[Redacted]

1. [Redacted] In connection with a query which the Director of Personnel received from the Department of State regarding Senator Peter Dominick's bill (S. 939) to provide for a U.S. foreign corps, I contacted Mr. Steve Wexler, on the staff of the Subcommittee on Education of the Senate Committee on Labor and Public Welfare, and Mr. William Young, on the staff of Senator Claiborne Pell (D., R. I.), who is Chairman of the Subcommittee. I advised both Wexler and Young that we were following up on what we understood to be a query from Pell to State Department witnesses (Howard Mace and Joseph Toner) at hearings on this bill yesterday to ascertain whether the Agency concurred in State's objection to this legislation. I indicated that we were reviewing the State Department's position on S. 939 and would be in touch with the Senator and the Subcommittee. I added, however, there was tentative feeling that this was a matter of primary interest and concern to the Department of State.

The Office of Personnel is formulating an Agency position on S. 939.

25X1

[Redacted]

2. [Redacted] Mr. Robert Hull, Department of State, called to discuss statements in a proposed letter from Mr. Macomber to Chairman Fulbright, Senate Foreign Relations Committee, comparing the major benefit provisions of the Foreign Service Retirement system with the CIA retirement system and the Civil Service system as it applies to FBI personnel. In response to his question I told him the statements relating to CIA provisions were accurate.

Hull also gave me further background on State's appearance before the Pell Subcommittee on Education on S. 939, U.S. Foreign Service Corps. (See Memo for Record.)

1. [redacted] Called Bill Woodruff, Counsel, Senate Appropriations Committee, to verify figures regarding our Laos operation as revealed in the secret Senate debate of last December. Woodruff said that the transcript contained references to [redacted]

25X1A

After checking with the Director I called Mr. Gerber, in the office of Senator Stephen Young (D., Ohio), to say that I was ready to meet the Senator at his convenience and give him the figures he had requested. Gerber spoke of arranging a time for my "briefing" and I said that I understood the Senator only wanted the figures on the amount we were spending [in Laos] and this was all I was prepared to provide--I said I didn't want to make a date with the Senator under false pretenses but I understood that his inquiry concerned only the amount of money the project was costing.

After consulting with the Senator, Gerber called back to say the Senator would like me to "come over for a talk" at 4:30 p. m., Monday, 2 February. I again explained that I could come over and provide the figures in question, but this was all I would be in a position to do. Gerber indicated he thought this would be satisfactory.

25X1

2. [redacted] Bill Wells called and advised that Gerald Britton, of OSD/ISA, had been approached by Senator Stephen Young's (D., Ohio) staff for information on the Meo situation. I advised Wells of our dealings with Mr. Gerber, of Senator Young's staff, on this same question. Later in the day, ISA's Legislative Liaison Office referred Gerber back to us again.

8. [] Met with Mr. James Lowenstein, Senate Foreign Relations Committee staff, and received from him copies of the staff report of his trip with Mr. Moose to Vietnam. Mr. Lowenstein noted that publication had been forced by an apparent release of a galley proof of the report. In our short conversation he was very complimentary of the Agency people that he dealt with in the field and in particular Messrs. [] He also noted that although we probably would not like the report at least the Agency would understand it.

9. [] Met with Mr. Frank Slatinshek, Assistant Chief Counsel, House Armed Services Committee, who told me that definitive dates for Committee posture hearings have not been set. In all probability the beginning date will not be until March. He advised also that Mrs. Rivers' operation had been successful. The Chairman will probably be returning to the city on Tuesday.

I briefed Mr. Slatinshek on several items of current intelligence interest. (See Memorandum for the Record.)

10. [] Mr. Lou Gerber, in the office of Senator Stephen Young, called and said that ISA had directed him to the Agency for information the Senator wants on Laos. He confirmed this involved the same information on which he had contacted us yesterday, explaining that the Senator did not want to go through the innumerable steps involved in getting and then locating in the classified 15 December transcript the cost figures for sustaining the "Meo army." Mr. Gerber asked if someone could meet with the Senator at 9:30 a.m. tomorrow and I said I would see what could be done.

1. [redacted] Talked to Ralph Preston, House Appropriations Committee staff, concerning the Committee staff personnel who are scheduled by the Committee to attend the Director's briefing on 3 and 4 February. I advised Mr. Preston that certain upgrading of the security clearances will be necessary for access to the level of information which will be given by the Director. Those individuals are Messrs. Murphy, Foster, Michalak, and Nicholas. I also advised Mr. Preston in response to his query that I thought it would be possible to complete the clearance processing prior to Tuesday, 3 February, so that their attendance would be permissible. Additional biographic information was provided by Mr. Preston on Mr. Robert C. Foster.

3. [redacted] Ed Braswell, on the staff of the Senate Armed Services Committee, called and said that at a luncheon meeting with Senator Stennis yesterday Secretary Laird commented that they had a good briefing on the 'threat'. Secretary Laird said it was a combined DIA/CIA briefing and he would make Mr. Helms available for this briefing if Senator Stennis desired. Braswell said that he and Senator Stennis discussed this and decided not to have a combined briefing on this. As a consequence DIA will brief the full Armed Services Committee for 33 minutes this Thursday morning prior to a Committee business session. In connection with the Laird briefing offer, Braswell expressed concern as to whether the Secretary was making a similar offer to other Committees.

4. [redacted] [redacted] and I explained to Ed Braswell that the Director fully agreed with Chairman Stennis that he should testify on the strategic threat separately, rather than jointly with DIA witnesses.

Braswell said he had no specific guidance from any members of the Committee as to what they wished covered in the Director's 30 January testimony, but presumably they would wish him to update the items covered during his last appearance.

Brotzman said Gillies had just been in his office this morning and he believed Gillies had now been straightened out as to the facts. The Committee amendment will be offered to establish an advisory committee to assist the Civil Service Commission in the study outlined in H.R. 13008. The other amendment is of interest to the Agency. It will provide authority for the Civil Service Commission to exempt agencies from inclusion in the study where necessary for good cause. 1. [redacted] Guy McConnel, on the staff of the Senate Appropriations Committee, called on behalf of Bill Woodruff and asked if the Director could brief the combined Senate CIA Subcommittees this Wednesday or Friday, 28 or 30 January. I later advised Woodruff that Wednesday was a National Security Council meeting day but that the Director could adjust his schedule in order to give the briefing on Friday. Woodruff subsequently confirmed this for 10:30 a.m. Friday, 30 January, and said the invitees (Senators Fulbright, Mansfield and Aiken) would be included. He said the briefing would be the usual world wrap-up covering the Soviet and Chinese missile threats and such "hot spots" as the Middle East, Vietnam and Laos. He also said that we should be prepared to discuss Bolivia.

Mr. Preston noted in passing that he had spent a good part of the weekend with the Chairman and that by his present schedule appropriations hearings this year will be completed by 15 June. Mr. Preston's schedule is such that he is not able to set a time for a visit to Headquarters for continuation of Agency briefings, but he will schedule a visit as soon as possible. He also advised that he will call me later in the week and arrange to review the Agency classified documents he is holding.

Mr. Preston noted that Mr. Bow will be sitting in the Defense Subcommittee hearings during Mr. Lipscomb's absence. With regard to the CIA Subcommittee, he advised that it will probably operate on a three-man basis for the foreseeable future. Mr. Preston noted further that Chairman Mahon never mentions the membership of the CIA Subcommittee. This membership should be considered to be classified at least at the "Secret" level.

I reminded Lucier that we do not have any internal security responsibility and go to great length to avoid any situations from which the contrary could be implied, as in the instant case. According to Papich, the Bureau has never "opened a file on the case" but is having difficulty in appeasing Brotzman and Papich asked if I would be willing to accompany a Bureau representative in calling on Brotzman to clear up the situation.

25X1A

I told Papich that, in response to Brotzman's query to the Director, I had on 8 January told David Delcour, in Brotzman's office, that the Agency had never had any contact with [redacted] but, at the request of University authorities, had made inquiries of local law enforcement agencies and been assured that

I said I had suggested to Delcour that if they wished to pursue the matter further they might contact local police or FBI representatives, since the Agency would have no jurisdiction in such a case even if foul play were involved. (See Journal of 8 January 1970) Papich said on the basis of the above he would try to straighten out the matter and would let me know if there were further problems.
