ANNOUNCEMENT

Published today, by America's Future, Inc., 542 Main St., New Rochelle, N. Y., 10802, is a pamphlet entitled "The Enemy's New Tactics." It contains a series of editorials under the same title, recently published in the SUNDAY NEWS and dealing with current U.S. Communist Party maneuvers in the Reds' unending struggle to overthrow the U.S. Government. Price: 25c a copy postpaid, lower rates on quantity orders. THE NEWS is making no money out of the project—and we hope the pamphlet will be as well received and widely approved as were the original editorials on "The Enemy's New Tactics."
