginning and end of the statement were removed. Agency security review had requested deletion of the entire statement. Miss Porter indicated that as far as she knew this is the only point of inconsistency in the security deletions requested by the Agency and DOD. After review Miss Porter was advised that the Chairman's statement might be retained in the published statement provided the quotation marks were removed. Miss Porter was most appreciative.

12. (Secret - JGO) I returned to Mr. Robert Michaels, House Appropriations Committee staff, the copy of the jacket distribution slip relating to the GPO distribution of printed hearings of the Safeguard ABM System and advised that the five copies set forth thereon for CIA is the standing Agency order for copies of Defense Subcommittee hearings. The other item relating to CIA was included by GPO at their own initiative. Mr. Michaels thanked me for the information and indicated no further action is desired in this matter. See Journal item of 13 June 1969.

(Confidential - JGO) Met with Mr. Robert Michaels, House Appropriations Committee staff, who provided copies of the Committee internal correspondence relating to a North Korean warfare training film that ostensibly has been shown to some members of the Congress. OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 2 July 1969

1. (Secret - JGO) Met with Mr. Arthur Kuhl, Senate Foreign Relations Committee staff, who advised that the corrected transcript and a covering memorandum forwarded by the Defense Department were received Tuesday evening, but the content of the memorandum coupled with Secretary Laird's request that the memorandum be included in the published transcript required determination by the Chairman which is delaying sending the transcript to the printers. It is Mr. Kuhl's feeling at this point that if galley proofs can be obtained by the end of the day on Thursday the Chairman will probably request corrections by Monday and forward them to the printers on Monday. Since this matter is rather indefinite at this moment, however, he advised that he would call me in the morning or as soon as definite information is available during the day.

2. (Secret - JGO) The four Committee copies of the transcript of the DCI/Laird testimony of June 23 before the Senate Foreign Relations Committee were forwarded to the Committee for their use and returned to the Agency for safekeeping at the close of business. The transcripts will be returned to the Committee for their use on Thursday morning, 3 July.

3. (Internal Use Only - LLM) Confirmed with Lloyd Salvetti, Administrative Assistant to Representative Hastings Keith (R., Mass.), the proposed visit to Headquarters on 10 July 1969 at 8:30 a.m. [redacted] OCI, will also attend the session.
