**MEMORANDUM FOR:** Director, Office of Basic Intelligence

**FROM :** Chief, Collection Guidance Staff

**SUBJECT :** Response to CCPC Recommendation on Exploitation of Photographic Information

1. The attached memorandum from the DDCI concerns Agency actions on certain USIB-approved recommendations of the Critical Collection Problems Committee's study of the China intelligence problem. It assigns primary responsibility to the DD/I for Agency implementation of Recommendation C -- that dealing with the need to exploit photographic information more fully for basic area analysis and for developing general analytic and operational aids. Within the DDI, the Collection Guidance Staff has been given general monitoring responsibility for the several DD/I assignments.
