3 [redacted] - Now that the retirement annuity for Mrs. [redacted] has been settled, Colonel White suggested that I inform her of this factor. I asked Personnel to prepare a draft for me stating exactly what I should say in view of the technical factors involved. I then learned that [redacted] is on a cruise and will not return for two and a half weeks. Accordingly, I have delayed all action until her return. [redacted] will advise me when she returns.
