25X1   10. [   ] A suggested reply to a letter from a constituent was discussed with Miss Barbara Little, in the office of Senator John Tunney (D., Calif.). The constituent requested assistance to secure and review any information maintained on him by the CIA. The reply noted that the Agency had no internal security responsibilities and Miss Little stated she would follow the suggested language.

25X1   11. [   ] Delivered to the offices of Senators William Proxmire (D., Wisc.), George McGovern (D., S. Dak.) and Henry Jackson (D., Wash.) FBIS items in which their names were mentioned.

25X1   25X1A   12. [   ] Accompanied Mr. [   ] WH Division, to a briefing of Dorothy Fosdick and Richard Perle, Senate Subcommittee on International Security and International Operations staff, on Cuban refugee programs. The briefing went very well and seemed to satisfy their needs.

25X1A   [   ] made reference to statements made by Prime Minister Fidel Castro during a recent speech with respect to hijacking. A copy of the FBIS transcript of these remarks will be provided the staff.

25X1   13. [   ] Ambassador Wymberley Coerr, INR, Department of State, and Carl Salans, Deputy Legal Adviser, Department of State, called regarding draft comments which they are preparing for submission to OMB for clearances on S. 1887 and S. 2224.

Their draft on S. 1887 (the Church bill which would preclude the Agency from engaging in paramilitary activities) merely states that they would be opposed to enactment of this legislation.

The draft report on S. 2224 (Senator Cooper's bill requiring the transmittal of intelligence information to the Congress) raises the points of the security hazards of such wide dissemination of this information, the conflict with the proper role of the Secretary of State in informing the Congress on information pertaining to foreign policy, and the purely executive function of the Director in exercising his role as the principal foreign intelligence adviser to the NSC.
