OFFICE OF LEGISLATIVE COUNSEL

Monday - 10 February 1969

1. [redacted] Called Mr. Sam Papich, of the FBI, re our coordination efforts in connection with the Ervin bill. I said one of my contacts on the Hill had suggested that H. Allen Smith, a former Bureau agent, might help us. Since Smith and Representative Charles Wilson are from California, I suggested that Smith might sound out Wilson about granting the Bureau and the Agency exemptions from Representative Wilson's bill (the House version of the Ervin bill). Papich said he would pass this suggestion along to the Bureau's congressional liaison people.

[redacted] Spoke to Larry Conrad, Chief Counsel, Senate Subcommittee on Constitutional Amendments, concerning the Ervin bill (S. 782). Conrad said he had been informed by Paul Woodard, of the Ervin Subcommittee, that no hearings are planned and it is expected that the Subcommittee will report the bill out, as will the full Committee, for an early vote on the floor.

On the question of the Arthur Flemming Award, Conrad said he was unable to attend the meeting and sent Larry Cummings, of Senator Bayh's office, to sit in for him. Conrad was unable to furnish any information on the meeting.

7.

[redacted] Spoke to Franzetta DeGooyer, on the staff of the Senate Subcommittee on Immigration and Naturalization, concerning their request for information [redacted]. Mrs. DeGooyer said Senator Hartke had not reintroduced the bill and they will put in a new request for information if and when he does.

8.

[redacted] Hand carried to Robert O'Brien, in Speaker McCormack's office, a copy of a 1966 OER publication entitled "Foreign Trade of the European Satellites in 1965: A Statistical Summary (ER 66-27, November 1966)". I had previously advised O'Brien that another publication which he requested had been printed in a study prepared by the Joint Economic Committee. I explained our policy with regard to publications of this sort and asked O'Brien to restrict the distribution of these documents as much as possible.

12.  Met with William Woodruff, on the staff of the Senate Appropriations Committee, to keep him up-to-date regarding our thinking on the Ervin bill. Woodruff still feels we should pursue this matter in the Judiciary Committee through Senator Birch Bayh (D., Ind.) and that the Director should raise the subject at the next meeting of the CIA Subcommittee. Woodruff said he could give no guarantee that the Director would not receive a somewhat negative reaction from Senator Russell but he feels that the Agency should bring it to the attention of the Subcommittee meeting involving legislative matters which are of concern to us.
