25X1 1. [redacted] [redacted] Caribbean Area, 25X1A
WH, advised that all possible sources within WH and CINCLANT, were checked with negative results for possible information concerning the missing vessel [redacted] one of the owners. [redacted] doubted that the vessel had been seized by the Cubans and might be in a Cuban port. He noted our inquiry and will notify us immediately should any information develop. Mr. Bill Burke (201-523-5152) in the New Jersey office of Representative Robert A. Roe (D., N.J.), who made the inquiry for a constituent was called and notified accordingly. He was most appreciative. Should any information develop in the future he asked that we call him or Olga Wentz (225-5751) in Representative Roe's office who is familiar with the case.

25X1 2. [redacted] Met with Mr. Ralph Preston, House Appropriations Committee staff, who was most interested in the press reports of Representative Lucien Nedzi's (D., Mich.) statements concerning the new intelligence Subcommittee of House Armed Services. Mr. Preston was certain that these statements coming from Representative Nedzi would be of concern to Chairman Mahon. I provided Mr. Preston with a copy of the Committee statement of purpose for the Intelligence Subcommittee together with membership of the Subcommittee. Mr. Preston told me also that only minor changes not related to the Radios are anticipated in the continuing resolution on the Senate side which hopefully would be accepted by the House avoiding any need for conference on the continuing resolution.

I briefed him on the following items: ChiCom accelerated MRBM troop training program, water-level tunnels, movement of TU-16's; Hanoi officials visiting Moscow; Pakistani concern over Indian military preparation; Soviet Ram-F, airborne strategic command posts; [redacted] 25X1

7. [redacted] Met with Representative William Bray (R., Ind.), and briefed him in response to his question concerning Soviet sensitivity over Dzhambul and the Talus River area that there are no known strategic installations in the area which would appear to make the Soviets reluctant to permit western visitors in the city or in the nearby area. The area is not permanently restricted to western military attaches. See Journal of 27 July 1971.
