DIARY NOTES

DD/S

23 August 1966

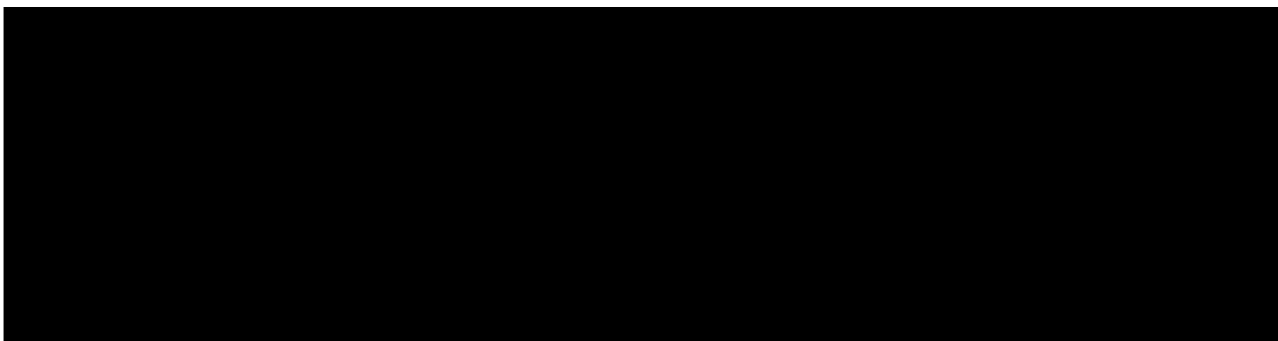

25X1A

2. Building Light Switches: We have had several reports as to what is wrong with the light switches and the corrective action to be taken. I am not entirely satisfied with either the explanation or GSA's attitude. I plan to call the Office of Logistics to take more positive action.

3. RLB Jury Duty: While I was originally scheduled to start jury duty with the Fairfax County Circuit Court on 23 August, this has been delayed to 1 September. Presumably this will last for the month of September.
