1. Showing of DCI Swearing in Ceremony at the White House: We have obtained the color film of the ceremony at the White House and had a preview this morning which was attended by the Director, Colonel White, and others. It is a good film. Arrangements have been made for noontime showings, four shows each, on 15, 18, 19, and 20 July for DD/P, DD/S&T, DD/I, and DD/S respectively. Additionally, we will show the film in the Rosslyn area, TSD area, [redacted] In the next few days we will determine how many copies will be needed for Agency use both at headquarter [redacted] and whether or not copies should be produced for overseas dissemination. Copies should also be made available for the Director and several others.
