DIARY NOTES

DD/S

11 May 1966

25X1A 1. Speeches, Publications--Identification of CIA: Colonel White called to say that [redacted] some time ago was given the job of giving him a paper on the policy of CIA attribution by employees writing privately for outside publication or making speeches. This has not been completed and I asked Howard Osborn to take over this job. There are a number of actions in process on this subject and Mr. Osborn should cull the best from all of them and come up with a policy statement as to what employees may do in this area and whether or not attribution should be made. Mr. Helms raised this same point in the Executive Committee meeting of 10 May as a result of Congressional criticism of [redacted] wherein no Agency attribution was given.

25X1A

2. Printing Services Division: Mr. Chapin saw me twice concerning a complaint of discrimination raised by [redacted] PSD. If the 25X1A report is correct, there are indications of some problems in this area which have to be investigated to determine the true facts. Ways and means of handling this were discussed. I advised that we should wait until next week when George Meloon returns and then have a meeting of Messrs. Meloon, [redacted], 25X1A Earman, Chapin, and Warfield to lay out arrangements for an Inspector General survey including consideration of discrimination complaints. Since the complainant did not want to openly reveal his name, I did not want any indication of subterfuge which anyone might take advantage of and accordingly it should be stated clearly to all employees of PSD that the survey includes inquiry to any comments or complaints about discrimination.
