Mr. Preston noted in passing that he had spent a good part of the weekend with the Chairman and that by his present schedule appropriations hearings this year will be completed by 15 June. Mr. Preston's schedule is such that he is not able to set a time for a visit to Headquarters for continuation of Agency briefings, but he will schedule a visit as soon as possible. He also advised that he will call me later in the week and arrange to review the Agency classified documents he is holding.

Mr. Preston noted that Mr. Bow will be sitting in the Defense Subcommittee hearings during Mr. Lipscomb's absence. With regard to the CIA Subcommittee, he advised that it will probably operate on a three-man basis for the foreseeable future. Mr. Preston noted further that Chairman Mahon never mentions the membership of the CIA Subcommittee. This membership should be considered to be classified at least at the "Secret" level.

4. (Secret - JGO) Met with Mr. Homer McMurray, office of the Official Reporters to House Committees, and made the necessary arrangements for security control of the transcripts of the Director's appearance before the House Appropriations Defense Subcommittee on 3 and 4 February.

5. (Internal Use Only - JGO) Received a call from Jo-Anne Coe, Assistant Secretary to Senator Robert Dole (R., Kans.), who inquired on behalf of a constituent employed by the FBI whether evidence of termination of employment with the Bureau is normally required by the Agency. The constituent had apparently been given this impression from a meeting or interview with an Agency representative. After checking with the Deputy Director of Personnel, I advised Miss Coe in part that we do not undertake active consideration of employment applications of individuals while they are employed by the Bureau. Miss Coe expressed her appreciation for the prompt reply.
